Approach and Talk to a Girl - J. Covey 2019-09-24

Nervous to Approach and Talk to Women 1-on-1? Wipe Your Tears - The Final Solution is Here... [Currently, buy the Paperback and get the Kindle eBook included for free. Soon, it won't be free] If anyone had told me I'd be amazing and confident in getting women some years ago, I wouldn't believe. I have been through what you're going through. I was scared to approach and talk to the women I liked. After so much frustration, I decided enough was enough-just the same way you have finally decided and ended up here, which is the best place to discover all the things dating gurus will never tell you about approaching beautiful women the right way. In Chapter 1, WWWWW, we gave a list of words that'll appear as we learn the craft of approaching a woman. We discussed the only two types of ways to woo her which are ID (In-Direct opener) and DO (Direct Opener), and how they're applied with examples. We looked into nervousness. We looked into the Five WWWWWs of starting a conversation with a woman which are: Where, When, Why, What, & Which. And we finally added extra examples of DO and ID. In Chapter 2, Operation Rejection, shortened as ORej. We talked on approaching women while having rejection as your most important outcome. If you're not rejected, it's a failure. Being rejected is a success. We looked into 7 different "How Tos" which are: how to woo a seated girl (in any settings); how to woo in class, school, gym centers, gatherings, events and parties; how to woo at the workplace or in an office; how to woo a girl who makes you nervous; how to woo a stubborn girl; how to woo a girl at the market or mall, and how to woo a girl on the queue (any queue) with some examples for each. In Chapter 3, ON/OFF, we discussed how Push and Pull (PP) works with some examples. We talked on the types of push and pull. We also looked into things you'll

have or be that'll make you never to be nervous around girls. We gave an example on building rapport with Sad Anchor and other explanations. In Chapter 4, look inside to see what it's all about. In Chapter 5, Accidental Accusation, we talked on how to accuse a girl to start a conversation. This technique gets a woman hooked with curiosity. We looked into psychological compliments and humor with some examples of how they work. We briefly discussed how to treat a woman and how to book a date. I told some personal stories and gave some examples. We also discussed one of the keys to dating. We talked about flaking and how to handle women's insult and convert them to compliments. In Chapter 6, Legends' Magic. This is one of the most important chapters, because we gave some brief explanations on other things and finally looked into the magic formula to come up with your personal conversations. We discussed the mighty EARTH formulas. The three types and gave an example of each. We have iEarth, EARTH, and EARTHics. In Chapter 7, Kidding, we gave a list of childish and stupid pick-up lines which will not make sense to men, but women will laugh when they hear some of them. We gave an example on iSHY wooing/chatting technique. In Chapter 8, Mindset. We talked on how you should not start a conversation from the beginning, but always from the middle. We talked on how to woo a lady you haven't seen before. We equally discussed how to use arrogance and humor to woo a lady. We discussed a good-bad boy and a typical bad boy and much more Finally, we revealed something that'll FOREVER change your life in the dating game and stay ahead of other men with picture illustrations. A secret you can't find anywhere online or offline. Who Else Wants to Know What She's REALLY Thinking About RIGHT NOW? Did you know that we say far more with our bodies and faces than we ever do with our words? Body language is a huge part of human interaction - but it's often completely ignored or misunderstood. If you want to know how to read the signals she's giving you and find out if she's looking at you as more than just a chance meeting, then you've come to the right place. Would you like to tell at just a single glance exactly what's going on in her mind? Just like you, we're frustrated that all the books, resources and courses out there on body language focus on exactly the wrong thing: what a facial expression or a gesture means in isolation. That's not how it works - our body parts work in harmony to create an overall message. That's why we've written this book - because we know that the secret of finding out whether she's interested in you lies in more than just one pout or a flick of her hair. We want to show you how to understand her body so that she can finally get that message across to you. That message that she's been sending all along... Give Us ONE Day and We'll Hand You the Keys to Her Mind And we'll do it for less than the cost of a cosmopolitan. Even if you've never heard a single

fact about body language before, you'll find out in this book what a powerful tool it can be both for you and for her. Knowing Whether She's Interested or Not in Just a Few Moments IS Possible, Even if You're a Complete Beginner You'll learn how to spot the most important signals and weigh them up in the right context to tell what she's trying to say. Within this guide, you'll discover: • Why her eyes really are the windows to her soul • What she's telling you through her gaze • The secrets behind her smile • Is it a good thing or a bad thing that she's touching you • What it means when her gestures are exactly the same as yours • How to use her body language to tell if she's interested now • How to tell if she's still interested in you when you're in a relationship • And a whole lot more... This Guide Will Save You Over \$500 on a Useless Course You'll find plenty of courses out there for people who want to learn body language, but why would you risk wasting at least \$500 and hours upon hours of your time on something that may or may not work? The Noble Art of Seducing Women - My Foolproof Guide to Pulling Any Woman You Want - Kezia Noble 2012-02-23

Have you ever dreamt of becoming an infallible seducer of women? This book tells you everything you need to know, courtesy of the world's only major female PUA (pick-up artist), Kezia Noble! Unknown until a couple of years ago, Kezia was approached by the organisers to attend a PUA class meeting. She gave it to the other attendees straight, not caring if she offended anyone; the men took it on the chin and took her constructive criticisms on board. Within days and weeks they were trying out her suggested techniques and starting to become more successful with women. Kezia returned to the PUA classes and started to make a name for herself. Kezia Noble is the first woman to offer the aspiring pick-up artist advice on how to attract women from a woman's point of view. She now runs many classes and a workshop, and even produces corporate videos on the chemistry of attracting women. Now, in answer to requests from her students, Kezia has written a book on the 15 steps to becoming a master seducer - which will also prove an invaluable aid to men who cannot afford her classes, who work too far away or don't have enough time. The Noble Art of Seducing Women is the first and only sure-fire pick-up guide to be written by a woman. It has the potential to transform a lonely man into someone who need never be single again . . . unless, of course, he wants to be. Kezia Noble works with her students instead of belittling them. As a sensitive and intelligent young woman, she is becoming known as the best PUA in the business...

Alpha Male - Steve Dean 2021-02-02

Do you want to develop a charismatic personality to dominate your life like a true Alpha Male to the Success to the Wealth and Freedom? If yes, then keep reading... One of the best things that you can do with texting is to raise the mutual attraction that you have with this woman. Of course, you are already interested in her, that is why you are looking to begin texting her in the manner in the first place. Now the hard part comes of raising the attraction that she has in you. If you are both getting along well and things are progressing, it is a good idea to use some texting in order to increase this attraction and get to an even deeper level in the relationship. Here are some ways that you will be able to raise the mutual attraction and make the relationship mean more to the both of you. One way that you will be able to raise the mutual attraction that the both of you have is to keep the conversation playful and adventurous. Sure you can have a few conversations asking when she would like to meet up or asking how her day has been, but when it comes time to make the texting work for you in progressing the relationship (which we know you want at this point right?), you need to be able to make it fun and exciting for the both of you. Sorry to say, no woman is going to fall in

love with a guy who is bad at conversation or who makes it really boring to talk to them because you do not know how to text. Keeping it playful and a bit adventurous is going to make it more fun and will progress the relationship to the point you both want. Here are some of the steps that you can take in order to make your date texting better for the both of you: Be bold and playful-this might be difficult in the beginning, but after getting more used to your partner you will find that this is easier to do. You will be teetering on the edge of being cocky while still funny, making her laugh in the process and having some fun. You should have a playful banter that goes back and forth and is a little bit silly to make the both of you laugh and feel like you are connecting on a deeper level. Do not become needy-sometimes it is easy to just bug your partner and make them feel like you have nothing else to do with your day then to text them nonstop. While it is great that you have an interest in talking with them and finding out how they are doing, you need to share some time telling them some of the things that you have done. Instead of just asking them what they are doing all of the time, add in what you are doing. Say something like I am at the store getting some groceries, how about you? Keep most texting brief-there will be times when the two of you might spend all day talking together and sharing secrets with each other, but this does not have to be every day. There will be times, especially in the beginning, when you just share a few quick texts and that will be enough. You do not want to start off too intensely when the relationship is new. This book gives a comprehensive guide on the following: What is an alpha male? A modern perspective How to take control of your attention How posture affects your physical and mental health The psychology of the alpha Ditch the friend zone and get her to crave for you Why equality is bulls**t, and why you shouldn't compete with men Alpha males have supreme confidence and security in themselves How to exude confidence Developing your physical appearance How you should dress How to approach women without being creepy How to break the ice with girls Charisma is king Self confidence strategy - rock your body How to create an intriguing conversation out of thin air AND MORE!! interesting to say, and the ability to HOLD HER INTEREST.3: Get a date with her.This book will not teach you how to have great relationships. It will not make you a better lover. It won't get your dog to bring you your slippers. We just don't care about any of that. We will give you the ability to walk up to any girl you see and get a date.If you have absolutely no confidence, or you feel you need some magic pill to meet women, or you want to learn how to scam on women on internet dating sites, buy some other book. These techniques work, and we teach them to you in a way that is so easy, so simple, so unbelievably sneaky, that YOU WILL NOT BELIEVE THEY CAN WORK, but they have already worked for thousands of men and they will continue to work, whether you believe us or not.
