

Bisexual Lives

Queer Adolescence - Charlie McNabb 2021-02-15

Find out what it's like to go through puberty as a lesbian, gay, bisexual, transgender, intersex, or asexual teen. What do you do when Mom says, "You're a woman now!" but you know you're not a woman? Or when Dad keeps asking when you're going to bring a girlfriend home, but you're not interested in girls? Puberty is an awkward and confusing time for anybody, but for queer youth, feelings of social and physical discomfort can be heightened. Adolescence should be a time for making social connections and exploring new ideas, but many queer youth must also wrestle with complicated identity questions, familial and social bigotry, and difficult decisions about whether to be safe or authentic. In this accessible book, personal accounts mingle with factual information and sensitive analysis to provide a snapshot of the joys and concerns of American lesbian, gay, bisexual, transgender, queer, intersex, and asexual adolescents. Whether you're a parent, a clinician, a teacher, or a queer person, this book will answer many questions and offer a way forward. Includes: Personal narratives and discussion about the unique challenges faced by LGBTQIA+ youth in adolescence Concrete action plan for parents, teachers, and clinicians to better support the queer youth in their lives Vital glossary of up-to-date LGBTQIA+ and puberty terms Highly recommended queer-inclusive sex education materials

Working-Class Gay and Bisexual Men - George Alan Ableby
2020-12-17

How well does social policy serve this understudied population? Although public policy and social programs responding to the AIDS and hate crime epidemics of the past decades are supposed to be designed for the working-class gay man, in actuality they have been based more on socioeconomic bias, stereotype, and anecdote than on social science.

What do these men actually want and need? How well do programs work for them? The answers are found in *Working-Class Gay and Bisexual Men*, the landmark international study that is among the first to empirically examine the lives, attitudes, needs, and concerns of this hidden population. *Working-Class Gay and Bisexual Men* reports on research conducted throughout the United States, Canada, Australia, and New Zealand using a broad-based sample of working-class men. Using ethnographic techniques, researchers systematically captured and analyzed the social themes of their lives. The impressively detailed and consistent results should compel policymakers to rethink their assumptions about working-class gay men. This carefully conducted scientific research project also provides a forum where the men's own voices can be heard. Topics include: What gives them the strength to cope with violence, homophobia, AIDS, and discrimination? How can they come out to their families, friends, and coworkers? How do rural gay and bisexual men handle their isolation? What kinds of social support networks do they have? How do Latino gay men handle the double discrimination of gay and minority status? What kinds of social services would reach these men? What are the risk factors and protective factors in their lives? How do socioeconomic factors affect them? *Working-Class Gay and Bisexual Men* is a powerfully persuasive work of scholarship with broad-ranging implications. Social workers, policymakers, AIDS activists, and anyone else concerned with the lives of gay and bisexual men will find this informative study an essential tool for designing effective programs.

Intersectionality, Sexuality and Psychological Therapies - Roshan das Nair 2012-04-23

This book explores the diversity in lesbian, gay, and bisexual lives, with

the aim of opening up therapists' understanding of this diversity so that they can work in an ethical, supportive and non-discriminatory way with these individuals. Offers a comprehensive look at diversity within LGB populations, including the interactions between different areas of social difference using contemporary approaches Focuses on the practitioner, illustrating concepts with vignettes and case studies for implementing practical applications Emphasizes gender balance, fully exploring both male and female perspectives on each topic Encompasses different perspectives, including critical health psychology, discursive psychology, intersectionality, critical and cultural theory, and post-colonial discourse, while remaining accessible to all

Sex, Love & Homophobia - Vanessa Baird 2004

Includes 26 entries (from 'Against Nature' through 'XXYY' to 'Zapatistas'). This book enables readers to confront prejudice.

Living It Out - Rachel Hagger-Holt 2009

Lesbian, gay and bisexual Christians can be found in every shape, size or type of church and following their faith outside the church. They are constantly talked about, but their voices, and those of their friends and families, are rarely heard. This unique book is filled with their stories and offers plenty of practical, positive help on managing relationships with God, the church and other people. Attitudes to homosexuality have become a defining issue for many churches, with impassioned arguments being put forward on different sides of the debate. This book show how individuals and churches can live out their faith with integrity in spite of the arguments and sensationalism.

Liberating Minds - Norman G. Kester 1997-01-01

In this work, over 30 librarians (such as James V. Carmichael, Jr., Sanford Berman, Martha E. Stone, Gerald Perry, Barbara Gomez and Martha Cornog) address gay and lesbian issues facing the profession, and in some cases offer their own stories of understanding their sexuality and its implications on their professional lives. Some of the issues addressed are the need to uphold intellectual freedom, challenging the censorship of gay materials in libraries, AIDS material in the library, the information needs of gay and lesbian patrons, collection development,

and confronting homophobia.

Bisexual Lives - 1988

"Bisexuals are people who experience a desire for emotional, sensual or sexual relationships with people of both sexes. There are an enormous number of them in the world. This book contains a collection of short pieces written by bisexual women and men about their experiences of what it is like to be bisexual." -- from back cover.

Look Both Ways - Jennifer Baumgardner 2008-03-04

For the acclaimed author and activist Jennifer Baumgardner, bisexuality has always been more than the "sexual non-preference of the '90s." In *Look Both Ways*, Baumgardner takes a close look at the growing visibility of gay and bisexual characters, performers, and issues on the national cultural stage. Despite the prevalence of bisexuality among Generation X and Y women, she finds that it continues to be marginalized by both gay and straight cultures, and dismissed either as a phase or a cop-out. With intimacy and humor, Baumgardner discusses her own experience as a bisexual, and the struggle she's undergone to reconcile the privilege she's garnered as a woman who is perceived as straight and the empowerment and satisfaction she's derived from her relationships with women. Part memoir, part pop-culture study, *Look Both Ways* connects the prominent dots of a bisexual community (Alix Kates Shulman, Ani DiFranco, Rebecca Walker, and, of course, Anne Heche) that Baumgardner argues have bridged feminist aims with those of the gay rights movement. *Look Both Ways* is a compelling and current study in bisexual lives lived secretly and openly, and an exploration of the lessons learned by writers, artists, and activists who have refused the either/or paradigm defended by both gay and straight communities.

Bi Lives - Kata Orndorff 2012-01-01

A collection of 18 in-depth interviews with a wide range of bisexual women of different races, ages, and economic classes involved in a very wide variety of lifestyles.

Bisexuality in the Lives of Men - Erich W. Steinman 2001

Explore the theoretical, political, psychological, and cultural issues surrounding male bisexuality! *Bisexuality in the Lives of Men* is the first

anthology to focus on men who love both men and women. The theoretical, scientific, and literary essays in this landmark volume dispel the fictions that bisexual men are greedy, promiscuous, confused, deceptive, unfaithful, HIV-positive--the dominant images of bisexual men in our culture. Whether portrayed as a coward who can't quite come out into full gayness or a smooth-talking serial killer, the bisexual man has been vilified in books and movies. In scholarly studies, they are often ignored or else lumped together with gay men. It is now widely acknowledged that human sexuality is more complex and diverse than the narrow categories "gay" and "straight." But, while the use of the term "bisexual" has become much more common in the last decade, an understanding of bisexuality itself lags far behind. A lack of research on how bisexuality is experienced, interpreted, and encoded in literature, film, and other aspects of popular culture means that stereotypes, stigma, and confusion are still prevalent. *Bisexuality in the Lives of Men* is a multidisciplinary examination of this neglected topic, bringing together expertise reflecting divergent approaches and fields to show the whole bisexual man. Topics include: a thoughtful review and analysis of the public health research on the role of bisexual men in HIV transmission a study of the marital consequences of a husband's bisexuality, including couples who have stayed together an analysis of the heartfelt discussions taking place in an online bi-male community an empirical study of the ways that bi-negativity differs from homophobia an essay bringing together queer theory and social constructionist ideas to explain why bisexual men are much less visible than bisexual women The rigorously analytical yet accessible essays in this volume offer new information and perspectives about male bisexuality. *Bisexuality in the Lives of Men* is an essential resource for anyone interested in the theoretical, political, and cultural issues of male bisexuality.

Secret Loves, Hidden Lives? - David Abbott 2005

Secret loves, hidden lives? draws on first-hand accounts to explore the lives of gay, lesbian and bisexual people with learning difficulties. The views and experiences of staff in a range of learning disability services are also featured in the study. Based on a three year, qualitative research

project carried out across the UK, the report describes people's experiences of 'coming out', relationships, discrimination and abuse. It also looks at responses from staff and services, meeting other lesbian, gay and bisexual people, and dreams for the future. Staff also reflect on these issues and discuss the importance of policy, training and creating services which promote cultures of equality. The report highlights examples of good practice and contains practical recommendations for staff and services.

The Changing Dynamics of Bisexual Men's Lives - Eric Anderson
2016-05-05

This important book provides unique new knowledge on the lived experience of openly bisexual men without medicalizing or pathologizing them. Presenting research from sexology, sociology, and psychology, it features extensive findings on the sexual, social, romantic, and emotional behaviors of the 90 men interviewed in the U.S. and U.K. Issues and challenges are examined in such areas as identity and self-concept, along with the burden of social erasure and the paradox of stigma from both the gay and straight communities. However, the research reveals evidence of a recent cultural transition toward acceptance of bisexual identity and behavior, with younger bisexual men experiencing better social lives and increased recognition of the legitimacy of bisexuality. Among the topics covered: Examining the components of sexuality. Measuring and surveying bisexuality. Bisexual burden Demonstrating a generational cohort effect Expansion of gendered boundaries. Erosion of the one-time rule of homosexuality. Coming out in the 21st century. Bringing clarity and focus beyond the gender binary—and compelling insights into why society and science have trouble shedding that paradigm—*The Changing Dynamics of Bisexual Men's Lives* will interest sexuality scholars, sexologists, and social scientists studying the social aspects of sexuality.

Bi - Shiri Eisner 2013-07-02

"A groundbreaking exploration of bisexual politics by a revolutionary thinker" (Publishers Weekly) provides the missing piece of the puzzle for readers who identify as bisexual Depicted as duplicitous, traitorous, and

promiscuous, bisexuality has long been suspected, marginalized, and rejected by both straight and gay communities alike. *Bi* takes a long overdue, comprehensive look at bisexual politics, from the issues surrounding biphobia/monosexism, feminism, and transgenderism to the practice of labeling those who identify as bi as either "too bisexual" (promiscuous and incapable of fidelity) or "not bisexual enough" (not actively engaging romantically or sexually with people of at least two different genders). In this forward-thinking and eye-opening book, feminist bisexual and genderqueer activist Shiri Eisner takes readers on a journey through the many aspects of the meanings and politics of bisexuality, specifically highlighting how bisexuality can open up new and exciting ways of challenging social convention. Informed by feminist, transgender, and queer theory, as well as politics and activism, *Bi* is a radical manifesto for a group that has been too frequently silenced, erased, and denied -- and a starting point from which to launch a bisexual revolution.

Bi the Way - Lois Shearing 2021-06-21

Whether you are openly bisexual, still figuring things out or just interested in learning more about bisexuality, *Bi the Way* is your essential guide to understanding and embracing bisexuality. With first-hand accounts from bi advocates, it includes practical tips and guidance on topics including dating, sex, biphobia, bi-erasure, coming out, activism and gender identity, demystifying a community that is often erased or overlooked. Rallying, honest and powerfully written, this must-read book is a manifesto for bisexual people everywhere and will empower you to live your most authentic bisexual life.

Forbidden Lives - Norena Shopland 2017

Forbidden Lives explores and uncovers the hidden LGBT history of Wales through portraits of significant LGBT figures and the charting of key social and cultural moments in that history. Norena Shopland, a longstanding researcher and activist, has written an accessible and important first guide to the field which will be widely welcomed.

The Lives of Lesbians, Gays, and Bisexuals - Ritch C. Savin-Williams 1996

This contributed text is for undergraduate or graduate courses in gay, lesbian and bisexual studies and courses on diversity issues taught in a variety of departments. The authors are experts from psychology, sociology, anthropology, education, women's studies, and law. Features: * Developmental focus provides students with a sense of continuity in understanding the life span challenges of gays, lesbians, and bisexuals. * Range of topics include perinatal factors in gender identity, issues in sexual childhood identity, perspectives on coming out, ethnic minorities, dating, relationships, families, and law. * Examples from popular culture, interviews, and life histories help students relate to and understand these issues more fully. * Lists of resources, organizations and services, as well as policy recommendations, form a valuable reference guide within the textbook.

[Bisexuality in the Lives of Men](#) - Erich W Steinman 2014-06-03

Explore the theoretical, political, psychological, and cultural issues surrounding male bisexuality! *Bisexuality in the Lives of Men* is the first anthology to focus on men who love both men and women. The theoretical, scientific, and literary essays in this landmark volume dispel the fictions that bisexual men are greedy, promiscuous, confused, deceptive, unfaithful, HIV-positive--the dominant images of bisexual men in our culture. Whether portrayed as a coward who can't quite come out into full gayness or a smooth-talking serial killer, the bisexual man has been vilified in books and movies. In scholarly studies, they are often ignored or else lumped together with gay men. It is now widely acknowledged that human sexuality is more complex and diverse than the narrow categories "gay" and "straight." But, while the use of the term "bisexual" has become much more common in the last decade, an understanding of bisexuality itself lags far behind. A lack of research on how bisexuality is experienced, interpreted, and encoded in literature, film, and other aspects of popular culture means that stereotypes, stigma, and confusion are still prevalent. *Bisexuality in the Lives of Men* is a multidisciplinary examination of this neglected topic, bringing together expertise reflecting divergent approaches and fields to show the whole bisexual man. Topics include: a thoughtful review and analysis of

the public health research on the role of bisexual men in HIV transmission a study of the marital consequences of a husband's bisexuality, including couples who have stayed together an analysis of the heartfelt discussions taking place in an online bi-male community an empirical study of the ways that bi-negativity differs from homophobia an essay bringing together queer theory and social constructionist ideas to explain why bisexual men are much less visible than bisexual women The rigorously analytical yet accessible essays in this volume offer new information and perspectives about male bisexuality. Bisexuality in the Lives of Men is an essential resource for anyone interested in the theoretical, political, and cultural issues of male bisexuality.

Bisexual Horizons - Sharon Rose 1996

This encyclopedic book is the first comprehensive account of bisexuality in Britain. It includes theories of bisexuality, personal accounts of bisexual lives, a history of the movement and discussion about bisexuality and AIDS.

[Bi Any Other Name](#) - Lani Ka'ahumanu 2015-09-23

"I am part of the generation that came of age when *Bi Any Other Name* was already in print. This groundbreaking anthology gave me the language, courage and sense of community I needed as a young queer woman." —Daisy Hernández, *A Cup of Water Under My Bed* The 25th Anniversary Edition *Bi Any Other Name: Bisexual People Speak Out* first debuted in 1991. This groundbreaking book helped catalyze a national movement for bisexual identity, justice and equality. Often dubbed "the bisexual bible," *Bi Any Other Name* was on Lambda Book Review's Top 100 GLBT Books of the 20th century and became a beloved reference text in many classrooms, doctors' offices, libraries, and pulpits. A 2007 Mandarin translation was published in Taiwan. The new 2015 introduction of this book updates readers to the enormous changes the past quarter century has brought - for bi people, the larger society and the sexual rights and liberation movement of which we are a part. When did you know? How did you come out? What was your experience? The coming out stories in this book speak to the many ways bisexuals embrace realities outside rigid either/or categories throughout the

passage of our lives. Everyday stories of women, men, transgender bisexuals, teenagers to octogenarians, from many different cultures and family arrangements. The fierce truth of these lives made visible puts a check on bisexual erasure, exposing the binary constructions of gay/straight and male/female as oversimplifications that reduce spectrums to mere opposites. Caught between the mainstream culture's persistent discounting of bisexuality, the sensationalizing characterizations presented in media, and the sexual liberation movement's continual disregard of bisexuality as a serious identity, bisexual people are often not seen or heard when they speak out. There is a vital need for these earnest voices to be heard in the new century. Enormous cultural changes have occurred in the past 25 years, yes, but understanding bisexualities has just begun.

Lesbian, Gay, Bisexual and Trans Individuals Living with Dementia* - Sue Westwood 2016-04-28

This groundbreaking collection is the first to focus specifically on LGBT* people and dementia. It brings together original chapters from leading academics, practitioners and LGBT* individuals affected by dementia. Multi-disciplinary and international in scope, it includes authors from the UK, USA, Canada and Australia and from a range of fields, including sociology, social work, psychology, health care and socio-legal studies. Taking an intersectional approach - i.e. considering the plurality of experiences and the multiple, interacting relational positions of everyday life - *LGBT Individuals Living with Dementia* addresses topics relating to concepts, practice and rights. Part One addresses theoretical and conceptual questions; Part Two discusses practical concerns in the delivery of health and social care provision to LGBT* people living with dementia; and Part Three explores socio-legal issues relating to LGBT* people living with dementia. This collection will appeal to policy makers, commissioners, practitioners, academics and students across a range of disciplines. With an ageing and increasingly diverse population, and growing numbers of people affected by dementia, this book will become essential reading for anyone interested in understanding the needs of, and providing appropriate services to, LGBT* people affected by

dementia.
