Pastoral Care and Counseling in Sexual Diversity - Richard L

Dayringer 2014-01-27

Learn to reach out to these hidden Christians! Offering a wide variety of points of view from the welcoming to the

traditional, Pastoral Care and Counseling in Sexual Diversity addresses one of the crucial issues facing the church in these shifting times. Pastors of all Christian churches, whatever their denomination or theology, are likely to be faced with pastoral care or counseling of someone who is lesbian, gay, bisexual, or transgendered. This valuable compendium examines various ways you can meet the spiritual and psychological needs of

these members of your congregation. Pastoral Care and Counseling in Sexual Diversity addresses the basic problems of sexual diversity, including definitions of sexual orientations and issues of human development. It offers wise guidance for offering pastoral care and counseling, and it provides tested solutions for the problems counselors face in dealing with these individuals. Pastoral Care and Counseling in Sexual Diversity offers thought-provoking points of view on a wide range of issues, including: changes in attitudes toward homosexuality among mental health professionals the limits of confidentiality sexual diversity in the black church a developmental model for effective treatment of male homosexuality pastoral care and the formation of sexual identity Biblical perspectives on homosexuality counseling lesbians AIDS ministries and grief counseling Pastoral Care and Counseling in Sexual Diversity is an essential resource for pastors, pastoral

counselors, and therapists dealing with these vexing issues facing the Christian church in the new millennium. Bisexual Women in the Twenty-First Century - Dawn Atkins 2013-11-19 Bisexual Women in the Twenty-First Century reflects the “brave new world” of bisexual women's lives through an eclectic collection of articles that typifies an ongoing feminist process of theory grounded in life experience. The book's broad scope addresses a “world” created in response to lesbian-feminism, homophobia within the mainstream women’s movement, and sexism within the gay rights movement. The book includes Carol Queen's memoirs of the swinging lesbian scene in the 1970s, a critical examination of Alice Walker's novel *The Temple of My Familiar*, and a look back at the controversy surrounding bisexual inclusion in the Northampton Lesbian and Gay Pride March in Massachusetts in the early 90s. Previous groundbreaking work on

bisexuality had to focus on breaking the silence around bisexual invisibility. This collection works from that foundation to explore the complexities and histories of bisexual women's lives. *Bisexual Women in the Twenty-First Century* examines: tensions between lesbians and bisexual women the shifting place of bisexual women in society the use of skin color as a charged metaphor the inclusion of bisexuality into queer theory groundbreaking new work on bisexual youth the creative use of the “sacred whore” archetype *Bisexual Women in the Twenty-First Century* is an essential source of social and political critique, and a vital resource for anyone interested in the complex dynamics of human sexuality, regardless of sexual orientation.

[Out in Psychology](#) - Victoria Clarke 2007-04-04

There has been a recent explosion of interest in Lesbian, Gay, Bisexual and Trans Perspective Psychology amongst students and

academics, and this interest is predicted to continue to rise. Recent media debates on subjects such as same-sex marriage have fuelled interest in LGBTQ perspectives. This edited collection showcases the latest thinking in LGBTQ psychology. The book has 21 chapters covering subjects such as same sex parenting, outing, young LGBTQ people, sport, learning disabilities, lesbian and gay identities etc. The book has an international focus, with contributors from UK, US, Canada, Australia and New Zealand

[Free at Last?](#) - Juan Battle 2017-07-05

As this volume indicates, the issues facing black America are diverse, and the tools needed to understand these phenomena cross disciplinary boundaries. In this anthology, the authors address a wide range of topics including race, gender, class, sexual orientation, globalism, migration, health, politics, culture, and urban issues-from a diversity of disciplinary perspectives.

Bisexuality: A Critical Reader - Merl Storr

2013-04-03

Bisexuality: A Critical Reader presents the essential primary texts on bisexuality from the last 100 years in an easy-to-read format. Exploring this often controversial concept from a range of perspectives, this book places bisexuality in its historical and cultural context and explores its many meanings and uses. Merl Storr's introductions give a straightforward overview of the texts included and sets them clearly in the context of debates on bisexuality. This collection includes pieces by: * Henry Havelock Ellis * Sigmund Freud * Alfred C. Kinsey, Wardell B. Pomeroy and Clyde E. Martin * and Hélène Cixous.

Bisexuality in the Lives of Men - Erich W Steinman

2014-06-03

Explore the theoretical, political, psychological, and cultural issues surrounding male bisexuality! Bisexuality in the Lives of Men is the first anthology to focus on men who

love both men and women. The theoretical, scientific, and literary essays in this landmark volume dispel the fictions that bisexual men are greedy, promiscuous, confused, deceptive, unfaithful, HIV-positive--the dominant images of bisexual men in our culture. Whether portrayed as a coward who can't quite come out into full gayness or a smooth-talking serial killer, the bisexual man has been vilified in books and movies. In scholarly studies, they are often ignored or else lumped together with gay men. It is now widely acknowledged that human sexuality is more complex and diverse than the narrow categories "gay" and "straight." But, while the use of the term "bisexual" has become much more common in the last decade, an understanding of bisexuality itself lags far behind. A lack of research on how bisexuality is experienced, interpreted, and encoded in literature, film, and other aspects of popular culture means that stereotypes, stigma, and confusion are still

*Downloaded from
legacy.opendemocracy.net
on 2023-09-15 by guest*

prevalent. *Bisexuality in the Lives of Men* is a multidisciplinary examination of this neglected topic, bringing together expertise reflecting divergent approaches and fields to show the whole bisexual man. Topics include: a thoughtful review and analysis of the public health research on the role of bisexual men in HIV transmission a study of the marital consequences of a husband's bisexuality, including couples who have stayed together an analysis of the heartfelt discussions taking place in an online bi-male community an empirical study of the ways that bi-negativity differs from homophobia an essay bringing together queer theory and social constructionist ideas to explain why bisexual men are much less visible than bisexual women The rigorously analytical yet accessible essays in this volume offer new information and perspectives about male bisexuality. *Bisexuality in the Lives of Men* is an essential resource for

anyone interested in the theoretical, political, and cultural issues of male bisexuality.

LGBT Studies and Queer Theory - Karen Lovaas
2013-05-13

Find out how the tension between LGBT studies and queer theory exists in the classroom, politics, communities, and relationships *LGBT Studies and Queer Theory: New Conflicts, Collaborations, and Contested Terrain* examines the similarities and differences between LGBT studies and queer theory and the uneasy relationship between the two in the academic world. This unique book meets the challenge that queer theory presents to the study and politics of gay and lesbian studies with a collection of essays from leading academics who represent a variety of disciplines. These original pieces place queer theory in social and historical contexts, exploring the implications for social psychology, religious studies, communications,

*Downloaded from
legacy.opendemocracy.net
on 2023-09-15 by guest*

sociology, philosophy, film studies, and women's studies. The book's contributors address queer theory's connections to a wide range of issues, including the development of capitalism, the evolution of the gay and lesbian movement, and the study of bisexuality and gender. Many scholars working in gay and lesbian studies still question the intellectual and political value of queer theory. As a result, queer theory has often been concentrated in the humanities, while gay and lesbian studies are concentrated in the social sciences and history. But this has begun to change in the past 10-15 years, as documented by the 12 essays presented in *LGBT Studies and Queer Theory: New Conflicts, Collaborations, and Contested Terrain*. *LGBT Studies and Queer Theory: New Conflicts, Collaborations, and Contested Terrain* includes: historical notes on LGBT studies and queer theory some continuing tensions between LGBT studies and queer theory doubts about

whether queer theory can lead to social change an analysis of the current state of "proto-fields" of LGBT studies and queer studies in religion concerns that queer theory's "erasure of identity" feeds into late capitalism an analysis of variability in social psychologists' studies of anti-homosexual prejudice an exploration of the commodification of queer identities in independent cinema how and why the category of bisexuality has been marginalized a historical review and assessment of recent bisexual theory a case study of Provincetown, Massachusetts an investigation of the interarticulation of race/ethnicity and gender a case study of the struggle to introduce LGBT studies in the curriculum at West Chester University and much more *LGBT Studies and Queer Theory: New Conflicts, Collaborations, and Contested Terrain* is an essential read for researchers, academics, and practitioners involved in exploring multifaceted aspects

of LGBT Studies and Queer Theory and their points of convergence and divergence.

HIV Prevention and Bisexual Realities - Viviane Namaste
2012-10-22

Why is there so little HIV education at present directed towards bisexual men and women? This book offers a critical analysis of the issues in public health research and education that prevent adequate attention from being paid to bisexual realities. Addressing the implications of such limited knowledge, the authors raise important questions about the weaknesses of our current response to the HIV/AIDS pandemic. Through interviews with a variety of bisexual men and women, *HIV Prevention and Bisexual Realities* uncovers innovative, important directions to consider for more effective HIV prevention strategies. The authors' epistemological and methodological assessments of the current state of HIV/AIDS education will be indispensable for community health

educators, policy makers, and those who study or work in public health.

Bisexuality - 1992

Counselling Ideologies -

Lyndsey Moon 2016-05-13

Counselling Ideologies draws our attention to the dilemmas inherent within the therapeutic ideologies commonly subscribed to by psychotherapists and counsellors working with those who challenge heteronormative models and approaches. Identifying the modernist, heteronormative understandings of the world implicit in the more popular models, this book employs queer theory to challenge these ideologies, drawing on disciplines both within and outside of counselling and psychology, as well as sociology, cultural studies and various ethnographic accounts. It highlights the dilemmas faced by those who may wish to practise as 'queer therapists', addressing not only therapeutic dilemmas, but also issues such as: identity, race, coming-out

Downloaded from

legacy.opendemocracy.net

on 2023-09-15 by guest

experiences, 'internalised homophobia', 'empathy', 'ethical issues', bisexuality and pathologisation. Comprising contributions from both academic experts and practitioners from the UK, USA and Australia, this book represents a new approach to counselling and psychotherapy that will appeal not only to sociologists and those working in the field of mental health, but also to scholars of race and ethnicity, gender, queer studies and queer theory.

Older Lesbian, Gay and Bisexual Adults - Andrew King 2016-06-03

Andrew King is Senior Lecturer in Sociology at the University of Surrey, UK and co-editor of Sociological Objects: Reconfigurations of Social Theory.

A History of Bisexuality - Steven Angelides 2001-09-15
Angelides explores the evolution of sexuology, revisiting modern epistemological categories of sexuality in psychoanalysis, gay liberation, social constructionism, queer theory,

biology, and human genetics. He argues that bisexuality has functioned historically as the structural other to sexual identity itself, undermining assumptions about heterosexuality and homosexuality.

Bisexual Spaces - Clare Hemmings 2013-11-12
First published in 2002.

Routledge is an imprint of Taylor & Francis, an informa company.

Bisexuality and Queer Theory - Jonathan Alexander 2014-04-10

According to David Halperin, sexuality in our time is typified by a "crisis in contemporary sexual definition". What is sexuality? What does it mean to have a sexual identity or orientation? What is the relationship between sexuality as a knowledge construct, on one hand, and the often messy flows of desire and practices of love, on the other? How and why are some sexual, erotic, and intimate practices normalized and others marginalized? Queer Theory has emerged in the West as

*Downloaded from
legacy.opendemocracy.net
on 2023-09-15 by guest*

one of the most provocative analytical tools in the humanities and social sciences. It scrutinizes identity and social structures that take heteronormativity for granted – that do not question the social construction of heterosexuality as normative in relation to its oppositional binary, homosexuality. At the same time, bisexuality is a practice, identity, and orientation that challenges the binary logic around which cultural notions of sexuality are organized. It is a portal to the imagination of a world of amorous expression beyond that divide. This provocative collection presents bisexuality and queer theory as two parallel thought collectives that have made significant contributions to cultural discourses about sexual and amorous practices since the onset of the AIDS era, and explores the ideas that circulate in these thought collectives today. We learn much about the construction and experience of sexuality, and the power it still holds throughout the contemporary

Western world to shape identities and practices. This volume challenges our understanding of what it means to be sexual, to have a sexual identity, and to practise the arts of loving. This book was originally published as a special issue of the Journal of Bisexuality.

LGBTQ Politics - Marla Brettschneider 2017-09-19
"From Harvey Milk to Barney Frank, and from ACT UP to Proposition 8, in the past few decades, no political change has been more significant than the civil rights advancements of LGBTQ citizens. LGBTQ Politics is the first authoritative reader to approach the complexity of queer politics from a political science perspective, bringing together original contributions from leading scholars in the field on key issues in LGBTQ politics. These original essays cover a wide range of essential topics, including marriage equality, transgender discrimination, gay and lesbian political candidates, LGBTQ human rights advocacy, HIV

*Downloaded from
legacy.opendemocracy.net
on 2023-09-15 by guest*

prevention, and LGBTQ movements of the Global South. The volume also includes a number of critical essays that reflect upon the state of political science as a discipline that has struggled to address queer politics. Contributors draw from a variety of subfields in political science, including comparative politics, political theory, American politics, public law, and international relations. Essays that focus on mainstream institutional politics appear alongside contributions grounded in grassroots movements and critical theory. While some essays express concerns that the democratic basis of the LGBTQ movement has been undermined, others celebrate the movement's successes and offer visions for the future. A comprehensive, thought-provoking, and authoritative collection, *LGBTQ Politics: A Critical Reader* is required reading for anyone looking to learn about the politics of sexuality"--Back cover.

Current Research on

Bisexuality - Ronald Fox
2013-04-03

Current Research on Bisexuality is an important resource on recent psychological and sociological findings in bisexual studies. The authors provide research findings and case studies that add to our understanding of bisexual identity, bisexuality and relationships, bisexuality and ethnicity, and attitudes toward bisexual people. This book examines research findings, literature reviews, and a wealth of resources that currently exist on bisexuality and bisexual issues. This book will bring you up to date on: bisexual identity development bisexual in college students cross-orientation friendships of bisexual women bisexual married women and men—and their spouses bisexuality and heterosexually married couples monogamous as well as open bisexual relationships the interrelationship of bisexuality, race, and ethnicity attitudes toward bisexual women and bisexual men Current Research on Bisexuality also contains a

Downloaded from
legacy.opendemocracy.net
on 2023-09-15 by guest

comprehensive reader's guide to the current social science literature about bisexuality. This bibliography brings together a wide range of nonfiction books, journal articles, book chapters, theses, and dissertations on bisexuality with a focus in the theoretical, research clinical, and community perspectives that have that have developed in the last twenty years. This reading list is essential for students, educators, researchers, and practitioners in psychology, counseling, social work, psychiatry, education, sociology, and anthropology. Current Research on Bisexuality provides new knowledge of the life experiences of bisexual people. With this book, you'll find a basis for further research and education about bisexuality in the greater context of ongoing research, education, and advocacy regarding lesbian, gay, bisexual, and transgender issues.

Counseling Lesbian, Gay, Bisexual, and Transgender

Substance Abusers - Dana G. Finnegan 2002

This book, a completely revised version of the authors' 1987 *Dual Identities*, offers insight on the special treatment issues of lesbian, gay, bisexual, and transgender (LGBT) substance abusers. It describes stages of sexual identity transformation, looks at different counseling approaches, and gives practical suggestions for helping clients. Information is accessible to beginning and experienced counselors as well as patients. Finneagan, an alcohol counselor, and McNally, a psychologist and alcohol counselor, are co-founders and current board members of the National Association of Lesbian and Gay Addiction Professionals. c. Book News Inc.

Reasoning in Measurement -

Nicola Mößner 2017-03-16

This collection offers a new understanding of the epistemology of measurement. The interdisciplinary volume explores how measurements are produced, for example, in astronomy and seismology, in

*Downloaded from
legacy.opendemocracy.net
on 2023-09-15 by guest*

studies of human sexuality and ecology, in brain imaging and intelligence testing. It considers photography as a measurement technology and Henry David Thoreau's poetic measures as closing the gap between mind and world. By focusing on measurements as the hard-won results of conceptual as well as technical operations, the authors of the book no longer presuppose that measurement is always and exclusively a means of representing some feature of a target object or entity. Measurement also provides knowledge about the degree to which things have been standardized or harmonized - it is an indicator of how closely human practices are attuned to each other and the world.

The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients - Joy S. Whitman
2013-12-19

Most therapy is set up in a heterosexist context. Explore the issues facing your gay, lesbian, and bisexual clients-- and how to deal with them! The Therapist's Notebook for

Lesbian, Gay, and Bisexual Clients offers therapists treating lesbian, gay, and bisexual clients innovative, practical interventions plus homework and hands-on activities tailored to these populations. Use the notebook to explore the issues surrounding coming out, homophobia in the workplace, spirituality, identity formation, and issues that require a non-heterosexist approach, such as domestic violence and relationship concerns. Grounded in current theory, each chapter explains the rationale for the activity it proposes, includes contraindications, and provides a list of helpful resources for therapists and clients. Here are just a few of the issues this extraordinary book explores in its four thoughtfully planned sections: Section I: Homework, Handouts, and Activities for Coming Out and Managing Homophobia and Heterosexism addresses: conflicts in self-perceptions obstacles to the growth of a healthy GLB identity dealing with the

Downloaded from

trauma and anxiety that result from discrimination using semi-hypnotic visualization to treat internalized homophobia helping bisexuals decide whether to come out or to “pass” coping with internalized homophobic messages dealing with heterosexism in the workplace or at school Section II: Homework, Handouts, and Activities for Relationship Issues will help you and your clients understand and work on issues involving: choosing the right partner intimacy and gender roles financial stability assimilation, queer pride, and everything in between how ethnicity and coupling impact sexual identity negotiating a healthy open relationship sexual concerns, sexual dysfunction, and pleasuring sexual role values for bisexual and lesbian women Section III: Homework, Handouts, and Activities for Gender, Ethnic, and Sexual Identity Issues addresses “who am I” issues: sexual orientation and gender identity the intersection of sexual and ethnic identity oppression on multiple fronts

gender exploration for lesbians Section IV: Homework, Handouts, and Activities for Specific Issues tackles concepts including: enhancing resilience through spirituality reconciling with religion spiritual wellness and the spiritual autobiography body image disturbances unwanted sexual behavior creating a safety plan in case of same-sex domestic violence alienation and finding a caring community medication adherence for HIV+ clients the difficulties faced by coupled lesbians with children family care planning addiction and recovery healing from the wounds of homophobia relationships with ex-partners managing workplace stress If you're new to treating lesbian, gay, and bisexual clients you'll find rich material, based in current literature, to guide your work. If you've already worked extensively with LGBT clients, the activities and fresh, innovative strategies in The Therapist's Notebook for Lesbian, Gay, and Bisexual Clients will expand and
