Indulging in pleasure... but never getting attached. Their lives had one purpose. Serve the Phaeton race without question. Until they wanted a wife to call their own. When they finally are gifted with one, nothing can keep them away. Not even the fact that she's under the protection of a neighboring alien race. Minor detail. Paine

and Rowe are nothing like Indigo expected, but everything she needs. She thought returning to Earth was her only choice, but she was wrong. Indigo had two options... and she wanted them. Both. Trigger Warning: PTSD elements

This is the complete duet of ALL I WANT & ALL I NEED. BOOK 1: ALL I WANT Right time. Right place. Right woman. I was blowing off steam when a guys' trip led to a hot fling. She was exactly what I needed for our ten days together. I said I'd never fall in love. I said I'd never get attached. We were never supposed to see each other again. We were never supposed to be anything more. But when

she comes back into my life, I remind myself of one thing: Wrong place. Wrong time. Wrong man.

### BOOK 2:

ALL I NEED Right time. Right place. Perfect woman. Can a leopard really change its spots? Normally, I'd say there's no way. But then, she has been the exception to my rule from day one. We weren't supposed to see each other again. We weren't supposed to fan the spark into an inferno. There's no turning back now. All I have to do is convince her of one thing: Right time. Right place. Right Man.

like the Texas sun. This boxed set contains the complete Ryder Ranch series, PLUS a bonus story you won't want to miss! HUNTER I never expected a runaway cow would have led me to the love of my life, but chasing after that heifer turned out to be the best decision I ever made. Summer Paige was lost, alone, and a mess... just like her nearly totaled car. After a glass of whiskey and a promise to keep her safe, I convinced her to stay while she got back on her feet. It wasn't long before the innocent beauty turned my life upside down, and I realized she was everything I didn't know I wanted. Life was perfect. Until the day I woke up and found her gone. Her letter was supposed to explain why she left, but it did the opposite and made me want her even more. I had to prove that her past didn't matter to me because all I wanted was her future. And I intended to do just that... as soon as I found her. WILDER I was too young to understand the beauty of what I held in my arms when she crashed into my

world. Frankie Young was never far from my mind, so when she came back into my life after nearly a decade, it was as if no time had passed. After we reconnected in more ways than one, there was no denying what we had was extraordinary and, I thought, forever. But when she discovered something I'd been hiding, she gave up on us without giving me a chance to explain. My lies broke her heart, but her walking away shattered what was left of mine. I thought that was the end for us... until Frankie and I found ourselves bound together for life. While we navigated our new found destiny, not only did we have to fight for each other, but we had to protect our future from someone who didn't want us to have one together. MAVERICK I was going to love her until my last breath, and she promised to do the same... but she lied. Cricket McBride packed up without warning, ditching our small town and the life we were going to build together. She left me with tears in her

eyes, a kiss on my cheek, and an empty heart that had done nothing but hardened over the years. My life wasn't what I thought it would be, but I'd long since accepted it for what it was. I was content with working on my family ranch and being the best father I could. And I was fine with that. Or so I thought. When Cricket returned, one look was all it took for me to admit I still cared, but it wasn't until I saw the marks on her skin and the pain in her soul that I realized just how deep that love went. Because the same hands that held her tight also promised to protect her... and I never broke a promise. MACK She was the complete opposite of me in every way; sweet, spontaneous, and full of sunshine... she was also half my age. The world was her playground, and Nova Skye spent every breath fearlessly exploring it. Her passion for adventure was contrary to the solitude I loved, yet somehow, I couldn't get enough. Her innocence sparked a flame in my empty soul, burning down every

defense I had. By the time I started to believe in the us she said we could be, it was too late. My free-spirited rebel was gone, taking what was left of me with her. Without her, I learned that home wasn't just a place, it was Nova... and it was finally time to come home. \*\*\* Join the Ryders on their family ranch where loyalty is as steady as the rolling thunder and passion scorches like the Texas sun. \*\*\* The Ryder Ranch series in a small-town romance series featuring ruggedly handsome cowboys. What do you do when you are haunted by a fashion-conscious ghost? Sameera, a novice ghost, is about to become an angel. But before she gets the promotion, she needs to complete a rather nerve-racking assignment. She has to help Roshni find her path again. Roshni has just shifted into her new home as she wants to get some semblance of order back in her life. But now, she is being hounded by a gorgeous ghost, who makes snide comments about her dressing sense (or the lack of it) and keeps trying to set her up with her dishy-looking neighbor, Karan. However, she is wary of falling in love again, of losing again. Karan fell in love with Roshni the day she fell in his arms. He understands her hesitation and is content to remain friends with her, though he still has to deal with the evil eye her gay

best friend keeps giving him. To make matters worse, there is a beautiful young ghost who keeps popping up at the most inappropriate times, pushing him to let Roshni know his true feelings. As Sameera tries to play Cupid, she faces resistance and hesitation from all parties concerned. Will she be able to complete her assignment? Will she get that promotion? Will she be able to convince Roshni to give love, life and happiness a second chance?

**How to Get Your Ex Girlfriend Back** - C. Powell  
2012-01-24

The answer to the question 'can i get my girlfriend back?' is yes... probably. You see if your girl still loves you, no matter how much you've messed up in the past, she will more than likely be receptive to you if you can prove to her that she won't be wasting her time and that she won't get hurt again. No one wants to be hurt and no one wants to set themselves up to be hurt by trusting someone who has already proven they can't be

trusted. For this reason you will probably be able to win her back but you had better expect an uphill climb. The first step is to give her a little time and space. Don't rush her or expect everything to happen quickly. It takes a lot longer to rebuild trust than it took to tear it apart. More than likely by the time you've gotten to this point you've let her down more than once. Please don't think that all that past hurt and all those mistakes will go away and she'll forget about them just because you say 'I'm sorry' or you tell her that 'I've changed'. She'll probably need to see some proof that that is true. It's important for you to concentrate on yourself instead of just trying to convince her you've changed. It will take you time to truly change the person that you are and you don't want to make the mistake of thinking you can somehow 'trick' her into believing you are a different man.

tour. Farewell meant he was done. Evangeline Reed was just beginning. "Use this gift to follow your passions, my dear, wherever they take you." Her aunt's words hung in the air like the lingering hint of her favorite perfume. Angel's art, her passions, her life all felt brand new. Kaane didn't feel done. He needed the muse to bring it back. If she came in the form of a cupid face and breathy voice, so be it. If she pushed him to face the one reality he never wanted to admit, it might be the price he had to pay. Could they create the perfect harmony together? The Flynn's Crossing series is contemporary romance set in the northern California foothills, suspense driven by small town secrets, and complex characters in compelling stories about friendship and love. You can enjoy the books out of order without ruining their surprises!

emotionally charged novel gives you a warm, funny, sensual look into their lives. But remember, even true love doesn't always run smooth; the powerful ending may surprise you! A must read' for anyone who is in love, thinks they are, or intends to be. The readers write: Ms. Freeman wanted an unbiased opinion, so I was given Walk That Walk by a mutual friend. Totally absorbing! I was finished reading in 2 days during a fulltime work week, and wanted more! Tastefully spicy! I'm buying copies for some of my other friends. Definitely a good read. Marge O., Teacher

Walk That Walk is a wonderful book portraying true life situations. The characters have realism and depth, the story is realistic with many useful insights. I wish I could have read it sooner. The love scenes were the best! I also liked the way the family maintained their belief in God through it all. Not many authors can blend so many aspects of life and remain believable. I'm already looking forward to her next

novel. Congrats, Anna Luci!

Walk That Walk is a winner! Janette P., Social Service Specialist I was asked to read Walk That Walk from my view as former English teacher. Romance novels aren't my forte, so I didn't expect to actually like it. Pleasantly surprised, I was engrossed from the first page on. Not only did I find it to be well written, it has a fresh, honest approach to love and relationships, worth reading for males and females alike. Excellent dialog! Paul M., Insurance Adjuster

**Backable** - Suneel Gupta  
2021-06-01

A groundbreaking book that boldly claims the key to success in business is not talent, connections, or ideas, but the ability to persuade people to take a chance on potential. 'The most successful

people aren't just brilliant - they're backable' DAN PINK, bestselling author of Drive 'Whether you want to get ahead inside a company or build a startup from the ground up, this fascinating book is a must-read.' REID HOFFMAN, co-founder of LinkedIn No one makes it alone. But there's a reason why some people can get investors or bosses to believe in them while others cannot. And that reason has little to do with experience, pedigree or a polished business plan. Backable people seem to have a hidden quality that inspires others to take action. We often chalk this up to natural talent or charisma . . . either you have 'it' or you don't. After getting rejected by every investor he pitched, Suneel Gupta had a burning question: could 'it' be learned? Drawing lessons from hundreds of the world's biggest thinkers, Suneel discovered how to pitch new ideas in a way that has raised millions of dollars, influenced large-scale change inside massive corporations, and even convinced his 8-year-

old daughter to clean her room. Inside the book are long-held secrets from producers of Oscar-winning films, members of Congress, military leaders, culinary stars, venture capitalists, founders of unicorn-status startups, and executives at iconic companies like Lego, Method and Pixar. Suneel used these invaluable lessons to become the New York Stock Exchange's 'New Face of Innovation'. Backable reveals how the key to success is not charisma, connections, or even your CV, but rather your ability to persuade others to take a chance on you. This groundbreaking book will show you how.
