Claire's Dad - Shad Arnold 2018-02

Like everything worthwhile in this world, the title of "dad" isn't given-it's earned. Society hasn't done a great job preparing men to raise daughters. That's a shame, as daughters have a deep, often unacknowledged need for their fathers to take an active role in their growth. In *Claire's Dad*, author and father Shad Arnold offers an engaging look at the difference a father can make in his little girl's life as she grows into a mature, responsible, and self-assured young woman. Using his own experiences as a touchstone, Arnold explores the principles and standards a father can model for his daughter. While Arnold bases his parenting on Christian values, his advice is relevant to

all fathers. You will be your daughter's first impression of what she should expect of a man in her life. It falls to you to demonstrate the respect, love, and chivalry she deserves. Finally, if you've truly earned the title of dad, you'll receive your reward: watching your daughter mature into a loving, responsible young woman in charge of her own destiny. That's what it means to be more than a father—that's what it means to be a dad.

Be the Dad She Needs You to Be - Kevin Leman 2014-05-20

From the New York Times best-selling author of *Have a New Kid by Friday* comes a call to dads to step up to the plate and become the loving, actively engaged father that a daughter needs for life and relational success. The relationship that matters most to your daughter isn't always the one with her mother—sometimes it's the one with you, Dad. Her self-esteem, choices, behavior, character, and even her ideas about or choice of a marriage partner are all directly tied to you, as the most important representative to her of the male species. In *Be the Dad She Needs You to Be* Dr. Kevin Leman—internationally-known psychologist, New York Times best-selling author, and father of four daughters—will show you not only how to get the fathering job done and done well, but also how to: Make each daughter feel unique, special, and valued. Discipline the right way . . . when it's needed. Talk turkey about what guys are really thinking. Keep the critical eye at bay. Wave the truce flag when females turn your family room into a battleground. Set your daughter up for life and relational success. With some effort on your part, you can gain the kind of lasting relationship you dream of with your daughter—one based on mutual love and respect. The simple yet profound suggestions in this book will transform you into the kind of man your daughter needs . . . for a lifetime.

First They Killed My Father - Loung Ung 2017-09-26

A major film, co-written and directed by Angelina Jolie Until the age of five, Loung Ung lived in Phnom Penh, one of seven children of a high-ranking government official. She was a precocious child who loved the open city markets, fried crickets, chicken fights and being cheeky to her parents. When Pol Pot's Khmer Rouge army stormed into Phnom Penh in April 1975, Loung's family fled their home and were eventually forced to disperse to survive. Loung was trained as a child soldier while her brothers and sisters were sent to labour camps. The surviving siblings were only finally reunited after the Vietnamese penetrated Cambodia and started to destroy the Khmer Rouge. Bolstered by the bravery of one brother, the vision of the others and the gentle kindness of her sister, Loung forged on to create for herself a courageous new life. First They Killed My Father is an unforgettable book told through the voice of the young and fearless Loung. It is a shocking and tragic tale of a girl who was determined to survive despite the odds.

Lunch Bag Notes - Ann Marie Parisi 2010-06

Sometimes Father does know best . . . Looking for a little advice on dealing with a difficult situation in your life or just want some help figuring out what to do with your talents and dreams? You'll find plenty of gentle, loving wisdom in "Lunch Bag Notes." Ann Marie Parisi and her dad, Al Parisi, share the fatherly advice and support that helped Ann Marie survive high school. Starting in Ann Marie's sophomore year, Al began writing daily notes on her lunch bags. At first she kept the notes private (she was a little embarrassed), but eventually they became popular reading for Ann Marie's growing circle of lunchtime friends. The daily notes guided all of "Al's Gals" through high school's tough times and reminded the girls to celebrate their friendships and their talents, and to truly make something of their lives. In "Lunch Bag Notes," Ann Marie and Al have collected the most inspirational messages that Al originally wrote and combined them with questions for reflection and a place to journal. "Lunch Bag Notes" touches upon everything from friendship, family, attitude, and choices to faith, character, forgiveness, and more. If you're seeking guidance on a situation you're facing or

simply need a little inspiration or encouragement, you'll find it here.

Daddy's Little Girl - Peter Wilson 2009-03

Daddy: Reflections of Father-Daughter Relationships - K E Garland 2018-05-25

A father's presence is important in a daughter's life. He is the first man a little girl sees and knows. He demonstrates how men relate to women. But what happens when the father-daughter relationship is dysfunctional? Daddy answers that question. Included are fourteen memoirs that describe the impact a failed father-daughter relationship can have. These women share essays and narratives that detail various stages of breakdown. Whether an event occurred in childhood, adolescence, or adulthood, each story explains how their father's physical, emotional, or psychological abandonment has affected them. The book is separated into two parts. Part I shows the proverbial truth in the phrase, hurt people hurt people. While some stories confirm why or how men mistreat their daughters, others show how daughters sometimes internalize neglect and continue the cycle either with the relationship they have with themselves, or others. Part II illustrates how compassion can lead towards a path of inner peace and happiness, no matter the state of the relationship.

The Reading Promise - Alice Ozma 2011-05-03

When Alice Ozma was in 4th grade, she and her father decided to see if he could read aloud to her for 100 consecutive nights. On the hundredth night, they shared pancakes to celebrate, but it soon became evident that neither wanted to let go of their storytelling ritual. So they decided to continue what they called "The Streak." Alice's father read aloud to her every night without fail until the day she left for college. Alice approaches her book as a series of vignettes about her relationship with her father and the life lessons learned from the books he read to her. Books included in the Streak were: Great Expectations by Charles Dickens, the Oz books by L. Frank Baum, Harry Potter by J. K. Rowling, Alice's Adventures in Wonderland by Lewis Carroll, and Shakespeare's plays.

Radical Feminist Therapy - Bonnie Burstow 1992-10-08

With an emphasis on violence against women and on women's responses to it - such as depression, splitting and eating disturbances - this volume furthers the radicalization of feminist therapy. It serves as a comprehensive introduction for trainees and as an ongoing resource for social service workers and therapists. Providing detailed and grounded guidance, the author examines feminist approaches to working with women and discusses issues often omitted or pathologized in general feminist counselling texts, including prostitutes battered by pimps and self-mutilation. She explores such central questions as how women can

empower themselves in a sexist society; what forms internalized oppression takes and how clients can be hel

Father-Daughter Relationships - Linda Nielsen 2012-05-04

The first research-based text that focuses on the impact of the father-daughter relationship, this provocative book examines the factors that can strengthen or weaken these relationships and the impact that these relationships have on society. The research is brought to life with compelling personal stories from fathers and daughters, including well-known celebrities and politicians. Controversial questions engage the reader and film lists and website resources demonstrate the relevance of the research. Boxed quizzes and questionnaires show students how the research can be applied to their own lives while others highlight the relationships between actual fathers and daughters. Bold faced terms, a conclusion, and review questions keep readers focused on the key concepts. How these relationships are often ignored or denigrated in the media and in some mental health and legal systems is examined. The hope is that readers will apply the research to their own families and/or work. The book addresses: What is "good" fathering? How do daughters influence their fathers' well-being? How do fathers affect their daughters' social, academic, athletic, and psychological development? How are problems such as depression, eating disorders, and teenage pregnancy related to the quality of these relationships? How are father-daughter relationships in ethnic and racial groups unique? How do incarceration, abuse, gay or lesbian relationships, military service, immigration, and poverty affect father-daughter relationships? The book opens with the importance of the father's role on daughters and the changing patterns of these roles. Chapter 2 examines the myths and misconceptions of father-daughter relationships including how they are portrayed in the media and the differences between parenting styles. Chapter 3 explores the behaviors that constitute "good" fathering. Scales used to measure "good" fathering are included. How fathers affect their daughters' social, academic, intellectual, athletic, and psychological development is then considered. Factors that can weaken father-daughter relationships, such as divorce, including various theoretical

perspectives, are explored in chapters 5 and 6. Father-daughter relationships of racial or ethnic minorities and an array of potentially destructive situations that affect these relationships are the focus of chapters 7 and 8. The impact of fathers who are incarcerated, abusive, alcoholics, gay, or sperm donors are considered. The book concludes with suggestions on where we go from here. Intended as a supplemental text for upper-level undergraduate or graduate courses on father-daughter relationships and/or parenting taught in human development, family studies, psychology, sociology, counseling, social work, and women's studies, this practical book also appeals to mental health practitioners, social workers, legal professionals, and school counselors interested in these relationships.

Things I've Been Silent About - Azar Nafisi 2009-11-24

Azar Nafisi, author of the international bestseller *Reading Lolita in Tehran*, now gives us a stunning personal story of growing up in Iran, memories of her life lived in thrall to a powerful and complex mother, against the background of a country's political revolution. A girl's pain over family secrets; a young woman's discovery of the power of sensuality in literature; the price a family pays for freedom in a country beset by political upheaval - these and other threads are woven together in this beautiful memoir. Nafisi's intelligent and complicated mother, disappointed in her dreams of leading an important and romantic life, created mesmerising fictions about herself, her family, and her past. But her daughter soon learned that these narratives of triumph hid as much as they revealed. Nafisi's father escaped into narratives of another kind, enchanting his children with classic tales like the *Shahnameh*, the Persian Book of Kings. When her father began to see other women, young Azar began to keep his secrets from her mother. Nafisi's complicity in these childhood dramas ultimately led her to resist remaining silent about other personal - as well as political, cultural, and social - injustices. Reaching back in time to reflect on other generations in the Nafisi family, *Things I've Been Silent About* is also a powerful historical portrait of a family that spans the many periods of change leading up to the Islamic Revolution of 1978-79. It is, finally, a deeply personal reflection

on women's choices, and how Azar Nafisi found the inspiration for a different kind of life. This unforgettable portrait of a woman, a family, and a troubled homeland is a stunning book that readers will embrace, a new triumph from an author who is a modern master of the memoir.

Dad Do My Hair - Mickens 2015-05-10

A daughter's relationship with her father can be a special, loving bond, if the two learn to communicate their feelings and opinions honestly. Breakdowns in communication are common obstacles to the father/daughter relationship. In "Dad Do My Hair," Cydney Mickens presents a series of progressive activities designed to develop, enhance, polish, and stimulate the interaction and communication between fathers and daughters. The topics include aspects of life fathers sometimes hesitate to discuss with their daughters, providing the reader the opportunity to break new ground in a safe, supportive environment. Mickens asks us to tackle topics we often avoid due to timing, uncertainty, and downright fear. Writing the answers to these questions avoids the embarrassment or anxiety of initial face-to-face conversations. Through honesty and effective communication, facing these issues helps fathers and daughters grow closer-even if the topic of boys always leaves Dad a little nervous. A powerful tool for fathers and daughters to strengthen or establish bonds of love and friendship, "Dad Do My Hair" offers benefits throughout the different stages of your daughter's life, backed with positive, motivational quotes and phrases to inspire your own writing.

The Wounded Woman - Linda Schierse Leonard 1982-01-01

This book is an invaluable key to self-understanding. Using examples from her own life and the lives of her clients, as well as from dreams, fairy tales, myths, films, and literature, Linda Schierse Leonard, a Jungian analyst, exposes the wound of the spirit that both men and women of our culture bear—a wound that is grounded in a poor relationship between masculine and feminine principles. Leonard speculates that when a father is wounded in his own psychological development, he is not able to give his daughter the care and guidance she needs. Inheriting this wound, she may find that her ability to express herself professionally, intellectually, sexually, and socially is impaired. On a broader scale, Leonard discusses how women compensate for cultural devaluation, resorting to passive submission (“the Eternal Girl”), or a defensive imitation of the masculine (“the Armored Amazon”). The Wounded Woman shows that by understanding the father-daughter wound and working to transform it psychologically, it is possible to achieve a fruitful, caring relationship between men and women, between fathers and daughters, a relationship that honors both the mutuality and the uniqueness of the sexes.
