Screwing the Rules - Laurel House 2014-12-23

Change your dating game to a winning strategy to find the partner you need with no games, no gambits,

and no hiding of who you really are, and what you really want from a mate. Laurel House believes that "The Rules" of yester-decades don't apply to today's evolved, headstrong, multifaceted women, who are taking

longer to wed, often putting careers first and focusing on love and kids later. *Screwing the Rules* will challenge women to examine their expectations, hopes and dreams, dating strategy, relationship goals-and themselves-in a revised way. *Screwing the Rules* is about being honest about who you are and what makes you happy, then making smart decisions about potential compatibility. Laurel speaks not only from the perspective of a professional relationship coach who has helped countless people, but from firsthand experience. She's admittedly made a lot of mistakes in her past relationships and discusses them candidly. In *Screwing the Rules* Laurel shares the lessons she's learned along the way. Through seven distinct sections, the book takes the reader full circle. First working on yourself and figuring out what you want in a guy, how to find him, get him, and keep him. It advises when/if/how to let him go, heal, and get out there again. *Screwing the Rules* is all about helping women bring out their best, most confident, empowered self, and from that point of strength, provide the insight, tools, and direction needed to find their ideal match.

Better Love Next Time - J. M. Kearns 2010-03-16

Better Love Next Time offers help in coping with the pain and heartache of a bad breakup, but more than that, it reveals how to overcome the lingering damage that a broken relationship can leave behind – how to heal your romantic soul. J.M. Kearns presents a simple (and entertaining) way to diagnose what went wrong, so history won't have to repeat itself, and explains how to decode the "guide to compatibility" written in your own past. Witty, frank, and full of real-life stories, Better Love Next Time ensures that when you do find a new love, you will arrive whole, renewed, and empowered to make it the one that lasts. In Better Love Next Time, J.M. Kearns discusses: how to deal with the "wall of pain" that is a broken heart, and what is waiting beyond the wall why "falling in love" too often doesn't lead to love; and how to change that how our attempts to avoid being cheated on again can make us choose exactly the wrong partners the real key to faithfulness in a partner the surprising toll that cheating takes on the cheater how a mismatch can trick you into feeling inadequate how to replace what you've lost after a breakup how good matches go bad – the ultimate scoop on how to make your next (good) match last. "Read it, people. J.M. Kearns's new book called Better Love Next Time... The book's main premise is that people often repeat the same mistakes in successive relationships, but if you can diagnose what really went wrong with your exes, you can have better relationships in the future." — Erin Meanley, Glamour.com "If you're searching for love, then you should start with this refreshingly intelligent and insightful dating guide." —Shari Low, Daily Record "Self-help books often make me skittish - but not this one. Kearns's advice is sound and good: he tells us to look inward, to be honest with ourselves, to stay the course. A chapter called How Good Matches Go Bad is, alone, worth the book's price...He says our demons will invariably rise up and try to disrupt ...It's important to learn to step back when you sense trouble 'and ask yourself, who is talking here?' Are there old grudges in play? Old hurts stinging? False lessons echoing that have nothing to do with the two of you?" —Susan Schwartz, Montreal Gazette

Not just in their relationships, some had unfulfilling jobs, didn't get paid what they were worth, had always dreamt of starting their own business but never did, felt lonely even though they had a husband and kids... the list goes on and on. So many women try to be the perfect girlfriends, wives, mothers, friends, sisters, colleagues, business owners, bosses, and more. They love to serve and want to succeed in the many roles they have to play. They are compliant, even to the people who don't really deserve that kind of treatment. They give it all they have, every single day. Regardless of their tremendous efforts, some women get little in return. They feel used. They get men that keep flaking out, careers that don't feel meaningful, and possibly a body that starts to feel and look more and more tired. Did you ever notice that burnout tends to afflict women much more often than men? There's a reason for that, as you'll learn. This should stop. Some women seem to have found a loophole, a backdoor in the current system. There are women out there who have designed the life they live. I call these women the high-value women. This value has nothing to do with money. It turns out the high-value woman follows a set of strategies and principles. I'll share them with you throughout this book. You might have seen and met her. She's the woman who is self-employed, doing the thing she loves, and making a living off of it. She's the woman who might have decided to have a normal career, with a twist. It's the type of career she enjoys and she is actually appreciated for the hard work and hours she puts into it. When she speaks, others listen, even the men in her office with over-inflated egos. Her job almost never feels like work and is deeply fulfilling. It doesn't cost her energy; she gets energy from it. When she wakes up, she can't wait to get started with her day. She is the woman who has found and created herself a loving relationship with a man she loves. She is also the woman who is happily single, the woman who doesn't need a man to be happy. She has a supportive circle of great friends, and she has the time to hang out with them, even when she has kids. She knows how to set the world to her hand, so it seems, and some women wonder how she does it. That's what this book is about, I'll uncover her strategies. I've been studying and interviewing her for so long now that I can't wait to share everything with you. We'll dive in what to do in your romantic relationships, in your career, in your personal life, and most importantly, in your own mind. I'm sure you already are a high-value woman in many ways. Some parts of the book will reaffirm that you're on the right track; others will provide a new way of thinking to take you to the next level. Are you curious to find out how the high-value woman does it all? Then hit the buy button at the top of this page and start your high value woman journey right away!
