HEX - Thomas Olde Heuvelt 2021-09-21

"This is totally, brilliantly original." —Stephen King "HEX is creepy and gripping and original, sure to be one of the top horror novels of 2016." —George R.R. Martin The English language debut of the bestselling Dutch novel, Hex, from Thomas Olde Heuvelt--a Hugo and World

Fantasy award nominated talent to watch Whoever is born here, is doomed to stay 'til death. Whoever settles, never leaves. Welcome to Black Spring, the seemingly picturesque Hudson Valley town haunted by the Black Rock Witch, a seventeenth century woman whose eyes and mouth are sewn shut. Muzzled, she walks the streets and enters homes at will. She stands next to children's bed for nights on end. Everybody knows that her eyes may never be opened or the consequences will be too terrible to bear. The elders of Black Spring have virtually quarantined the town by using high-tech surveillance to prevent their curse from spreading. Frustrated with being kept in lockdown, the town's teenagers decide to break their strict regulations and go viral with the haunting. But, in so doing, they send the town spiraling into dark, medieval practices of the distant past. This chilling novel heralds the arrival of an exciting new voice in mainstream horror and dark fantasy.

Gretchen's (Mis)Adventures Boxed Set 1-3 - P.A. Mason

The first three instalments in this hilarious high fantasy witch series all wrapped up in a neat bundle. The Damsel Gauntlet Gretchen is down on her luck, until she gets a commission from the King himself. A damsel is in distress. A prince is on his way. All is not as it seems. To skid to the finish line, he must face a wraith, goblins and a mighty dragon. But to get the gold, Gretchen must ensure he looks the part. Fairy tales are written by the victorious, after all. Of Hair and No Hair Gretchen will do anything to win the pumpkin growing competition at the county fair, but things get hairy when Rapunzel turns up at the eleventh hour. Two potions. One mixup. A calamity of tall proportions. But that

won't stop Gretchen from getting to that fair, even if she has to drag Rapunzel with her. A Royal Froggy Problem It started with toads, but a much froggier prince problem was on its way. Gretchen is swept into a diplomatic debacle when her best pal is falsely accused of hexing the Prince of Sharen. With a name as notorious as Nora's, it's no wonder the finger is pointed straight at her. If you like fairy tale retellings with a good dose of humor, wit, and sometimes crazy witchy fun you'll enjoy this boxed set.

Blackbridge Security Box Set 2 - Marie James

Box Set contains Truth Be Told, Calculated Risk, and Heroic Measures. Truth Be Told Lies ruin lives. Ignacio Torres, the translator for Blackbridge Security, has told his fair share and then some. He lied more than once to Tinley Holland when they were teens. Told her he didn't love her. Told her he could live without her. Told her what they shared didn't mean a thing. He's lived with those lies, lived with the

loss of her for over a decade. What he didn't expect was going home to help with a family matter only to discover Tinley has told the biggest lie of all. Calculated Risk As the fixer for Blackbridge Security, Quinten Lake is the man that comes in and cleans up after people make stupid decisions. Which means he didn't want to be the one teaching lustful women gun safety. There were guys on the team better suited for the task. Get in and get out, that's his motto, something he lives by not only at work but also in his personal life. And he could be doing just that if it weren't for the internet. But if #BlackbridgeSpecial wasn't trending online he would've never met Hayden Prescott. He wouldn't be wondering why she won't make eye contact with him. He's supposed to teach her the skills to protect herself, but his ego is encouraging him to be her means of protection. She isn't impressed, and he's left wondering if she'll ever open her eyes and finally see him. Heroic Measures Opposites don't just attract.

They captivate. They entice. They beckon. As the medic for the Blackbridge Security team, he was just fine hanging out at the office in his spare time. Jude Morris was...boring. He didn't need excitement. He wasn't a thrill-seeker. Then he met a woman who was. Parker Maxwell, the only woman able to captivate, entice, and beckon him, was his antithesis. The up to his down. The light to his dark. The hot to his cold. He couldn't take his eyes off of her. She didn't seem to notice him. It's going to take heroic measures for this guy to win the girl. Series contains a band of brothers unwilling to just stand by and watch a woman in need, a foul-mouthed parrot who gets in everyone's business, and a level of steam you may not be ready for.

I certainly don't think that I need a personal bodyguard. That is until Hex comes along, and my whole world is turned upside down... Hex Running, always running... that's what I seem to do best. I left home to escape a failed romance with another dragon shapeshifter, and now I'm floating through life, refusing to get hurt by anyone. Until Kayla. No one will tell her the truth. Everyone seems to assume that she's too fragile, but I disagree. If no one will tell her about the man who has been stalking her, then how will she know how much danger she is in? As long as I don't fall for her, as long as I keep these unexpected feelings in check, I might just about be able to save her life... Maybe. Three Kingdoms Sondra never imagined that her search for love would lead to two men—and they never imagined that their love would be tested by the threat of war between their kingdoms. On the fertile planet of Udiss, a great dragon shifter species lived in peaceful harmony. Among this tribe of shifters was the beautiful Ruby Princess,

Sondra, who yearned for knowledge and, above all, love. While seeking answers in the Emerald Kingdom, she ran into Aizan—a handsome and intelligent prince who asks to join her. When she invites him to sit with her, Malik—another rather handsome prince—joins them. The pair are best friends and have been for ages, describing their adventures to the captivated princess who decides she doesn't want to choose between the two. She never imagined her search for love would end in the arms of two men, and she would soon find their union was written in the stars. Although the triad is deeply in love, the three kingdoms are at odds for the first time in centuries. The threat of war looms over the triad—and only a union of three can prevent a war between the kings. Riley is accepting of the relationship, but has a surprise of his own for the professor and Linne. That night, they are interrupted by someone that tells Riley the professor's secret— he is a dragon shifter. Later, Riley reveals the professor's secret to Linne, but also reveals his own. Lavender & Cinnamon Box Set: Books 1 -3 -

The pastry chef witch & the billionaire dragon-shifter: Not your mother's meet-cute... Book 1
The pastry chef witch & the billionaire dragon-shifter: Not your mother's meet-cute... So... it doesn't happen every day that you see a dragon shifter's junk, up close and personal. Well, you'd

think it's this witch's lucky day, but nope. Not even close. In fact, this day has been disastrous so far. But let me rewind the story for you. Hi, my name's Aubrey, and I own Lavender & Cinnamon, the award-winning pastry shop conveniently located in one of the coziest neighborhoods in Seattle. My life's filled with cupcake and hexes, and I like it exactly the way it is. Yesterday, I received ominous news from Mr. Stuart, my landlord—you guessed correctly, he's the owner of the junk mentioned before. Anyway, he wants to evict my shop to build a high-rise on top of it. The last thing I need is a domineering billionaire who thinks he can do whatever he wants because he's rich. Sure, the man is unbearably handsome, generously endowed (I took a good look at it) and makes me weak in the knees... but rest assured I won't give up my shop without a fight. Book 2 Hi! It's me, Aubrey, again! Lavender & Cinnamon remains open! Yeah for me! Unfortunately, that's the least of my worries. It turns out Andrew (you

remember Mr. Stuart and his enormous... attitude) and I were hexed and chained together by an invisible rope. It could be worse, you might think, being him a hunk and all. I'd agree with you if it weren't for the small detail of the striking blonde who just entered the scene. She's Andrew's fiancée. What? Did you see that coming? I sure didn't... Andrew better have a very good explanation for forgetting to mention he was engaged while he was enthusiastically groping me, or the chain hex will be the least of his problems. Book 3 Where were we? Right... I'm Aubrey, the witch and pastry chef from Seattle who got hexed alongside a handsome dragon-shifter. In the meantime, I might've fallen for the hunk (okay, I'll admit I'm head over heels in love with him), and he seems to be quite smitten with me as well—which, given my sparkling personality, shouldn't come as a surprise. The only problem is that both my dad and Andrew's ex-father-in-law are vehemently opposed to our idea of happily ever after and are

fighting us with fangs and spells. Plus, it would seem that our story started a few centuries ago... But love always conquers all, right?
