Saving Lives - Sandy Summers 2014-09-25

Examines the portrayal of nurses in the mass media, and the misconceptions that it fosters in the way that they are perceived by patients in comparison to the vital role that they actually play in saving lives.

Women on Top - Nancy Friday 2014-02-07

A classic work on how women think about sex, from the New York Times–bestselling author of *My Secret Garden* and *My Mother/Myself*. Nancy Friday’s groundbreaking books such as *Forbidden Flowers* offered an unprecedented

honest look at the inner fantasy lives of ordinary women. In *Women on Top*, Friday returns to this topic, collecting detailed sexual fantasies from over 150 contemporary women from diverse backgrounds. Based on intimate personal interviews and letters, this book updates the conversation started in her earlier works on women’s sexual fantasies, detailing how women’s erotic lives have changed—and remained the same. “This absorbing, titillating and empowering feminist book is also a ribald bedside companion.” —Publishers Weekly

Gay Male Pornography - Christopher N. Kendall 2004
The 2000 case of Little Sisters Book and Art Emporium v. Customs Canada provided Canada's highest court with its first opportunity to consider whether the analysis set out in R. v. Butler - in which the Supreme Court identified pornography as an issue of sex discrimination - applies to pornography intended for a lesbian or gay male audience. The Court held that it did, finding that, like heterosexual pornography, same-sex pornography also violates the sex equality interests of all Canadians. Christopher Kendall supports this finding, arguing that gay male pornography reinforces those social attitudes that create systemic inequality on the basis of sex and sexual orientation - misogyny and homophobia alike - by sexually conditioning gay men to those attitudes and practices. The author contends that as a result of litigation efforts like those brought by lesbian and gay activists in the Little Sisters case, the notion of

empowerment and the rejection of those values that daily result in all that is anti-gay have been replaced with a misguided community ethic and identity politic that encourages inequality. This is best exemplified in the gay male pornography defended in Little Sisters as "liberation" and "central to sexual freedom." Gay Male Pornography rejects the equality claims of gay male pro-pornography advocates and argues that there is little to be gained from sexualized conformity. To date, no one has taken the position that gay male pornography violates the legal right to sex equality. This book does that and, as such, it will be of value to scholars of law, sociology, and gender studies, as well as to all who have an interest in equality and justice.

Queer Ultraviolence - Fray Baroque
2013-10-01

This new slimmer version of QUV brings you all the punch of the first edition at half the price. With a new introduction, this prisoner friendly version is a must have. "Let's be explicit: We are

criminal queer anarchists and this world is not and can never be enough for us. We want to annihilate bourgeois morality and make ruins of this world. We're here to destroy what is destroying us. Let's be speaking of revolt. We are tracing the lineage of our queer criminality and charting the demise of the social order. And oh the nectar from which we drink: lesbian pirates raging the seas, queer rioters setting cop cars ablaze, sex parties amidst the decay of industrialism, bank robbers wearing pink triangles, mutual aid networks among sex workers and thieves, gangs of trannyfags bashing-the-fuck-back. We've been assured that each day could be our last. As such we've chosen to live as if every day is. In turn, we promise that the existent's days are numbered."

The Medieval Chastity Belt - A. Classen
2007-03-19

The chastity belt is one of those objects people have commonly identified with the 'dark' Middle Ages. This book analyzes the origin of this myth

and demonstrates how a convenient misconception, or contorted imagination, of an allegedly historical practice has led to profoundly flawed interpretations of control mechanisms used by jealous husbands.

Incinerate - Tessa Teevan 2014-02-16
When Knox Wellington opens the door to Charlie Davenport, he's not expecting the fiery brunette with whiskey colored eyes and a feisty personality. Sparks fly immediately, even though their initial meeting is nothing but hostile. Their chemistry is undeniable, but the chip on Knox's shoulder threatens to destroy any hope of him wooing the sweet, southern volunteer sent to help with his rehabilitation. Little does he know she's no Southern Belle, as she gives as good as she can take. As unexpected circumstances push them closer together, heads butt, patience is tested, and flames ignite as they dance around their mutual attraction, both of them jaded from broken pasts. They've both been burned before, so when their feelings of lust, desire, and

wanting are inflamed in the heat of the moment, will they finally be able to get over the pain of the past or will their relationship be reduced to ashes before it can ever really begin? While this book is a standalone, characters from Ignite, book 1, will appear in Knox's story.

Transfeminist Perspectives in and beyond Transgender and Gender Studies - Finn Enke
2012-05-04

Lambda Literary Award for Best Book in Transgender Nonfiction, 2013 If feminist studies and transgender studies are so intimately connected, why are they not more deeply integrated? Offering multidisciplinary models for this assimilation, the vibrant essays in *Transfeminist Perspectives in and beyond Transgender and Gender Studies* suggest timely and necessary changes for institutions of higher learning. Responding to the more visible presence of transgender persons as well as gender theories, the contributing essayists focus on how gender is practiced in academia, health

care, social services, and even national border patrols. Working from the premise that transgender is both material and cultural, the contributors address such aspects of the university as administration, sports, curriculum, pedagogy, and the appropriate location for transgender studies. Combining feminist theory, transgender studies, and activism centered on social diversity and justice, these essays examine how institutions as lived contexts shape everyday life.

A past tragedy has left Lily Holmes burdened with a devastating secret... Since the death of her twin sister, Lily can't bear to be touched. Not accidentally, not casually...and certainly not intimately. This makes it impossible for her to confess to her best friend Adam Roberts that she's in love with him. She can't give him the

sort of relationship he needs, so she watches in silence while he plans his wedding with someone else. Enter Nikoli Kinkaid, the campus manwhore... Nikoli is a self-proclaimed connoisseur of women, and he wants to add Lily to his list of conquests, but she wants nothing to do with him-until he makes her an offer she can't refuse. He'll teach her to enjoy human contact again, giving her a chance to win over Adam, while Nikoli uses all his considerable charm to seduce her. But Lily raises the stakes... Lily loves cars. Her late father was a racer, and she grew up under the hood of a car and on the racetrack. Nikoli has a limited edition 1970 Plymouth Barracuda she covets, so she informs him the terms of their deal also require he not sleep with anyone for six months. If he does, she'll win the car. If she surrenders and ends up in his bed, his beloved 'Cuda is his to keep. In an intricate dance of control and surrender, a reluctant friendship becomes something more. Lily begins to crave things she never believed she could,

Unbelievable - T. Christian Miller 2019-09-03
Now the Netflix Limited Series Unbelievable, starring Toni Collette, Merritt Wever, and

Kaitlyn Dever • Two Pulitzer Prize-winning journalists tell the riveting true crime story of a teenager charged with lying about having been raped—and the detectives who followed a winding path to arrive at the truth. “Gripping . . . [with a] John Grisham-worthy twist.”—Emily Bazelon, New York Times Book Review (Editors’ Choice) On August 11, 2008, eighteen-year-old Marie reported that a masked man broke into her apartment near Seattle, Washington, and raped her. Within days police and even those closest to Marie became suspicious of her story. The police swiftly pivoted and began investigating Marie. Confronted with inconsistencies in her story and the doubts of others, Marie broke down and said her story was a lie—a bid for attention. Police charged Marie with false reporting, and she was branded a liar. More than two years later, Colorado detective Stacy Galbraith was assigned to investigate a case of sexual assault. Describing the crime to her husband that night, Galbraith learned that

the case bore an eerie resemblance to a rape that had taken place months earlier in a nearby town. She joined forces with the detective on that case, Edna Hendershot, and the two soon discovered they were dealing with a serial rapist: a man who photographed his victims, threatening to release the images online, and whose calculated steps to erase all physical evidence suggested he might be a soldier or a cop. Through meticulous police work the detectives would eventually connect the rapist to other attacks in Colorado—and beyond. Based on investigative files and extensive interviews with the principals, Unbelievable is a serpentine tale of doubt, lies, and a hunt for justice, unveiling the disturbing truth of how sexual assault is investigated today—and the long history of skepticism toward rape victims. Previously published as A False Report [Tales from the Time Loop](#) - David Icke 2003 [Tales from the Time Loop](#) is the most comprehensive book yet written about the global

conspiracy that emerges more clearly every day.

David Icke has been warning for well over a decade of the plan for a world fascist state, a global version of Nazi Germany, in which the people will be prisoners of a Big Brother dictatorship founded on the suppression of the most fundamental freedoms and total control and surveillance. Today there is a gathering awareness that he was right. People are realising that Big Brother is no longer "coming." He's here.

[The Chastity Plot](#) - Lisabeth During 2021-04-23 In [The Chastity Plot](#), Lisabeth During tells the story of the rise, fall, and transformation of the ideal of chastity. From its role in the practice of asceticism to its associations with sovereignty, violence, and the purity of nature, it has been loved, honored, and despised. Obsession with chastity has played a powerful and disturbing role in our moral imagination. It has enforced patriarchy's double standards, complicated sexual relations, and imbedded in Western

culture a myth of gender that has been long contested by feminists. Still not yet fully understood, the chastity plot remains with us, and the metaphysics of purity continue to haunt literature, religion, and philosophy. Idealized and unattainable, sexual renunciation has shaped social institutions, political power, ethical norms, and clerical abuses. It has led to destruction and passion, to seductive fantasies that inspired saints and provoked libertines. As During shows, it should not be underestimated. Examining literature, religion, psychoanalysis, and cultural history from antiquity through the middle ages and into modernity, During provides a sweeping history of chastity and insight into its subversive potential. Instead of simply asking what chastity is, During considers what chastity can do, why we should care, and how it might provide a productive disruption, generating new ways of thinking about sex, integrity, and freedom.

Power from the People - Greg Pahl 2012-08-13

Over 90 percent of US power generation comes from large, centralized, highly polluting, nonrenewable sources of energy. It is delivered through long, brittle transmission lines, and then is squandered through inefficiency and waste. But it doesn't have to be that way. Communities can indeed produce their own local, renewable energy. *Power from the People* explores how homeowners, co-ops, nonprofit institutions, governments, and businesses are putting power in the hands of local communities through distributed energy programs and energy-efficiency measures. Using examples from around the nation - and occasionally from around the world - Greg Pahl explains how to plan, organize, finance, and launch community-scale energy projects that harvest energy from sun, wind, water, and earth. He also explains why community power is a necessary step on the path to energy security and community resilience - particularly as we face peak oil, cope with climate change, and address the need to

transition to a more sustainable future. This book - the second in the Chelsea Green Publishing Company and Post Carbon Institute's Community Resilience Series - also profiles numerous communitywide initiatives that can be replicated elsewhere.

Then I learned new rules. My name is Tyler Anselm Bell. I'm twenty-nine years old. Six months ago, I broke my vow of celibacy on the altar of my own church, and God help me, I would do it again.
