The Diviners - Rick Moody 2007-09-03

During one month in the autumn of election year 2000, scores of movie-business strivers are focused on one goal: getting a piece of an elusive, but surely huge, television saga, the one that opens with Huns sweeping through Mongolia and closes with a Mormon diviner in the Las Vegas desert; the sure-to-please-everyone multigenerational TV miniseries about diviners, those miracle workers who bring water to perpetually thirsty (and hungry and love-starved) humankind. Among the wannabes: Vanessa Meandro, hot-tempered head of Means of Production, an indie film company; her harried and varied staff; a Sikh cab driver, promoted to the office of -theory and practice of TV; a bipolar bicycle messenger, who makes a fateful mis-delivery; two celebrity publicists, the Vanderbilt girls; a thriller writer who gives Botox parties; the daughter of an L.A. big-shot, who is hired to fetch Vanessa's Krispy Kremes and more; a word man who coined the phrase -- inspired by a true story; and a supreme court justice who wants to write the script. A few true artists surface in the course of Moody's rollicking but intricately woven novel, and real emotion eventually blossoms for most of Vanessa's staff at Means of Production, even herself. The Diviners is a cautionary tale about pointless ambition; a richly detailed look at the interlocking worlds of money, politics, addiction, sex, work, and family in modern America; and a masterpiece of comedy that will bring Rick Moody to a still higher level of appreciation.

[Luckiest Girl Alive](#) - Jessica Knoll 2015-09-08

"In a riveting debut novel that reads like Prep meets Gone Girl, a young woman is determined to create the perfect life--husband, home, and career--until a violent incident from her past threatens to unravel everything and expose her most shocking secret of all. Twenty-eight-year-old New Yorker Ani FaNelli seems to have it all: she's a rising star at The Women's Magazine, impossibly fit, perfectly groomed, and about to marry Luke Harrison, a handsome blueblood. But behind that veneer of perfection lies a vulnerability that Ani holds close and buries deep--a very violent and public trauma from her past that has left her constantly trying to reinvent herself. And only she knows how far she would go to keep her secrets safe. When a documentary producer invites Ani to tell her side of the chilling incident that took place when she was a teenager at the prestigious Bradley School, she hopes it will be an opportunity for public vindication. Armed with the trappings of success--expensive clothes, high-powered byline, a massive engagement ring--she is determined to silence the whispers of suspicion and blame from her past, and prove once and for all how far she's come since Bradley. She'll even let them film her lavish wedding on Nantucket, the final step in her transformation. But perfection doesn't come without cost. As the wedding and filming converge, Ani's meticulously crafted facade begins to buckle and crack--until an explosive revelation offers her a final chance at redemption, even as it rocks her picture-perfect world. Equal parts glitz and darkness, and with a singular voice and twisting plot, Luckiest Girl Alive reads like Sex & the City--if Carrie Bradshaw had a closet full of skeletons instead of shoes. In Ani FaNelli, Jessica Knoll has created a complex and vulnerable heroine who you'll be rooting for to the very last page"--

Kids Who Murder - Ellie Hayes 2023-01-06

Generally naive about their world, children are thought to be nearly incapable of serious wrongdoing and are rarely suspects in violent crimes. Yet, from the 1960s to the mid-90s, the U.S. saw several waves of juvenile murders that caused widespread public concern. The phenomenon created longstanding debates about the sources or causes of a child killer's mindset. Some blame external triggers like video games, rock music or pornography, while others argue the causes are deeper issues, such as an underdeveloped brain experiencing abuse and neglect. The quest to uncover the causes of these crimes is ongoing, and how the American justice system should handle these young killers remains a controversy. This book assesses ten murder cases in modern American criminal history, examining the minds of the children who perpetrated them. Chapters compile decades of research on the psychology of child murderers in hopes of creating a more coherent understanding of why kids kill.

Black Friend - Ziwe 2023-10-17

From the writer crowned one of the smartest, funniest voices in modern America, this hotly anticipated debut collection of essays offers "a precious glimpse into how Ziwe's uniquely fearless mind functions" (New York Magazine) Ziwe made a name for herself by asking guests like Alyssa Milano, Fran Lebowitz, and Chet Hanks direct questions. In Black Friend, she turns her incisive perspective on both herself and the culture at large. Throughout the book, Ziwe combines pop-culture commentary and personal stories, which grapple with her own (mis)understanding of identity. From a hilarious case of mistaken identity via a jumbotron to a terrifying fight-or-flight encounter in the woods, Ziwe raises difficult questions for comedic relief. From Black Friend's Introduction: "Today, I learned that my book is ranked as the #1 new release in 'Discrimination and Racism' on Amazon. Wow. This is a huge honor, especially considering my stiff competition in the self-published manifestos space. Unfortunately, this victory is bittersweet. I worry that

people may get the wrong idea and think that I am pro-racism when in actuality, I am indifferent. Still, I'd love to thank everyone who made this possible. I solemnly swear to write the most discriminatory book in American history. I hope I can make you proud. "Just kidding . . . I will not marginalize you . . . unless that's your kink. This book of essays offers moments of extreme discomfort (and the subsequent growth) in my life around the role of 'black friend.' Black friends come in all shapes and sizes. Yet the archetype is often a two-dimensional character meant to support the non-black protagonists' more complex humanity. Some

black friends exist as the comic relief, like Donkey in any of the Shrek movies. Some are the sassy friend, like Louise from St. Louis in Sex and the City. Still others are the inexplicably sagacious companion, like Morpheus in The Matrix. It's impossible for these individual portraits to reflect my complicated reality. To start, they are fictional. One of them is a talking ass. I do not exist just to move plot. While I am a supportive friend, I am not a supporting character. I am the protagonist of my perfectly imperfect story."
