Written by former editors of "The Source and "Honey, this is the no-holds-barred astrological guide to ghettobility--a combination of mental fitness, trifenness, and street smarts. It tells you the real deal on your sign's personality in a way that no other astrology book can.

**Queer Astrology for Women** - Jill Dearman 2015-04-14

A hilariously irreverent and startlingly insightful astrology guide for lesbians. Jill Dearman is a breakthrough astrologer for our time. No one has approached the stars with her sass and class ever before! Her guide to astrology for lesbians is lively, revealing--and naughty! Sections include: in life, in bed, how to seduce her, doing her and dating her, how to last over the long haul, how to get rid of her, and the three faces of each sign. How to get rid of an Aquarius woman: Ms. Aquarius will pack her bags soon after you start invading her personal space and drowning her in too much nonstop and irrational emotion. Ms. Aquarius hates to feel trapped, so if you slowly take away all her freedoms, you will be watching her walk out the door faster than you can sing "This is the dawning of the..." The Cancer woman is intensely emotional...and her moods change with the tides. Not that you can ever completely figure her out. Would you dare to assume you could understand the sea or fully absorb or comprehend a beautiful piece of music? Or course not, you silly lesbian. So don't patronize this lovely woman. But getting rid of a Cancer woman: Please don't be a cad and pull off the old "I'm going out for a pack of cigarettes (or a bag of Kitty Litter)" and never come back routine. She'll have your mother sitting with her and holding her hand, worrying, before you've made it past the border. And a complete compatibility profile of each astrological combination: Take Aries and Cancer: The best part? They can be fiercely loyal and protective of each other. The worst part? They instinctively know how to hurt each other's feelings and often do, in a most brutal way. Ms. Aries, ruled by fire strikes quickly and forcefully and without thinking. "Don't eat that doughnut! It'll make you fat!" Ms Cancer, ruled by water, knows how to create a mood of subtle emotional torture. "I don't feel like being touched...No, I don't want to be alone. Can't we just sit together in the same room and not talk and not touch and not make such a big deal about it?"

*SignMates* - Bernie Ashman 2012-07-08

Somehow, your relationship that started out so wonderfully is having problems. Or perhaps you'd like to anticipate what problems could occur in a potential relationship. More importantly, you need to know how to resolve the problems. Problems of interpersonal relationships are most often caused because everyone has conscious and unconscious needs and behaviors that can conflict with those of another. Recognizing and dealing with them can save relationships. You'll find out how to do this in

Bernie Ashman's *SignMates*. Contrary to what some people think, your astrological sign doesn't "force" you to do anything. It is simply an indicator of what you are. By understanding how the signs relate, you can better understand relationships and how to overcome problems that may arise. In a nutshell, that is what this book will do for you. The book relates potential problems in a relationship between every sign of the zodiac. For example, if you are a Virgo and your partner is a Scorpio, you may play the "Sabotage Game," where you make it difficult for your partner to reach goals because of unresolved anger or jealousy. To deal with this you need to become aware of negative, unproductive comments and support your partner. Two other games and coping strategies are given. Or perhaps you are a Libra and your partner is an Aquarius. You may experience the "Lovers and Strangers Game" where your sense of closeness vacillates between extremes. This is a test to see if you can handle emotional heat. You have to be willing to simply and honestly discuss your feelings. Again, two more games and strategies for dealing with the conflicts that cause them are given. No matter what sign you and your partner are, this book will pinpoint the potential pitfalls and how to deal with them. Also included for each pairing is the good news, a "rainbow" at the end of the difficulties, which indicates how great such a relationship can be. Ideal for both non-astrologers and astrological pros, this book can help save your relationship.

Aries inside smell a good party and never miss the opportunity to have fun. For this reason, Aries often get married and get married at an early age. They need a partner, they want to feel welcome, failure is unbearable for them. Aries women need a partner to constantly confirm their desirability and attractiveness. Because of this, such women often develop a complex of possessiveness. Personally, what I like most in Aries is that, no matter how fierce they argue, at the end of the argument they know how to maintain friendly relations. Even after the most violent quarrel, a smile may appear on their face. And your Aries friend will tell you: "All is well, buddy! I still love you! "

**How to Be a Sexual God (in Three Easy Lessons!)** - Dusty White  
2008-12-18

This book is no longer for sale. I am removing it from the market now, and that should reflect on all channels by January 1st 2014. This book is

too dangerous in the wrong hands. I have sold several thousand print copies in an extremely short time and that is enough. I wrote this book 20 years ago. I was someone else back then. Thanks to everyone who bought this book and used it, but this book is no longer to be shared with the public. All digital editions have been removed and will not be available. I had fun writing it and selling it all through the 90's. But that was a long time ago. It is time to put this to bed and write on different subjects. This short course will make you socially adept in dealing with women for the rest of your life, and instruct you in the subtle arts of mastering great relationships. Two books are condensed into one comprehensive volume. The first provides a brutally honest, detailed analysis of every woman you will ever date: her strengths, weaknesses, her desires, and her most closely-guarded secrets - including how to spot her in a crowd, how to seduce her, and how to be rid of her if and when you no longer desire her company. The second book explores highly advanced concepts of manipulation and seduction utilized by the world's greatest pick-up artists and marketing masters. This text is presented to you without judgment, in such a way as to challenge everything you believe, so that you may examine your own mind, and break free from the manipulation of the women you desire most. The context is laid out using Astrology as a guidepost to shorten the learning curve, and help you get results fast.

With this information, you'll be able to grow and evolve into a better and more mature Aries woman. What are you waiting for?
