**Split Personality: Pink** - Paul Lester 2013-10-11

An updated edition of the bestselling biography to include details of her sixth studio album *The Truth About Love* which was a worldwide number one hit and the birth of her first child in 2011. Paul Lester traces the extraordinary career of Alicia Beth Moore from Pennsylvania through her stint in the girl group Choice to her present incarnation as global superstar Pink. *Split Personality* reveals the two sides of this complex artist: the feisty fun-filled performer who at thirty continues to conquer in a teen-dominated industry and the conflicted woman whose dark urges have fuelled her deceptively upbeat glossy brand of hi-tech pop. This is a pop biography that makes for a truly exciting read that's worthy of it's electrifying subject!

*The Lies I've Told* - J.L. Berg 2018-06-04

Things heat up when a sexy British artist takes a room in her family's inn. I thought I had it all figured out... And then he showed up. Growing up in a small town, I had one singular goal — get the heck out. After high school graduation, I never planned on moving back. However, life can throw some serious curveballs, and after losing my job, I seek solace at the safest place I know— my family's inn. That's when I meet him. Aiden Fisher is a British artist who has taken up residence just across the hallway. He's wicked hot, a huge flirt, and has one of the sexiest accents I've ever heard. Suddenly, this small town doesn't seem so terrible. But can I trust a man I just met... with my heart?

**Lawbreaking Ladies** - Erika Owen 2021-03-23

Discover 50 fascinating tales of female pirates, fraudsters, gamblers, bootleggers, serial killers, madams, and outlaws in this illustrated book

of lawbreaking and legendary women throughout the ages. Many of us are familiar with the popular slogan "Well-behaved women seldom make history." But that adage is taken to the next level in this book, which looks at women from the past who weren't afraid to break the law or challenge gender norms. From pirates to madams, gamblers to bootleggers, and serial killers to outlaws, women throughout the ages haven't always decided to be sugar, spice, and everything nice. In *Lawbreaking Ladies*, author Erika Owen tells the stories of 50 remarkable women whose rebellious and often criminal acts ought to solidify their place in history, including: - The swashbuckling pirate Ching Shih - "Queen of the Bootleggers" Gloria de Casares - The Prohibition-era gangster Stephanie Saint-Clair - And a band of prisoners who came to be known as the Goree Girls The perfect gift for true crime fans and lovers of little-known women's history, *Lawbreaking Ladies* serves as an engaging and informative guide to gals who were daring, defiant, and sometimes downright dangerous.

This is the story of a little girl in a small Appalachian mountain town during the depression. She had no relatives in the area except her mother and dad, yet she captivated an entire community with her comic and precocious antics. There was never a dull moment in Hayesville, North Carolina, when this little Pixie was *Winding Round the Square*. Go with her to meet the people she loved, and travel back to another time and place. It was the hardest of times, and yet the best of times because the spirit of the mountain people made it so. You will feel that you have lived these times with them.

*John Waters* - James Egan 2011-09-13

The films of John Waters (b. 1946) are some of the most powerful send-ups of conventional film forms and expectations since Luis Bu-uel and Salvador Dali's *Un Chien Andalou*. In attempting to reinvigorate the experience of movie-going with his shock comedy, Waters has been willing to take the chance of offending nearly everyone. His characters have great dignity and resourcefulness, taking what's different or unacceptable or grotesque about themselves, heightening it and turning it into a handmade personal style. The interviews collected here span Waters's career from 1965 to 2010 and include a new one exclusive to this edition. Waters began making films in his hometown of Baltimore in 1964. Demonstrating an innate talent at capturing the hideous and crude and elevating it to art, he reached international acclaim with his outrageous shock comedy *Pink Flamingos*. This landmark film redefined cinema and became a cult classic. Appearing in this and many of Waters's early films, his star Divine would consistently challenge gender definitions. With *Polyester*, Waters entered the mainstream. The film starred Divine as an unhappy housewife who romances a former teen idol

played by Tab Hunter. Waters's commercial breakthrough, *Hairspray*, told the story of Baltimore's televised sock-hop program, *The Corny Collins Show*, and how one brave girl (Ricki Lake) used her platform as a dancer to end segregation in her town. From *Serial Mom* and *Pecker* to *Cecil B. Demented*, Waters continued to infiltrate the mainstream with his unique approach to filmmaking. As a visual artist, he was given a retrospective at the New Museum of Contemporary Art in 2004, which

was shown at galleries around the world.
