In a world where it's no longer acceptable besides bars and clubs to tell her she's attractive (at least without being rejected, receiving a sexual harassment lawsuit, and being publicly humiliated), there is only one place left for guys to go that's safe to approach women and where women WANT a man's attention: Online dating. When it comes to online dating, some men love it, while others shun it like a de-masculinizing plague. Online dating has a bad reputation among certain groups of men as being a waste of time or even an excuse to not meet women in the real world. But they have no idea that, with just a few hacks, online dating will save any man from a loveless, sexless existence. Love it or hate it, online dating is here to stay. This is the most comprehensive book on the market for online dating geared specifically toward men. Too many men have tried online dating, only to report that no woman answered their hundreds of messages and the dates they did have didn't end up going anywhere. This book will teach you what every other guy has been doing WRONG: - How to maximize your potential attractiveness to women - How to build the best online dating profile - How to send messages to women that ACTUALLY get responses - How to talk to women and get them to date you - How to get a one-night-stand from online dating - How to find a long-term relationship with online dating Throughout this book filled with raw experience and humor with a tough edge, you will learn all about the true psychology of women and how to "hack" their hypergamous nature using the techniques and tactics of online dating. Online dating might seem like rejection after rejection, but this book will teach you how to play the numbers game to your advantage and win more easily than every other guy on the web! About the Expert: Adam Glasier holds a PhD in Pickup Lines and is a distinguished professor of Online Dating at the National Pickup Artist Academy, where he wrote his oft-cited thesis on the

Internet Approach—at least he would have if such an institution existed. His online dating career has lasted more than half a decade, and with more than a dozen full-fledged lays under his belt, Glasier is statistically one of the most successful men at finding love and sex from the internet. When he isn't messaging and meeting women with online dating or writing about those experiences, you'll find Adam pumping iron at the gym, building house-related projects, and basically doing everything that normal people do to survive. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

Are you tired of the bar and nightclub scene, always spending huge amount of money on drinks only to go home with nothing but blue balls? Or you're just so caught up with work that meeting women normally just don't work out for you? STOP what you're doing now! Online Dating is your solution. You may have done it, and it didn't work out for you... Or you have thought about trying online dating but don't want to seem desperate, as all your guy friends might make fun of you, having this stigma that it's probably for losers and creepy guys, with their hairline nearly balding, with their waist pushing out right from under them and wearing their thick glasses, sitting behind the computer in a dark corner, watching porno all day. But, the fact is, statistically more single

people are using online dating more than ever, and you are more likely to easily find that quality person in your life to settle down with faster through online dating, instead of hoping to randomly bump into her one day in the real world and that things will work out. Plus, let you in on a dark secret...just because a woman is online, she is only looking to settle down. Women are just like guys; they are horny and want to get laid! Simply put, "online dating is NOT for losers!" Those who say it is, just don't know how to do it and are just not getting any action, or never even done it and don't realize the full power of it. You can meet more women online in a lifetime than you do offline. That's the beauty and ease of online dating. However, don't think due to the convenience of online dating, that it's easy. You have to play your cards right.
