Texting can do wonders when done in the right way, and that is what we are going to show you in this book. We know facing a lady for the first time is always very nervous and this is where many men fail, when they walk away feeling like losers and the ladies are left wondering what a coward you are. The information in this book has been narrowed down to using texting as a tool to lure a lady and make her want to be with you and stick with you as your woman. When used properly, texting will reveal the kind of person you are and the lady will be able to know the kind of a man she is giving her time to. Eventually she will make her mind whether to agree to your request or simply throw your pleas to the usual dustbin of losers. The battle starts when you plan to engage a certain lady in a

conversation, because the process of asking her for the number is an action that gives many men Goosebumps. Not to worry, we will show you how to take that first step and get the vital number that will link you to that lovely lady who is giving you sleepless nights when you think of how lovely she is, and how much you want to spend time with her. We however need to get some facts right before we get too much into the power of texting when you want a woman. Your failure to get the lady you want may be due to poor interaction or communication techniques, and the fact that you can type some lovely words on your Smartphone instead of voicing them does not guarantee that the lady will accept your requests. You need to do it right to get her attracted to you. The texting style should create enough rapport and attraction for the lady you want to spend your precious time with, and the effort should not go down the drain because the connection of the hard work should be solid. Have a look at how you are supposed to initiate a conversation that will lead to great friendship. This book gives a comprehensive guide on the following: - The approach - Getting her phone number the right way - The perfect first text - Structure of an effective text messaging plan - Bad text messaging behaviors - Turn her on through texts - Sexualizing text messages - Avoid getting rejected by text message - Playing the game with roles - Do's and don'ts: how to be a gentleman - Turning a text into a date - Starting a long-term relationship... When certain men come across high-quality women, they would treat her with the utmost respect, and they give her their time and attention to the fullest. These are what's known as high-quality men. This should intrigue him further and intensify his efforts to worm his way to the top of your to-do list. After all, time apart gives him a chance to miss you. How to Keep The Romance Alive in a Relationship Romance is one of the few things that differentiate a sexual relationship from other types of close relationships. Dating Deal Breakers That Drive Men Away - Bruce Bryans 2020-05-29

Discover the Most Common Dating "Red Flags" that Scare Good Men Away Commitment-ready, relationship-minded men have a low tolerance policy for any factor that might make a woman appear "unequipped" to take on a serious relationship. Just like the goodhearted women who want nothing more than to find the right man to love and someday build a life with, relationship-minded men want desperately to avoid falling in love with someone that could make their life a living hell. Because of this, guys like this are VERY discriminating when assessing a woman's long-term relationship potential. And they won't think twice about dismissing a woman once they realize she's not really "Girlfriend Material", and thus, not worth their time and attention. Relationship-minded men are less likely to waste a woman's time because their time is extremely precious to them. Because they value commitment, relationships, social and family ties very highly, they date with the intention of finding a woman they can someday build a life with. Discover the Hidden Factors Men Use to Determine if a Woman is Worth Dating As a man matures he becomes less trusting of a woman's physical beauty and charm. Instead, when evaluating her long-term relationship potential, he places greater attention on the quality of her personal character (or lack thereof), as well as those things that have a direct or indirect influence upon her character; such as the people, places, and things in her life. After a woman has passed a man's physical appearance test, he will gauge her level of chemistry with him (the way she makes him feel). And once a man realizes that he has a good enough amount of chemistry with a woman, over time he will slowly evaluate various

aspects of her character in order to determine if she is, in fact, a woman worth dating for long-term love and perhaps even marriage. How to Avoid Chasing Men Away and Finally Get the Relationship You Want Because commitment-minded men are more likely to assess a woman's relationship potential based on her character rather than her physical appearance or interpersonal chemistry alone, this short and concise book focuses on the most common deal-breaking "red flags" that stem from a woman's character (as well as those things that affect her character). This book was designed to provide women with an inside look at how men think and what men want in a woman when they're ready for a serious relationship. In it, you're going to see things from a man's point of view, as you discover the various aspects about a woman's life and behavior that might force a man to lose interest in her and disappear without a trace. Here's what you're going to learn inside: The one area of your life that high-quality men are DEEPLY concerned about, and how they secretly use it to judge your character (or lack thereof). How to easily maintain a DEEP emotional connection to a man by avoiding one simple relationship mistake. (Hint: This is the one mistake many women unknowingly struggle with.) An irritating habit that causes high-quality men to stop pursuing a woman almost INSTANTLY. How to be a high-value woman in the MOST important area of a man's life and make him see you as potential "Wife Material." A "man-repelling" female attitude that DRIVES good men away, and pushes them into the arms of "lesser" women. How to avoid KILLING a man's natural desire to please you by giving him the one thing ALL men desperately crave but would NEVER ask for from a woman. And much, much more... Would You Like to Know More? Get started now and discover the most common relationship-killers that cause men to quickly lose interest, pull away, and disappear.
