How to Satisfy Your Woman Larry Lewitan 2010-08 Why are most women unhappy with their man's performance in bed? Why do most men not have a clue how to sexually satisfy their woman? The author maintains that sexual unhappiness in a relationship is caused by the man's lack of experience, knowledge and understanding when it comes to satisfying his woman. He also maintains that sex is the most important pillar in a relationship, and that without good sex no relationship can survive! These are strong statements, and the book offers powerful solutions by going to the root cause of sexual unhappiness among couples. Written in explicit, uninhibited language, the kind that men can understand, this is an uncensored guidebook that instructs men on how to satisfy their woman. It holds nothing back. The sexual techniques that it details, as well as the wisdom that it presents, will allow men to be able to sexually satisfy their woman the way she dreams of being satisfied. Women will read it too. They'll enjoy the tongue-in-cheek humor and be thrilled that one of the world's best kept secrets (how to make love to a woman) is finally coming out of the closet. If their men don't buy this book, it's certain they'll be buying it for them.

small penis might be quite difficult if you don't understand the basics behind making a woman orgasm. Before writing this masterpiece, I spoke to more than 500 women who have experienced orgasm. The statistics are written below; 51% said that they anticipated the sex so badly that they climaxed few minutes after the man started thrusting. 30% said that the man started out with a fantastic foreplay and hit the right spots when he started thrusting. 19% said that they had no idea what the man did, but the sex was wonderful. The question is where exactly is the right spot? If you know about the G-spot but have no idea how to hit it right during sex, then there is a problem. This book will show you exactly how you can make a woman anticipate sex so bad that you would have a field day getting her to climax The right way to go about foreplay, thrusting, and making her climax, even when you have a small penis. How to satisfy a woman is simple if you can just read this book. Sex positions are not imperative when it comes to pleasing a woman on the bed. It is all in a woman's head!!!

One reason for this is that a woman will go to any lengths to cling to and adore a man who can sexually please her. There is the knowledge you need to have about the nature of a woman when it comes to sex. You need to understand why "sex is a woman." "In this book, you will find the complete truth about pleasing a woman sexually." It goes beyond sticking your penis into the vagina. You must understand how to get a woman's attention. Understand why "sex is a woman" before continuing. Learning how to stimulate a woman for a long time is essential. ejaculation during sex with a lady and stay long in her eager vagina, you must first understand the causes of it. You will learn about all these things as you go through this book *How to Satisfy a Woman in bed, The Magical Formula for Multiple Orgasms* Before creating this well-known book on *How to Satisfy a Woman in bed, The Magical Formula for Multiple Orgasms*-I spoke with close to 2500 women. Every single one of them had faked an orgasm during sex at some point in their lives, with 60% of them doing so every time, I discovered when I asked them about their pleasure with their sex lives. These women need a book designed for guys that explains why their women are staging orgasms and what they can do to stop it, not another fancy sex manual with intricate positions. Many of the assumptions men frequently hold about what a woman wants in bed are examined by Charles Clinton. He explains what repels women and what attracts them The author also talks about the value of love and commitment in marriage, romantic fantasies, and the advantages of excellent health for enhancing sexual energy. A more straightforward, down-to-earth manual on how to give and receive sexual pleasure has been written. You can use this book as a license to appease your beloved wife and girlfriend. When making love, a man is obsessed with numerous thoughts, such as: Is she enjoying it? Is she staging the orgasm to boost my male ego? What if she meets a different man who is more effective at it? Do not worry; this book has got you covered because it teaches you how to discover every woman's erogenous zones, where and when to start after initiating foreplay, and the best sexual positions that can give her multiple orgasms easily. Once you follow the steps highlighted in this book, your woman must acknowledge you as an actor in the game and always ask for more sex. This book is an antidote to divorce and unpleasable sex. *She Cums First and Now* J. Covey 2019-09-09 SEX: Do You Want Her to Squirt? Do You Want to Be the Greatest Lover Ever in Bed? Do It My Way Joel Block 2013-08 Do It My way - The New Sexually Assertive Woman describes the emergence of a new type of woman who is comfortable sexually asserting herself to her partner. Such a woman directs her partner in how to satisfy her sexually. Its message to women who are not finding satisfaction in sex is that they must teach their partner on how to give them good sex. They do this by explicitly telling their partner what to do, when to do it, and how to do it so that they experience sexual satisfaction. Such women know that their partner loves it when they take such an active role in sex and that sex is better for both of them. The new sexually assertive woman frees herself from the bondage of the good girl stereotype that only bad girls take an active role in sex.

**Sex Bible for Women** Susan Crain Bakos 2008-07-01 Most books on sexuality teach women that satisfying their partner is the key to a great sexual experience. However, for most women, great sex is predicated on understanding their own bodies and desires first. Moreover, a woman's sexual desires and preferences aren't fixed—they are greatly impacted by physical changes such as pregnancy, menopause, and hormonal fluctuations. This sensual yet practical guide provides a comprehensive overview of all the sexual options available for women throughout their lifetime. Intrepid sex journalist and expert Susan Crain Bakos shows women how to sexually satisfy themselves and their partners, through masturbation, touching, oral sex, and intercourse. Racy, full-color photographs instruct women on positions, foreplay techniques, and how to use sex toys on themselves or others. Women gain a deeper understanding of their own unique physiology, how to achieve orgasm, and how to stay healthy as they explore different sexual options.

The Art of Female Pleasure Gabrielle Cerise 2007-04-01 Want to Really Satisfy a Woman? Then read on...Based on empirical evidence, women in same sex encounters report more pleasure and satisfaction. According to the groundbreaking Shere Hite report on Female Sexuality (described as one of the 100 key books of our time by the Times) 52% of women in the UK ALWAYS orgasm when with a woman!! In Australia and New Zealand that's even higher! 60 % and 61% respectively. Furthermore when asked 'are you curious or would you like to try a sexual relationship with a woman'. . . .71% of UK women said yes! And in Australia and New Zealand its 78% and 80%.Furthermore ancient texts advocate the immense sexual potential of women, in fact in 15AD a spiritual leader in the East declared that when God was giving out sexual desire one tenth went to men, and a whopping nine tenths went to women! Through it all, one truth has remained - women inherently know how to please and satisfy women in a way that, until now, has received little recognition. The Kama Sutra, Ananga Ranga, The Perfumed Garden, and The Tao have all touched

upon these areas, but none have fully explored the process and learning to be gained by women who love women. Intense desire, coupled with a not so fulfilling bedroom life, means a tide of sexual frustration sweeping many women! However the situation is not as bleak as it seems. In discussions with numerous bisexual and lesbian women a number of factors have been isolated which may hold the key to bringing pleasure and satisfaction to many women. - Develop a great appreciation of your partners body. Large, small, simply show your appreciation in words or touch, make her feel truly admired. - Facilitate relaxation. In other words take the time to relax the lady in your life - talk, give her a massage, rub her hands, play some music. Remember relaxation precedes arousal - therefore the more relaxed the lady, the greater will be her arousal, and response to your touch. - Increase your foreplay repertoire! For many couples there seem to be degree of focus on two strategic points. By expanding your vision to include often neglected areas such as the neck, back, forehead, eyes, hips, hands - you will be able to provide greater stimulation to her body, and increase arousal. Just make sure you keep this up for at least 20 - 30 minutes to create the desired effect. - Holistic seduction : Vary the stimulation when seducing your love object. Find out her likes and dislikes, interests, hobbies, and talk about them. Make her really feel listened to.. Now use your body language, words, questions, and atmosphere to create the seduction. Your body language should be open and relaxed; your words gentle and pleasing to the mind; the tone of your voice - deep, gentle and steady; slowly steer your line of questioning to sensual topics - i.e. her favorite food, types of massage she likes, the forms of art she admires. This will stimulate her inherent sensuality. - Holistic lovemaking : involve her mind, body and soul. The central idea here is to fundamentally create a sense of connection. By creating this feeling, you will be involving her mind, body and soul in the process, and thereby increase her response to you and her pleasure. Tantric exercise such as simply

looking into each other's eyes - creates an intense bond, and fires neurons in the brain responsible for making us feel grounded, protected, and valued. Lie face to face, or sit face to face and simply gaze into each other's eyes. A variation of this is to sit, lie, or stand face to face (with eyes closed and foreheads touching) and simply feel the connection. Once you are familiar with these exercises try co-ordinating your breathing, to create an even greater feeling of connection.- Discover her body, find out her preferences! Is she a G-Spot or clitoral woman? Taylor you positions to give her - her favorite stimulation. As a general rule - positions which stimulate the clitoris are usually face to face, and those tha

need to be fully sexually fit. That is the chief rule you should memorize. Every time I write a new book, I try to help people and give them useful and helpful information. I am so sad when some men, who face sexual problems, decide to search the treatment in different websites, blogs and forums. I am sure that such men are so disappointed, when suggestions and advices from web do not help them and their problems still remain. Information given in websites is mere thoughts of the same problematic, non-professional men and they usually harm rather than help you. The guidelines given in forums are often very short and are not applicable to every individual person My recommendations will help you to improve your relationship with women, your understanding and the quality of your sexual life. Information given in this book will be practical and helpful for every man, not depending on your age, race, religion, beauty, sexuality, education and financial status. Just read, contemplate, and apply the instructions in your life. After finishing reading this book, you will discover yourself more sexually and psychologically educated. You will obtain self-confidence and your self-estimation will considerably rise up. My book changes your worldview and your look at different things. Do not consider the book as a common sex guide, because it is not what you are anticipating to be. It is totally universal book. It teaches you to be handsome and stylish, sexy and vogueish, professional and seductive. To succeed in any activity, you need to be morally and mentally prepared. That is why I began my book from chapters, which will prepare you mentally for your sexual success. To physically and morally satisfy a woman, you need to superbly know her psychology, complexes, wishes, aims, dreams and sexual secrets, which can be unsealed by the methods, taught in my book. When I started to write this book, I did not put an aim in front of myself to make a perfect seducer from you. No. I want to make you perfect and ideal man in the field of women communications. If you really understand what I tell you in this book, you will become a

main reason why Women love a larger penis has to do with the structure of the vagina. There are enough pleasure centers that are located deep into the vagina and around the side walls of the vagina. **What Women Want in the Bedroom** Terrence Walker 2015-01-13 Roni sets out to find out what women want in the bedroom. His ultimate goal is to satisfy them sexually. He is willing to do almost anything the women ask him to do. He started out being a gigolo, but before his journey is done he has become more, or less a john paying the women to have sex with them to satisfy their sexual needs. But once he meets his stalker Grace, she is willing to do almost anything to win him over. This includes paying him, or blackmailing him to have sex with her. Now he knows what women want in the bedroom and what women don't want in the bedroom. Most women want a good love maker. They want someone that can satisfy them with oral sex that good tongue action. You will know when you are doing it right. She will be moaning and groaning making all those weird sounds and noises. She will be trying her best to scoot away from that tongue action, but wanting more. She will be busting juices all in your face. They are looking for a man that can stay hard with his penis for at least twenty minutes and that depends on how old the woman is. If you are a two to five minute man and you cannot get it back up, you are probably more than likely wasting her time. Unless she's an elderly woman and she's just trying to get a quickie in, because any time much longer causes her some type of pain. Your penis size does matter to most women. But it matters even more to them if you don't know how to use it. Usually they want an above size penis, seven to eight inches is the preferable size. However, if you have an above size penis that alone may not satisfy them especially if you are just jamming it in them. Some women want good pain. But most women don't want

extreme pain where you are hurting them. Good pain is when she feels your entire penis in her and you're not hurting her. It feels good to her, she wants more sex. Extreme pain is when you cannot put your entire penis in her, but you continue to try and jam it in her. It feels like you are tearing something inside her. It's hurting her. Women want to snuggle up, cuddle in the bedroom and watch a movie together. She would like that even more than you embracing her while watching a movie at a theater, because in the bedroom the both of you are in a secluded room. Not only do women want to cuddle, they want foreplay. They want to be kissed on. They want to be touched. and rubbed on. Men do not expect women to give you head if you're not willing to go down on them and give them head in return. When you first get with a woman don't go running your mouth gossiping like a woman telling your boys that you had sex with her last night. Because that may be the last time you get, or lick on her goodies again. Men don't talk to women like you're the shit in bed and you're only a two minute man. Especially if it takes you days, or a week before you can perform for another two more minutes again. You may have gotten her excited anticipating that you're going to perform much longer than you can. Don't get yourself off and forget about your woman. Men, women don't like that. Men don't say you have a foot long in your pants, when you're only carrying a half of foot long. It's not like she won't notice it when you're having sex with her. Women like men to engage during sex. Don't make the woman do all the work. And don't just stare at the woman during sex, it might seem a little creepy to her. Men don't tell women that you suck a mean clit and you don't know what you're doing when you go down on her. If you don't know how to use your tongue keep it in your mouth, or don't waste her time trying. Men don't be afraid to ask her what she wants you to do to her in the bedroom. Remember it's all about keeping her happy. You wouldn't want your woman to get mad at you and take those goodies away from you for a short period of time. Now
