The Rosie Project Graeme Simsion 2013-10-01 The international bestselling romantic comedy "bursting with warmth, emotional depth, and...humor," (Entertainment Weekly) featuring the oddly charming, socially challenged genetics professor, Don, as he seeks true love. The art of love is never a science: Meet Don Tillman, a brilliant yet socially inept professor of genetics, who's decided it's time he found a wife. In the orderly, evidence-based manner with which Don approaches all things, he designs the Wife Project to find his perfect partner: a sixteen-page, scientifically valid survey to filter out the drinkers, the smokers, the late arrivers. Rosie Jarman possesses all these qualities. Don easily disqualifies her as a candidate for The Wife Project (even if she is "quite intelligent for a barmaid"). But Don is intrigued by Rosie's own quest to identify her biological father. When an unlikely relationship develops as they collaborate on The Father Project, Don is forced to confront the spontaneous whirlwind that is Rosie—and the realization that, despite your best scientific efforts, you don't find love, it finds you. Arrestingly endearing and entirely unconventional, Graeme Simsion's distinctive debut "navigates the choppy waters of adult relationships, both romantic and platonic, with a fresh take (USA TODAY). "Filled with humor and plenty of heart, The Rosie Project is a delightful reminder that all of us, no matter how we're wired, just want to fit in" (Chicago Tribune).

Shuttergirl CD Reiss 2015-05-18 I never forgot her. Not for one minute. Not from the last time I saw her, at seventeen, to today. I measured all women against her and all women came up short. But being with her was unfeasible in high school, and it's taboo now. I see her sometimes, but I've never spoken to her. She runs, or I run. We're in the same town, on the same block, in the same building, and the gulf between us is just too wide to cross. Until tonight. --- He was my high school crush, back when I lived in a world that didn't want me. He was the perfect boy, and I was the outcast kid from the other side of town. And when he held my hand I thought I could fit in, just a little. I thought I could be his and he could be mine. Then he left, and my life fell apart. Now we are the king and queen of opposite sides of Hollywood. And we haven't spoken a word to each other. Until tonight. PRAISE: "A confident, badass heroine and a swoon worthy, good guy find each other in CD Reiss's latest contemporary romance. It's a Hollywood affair with more colors of reality than fairytale, depicting an honest and endearing paparazzi meets movie star relationship that captures all the swoon and flutters of the best love stories. With strikingly beautiful prose and the contrasting gritty, vivid Los Angeles setting, SHUTTERGIRL is Reiss's finest work yet." —Laurelin Paige, author of the bestselling Fixed Trilogy "Engaging, sexy, and noteworthy, SHUTTERGIRL is just another example of why CD Reiss is one of my go to authors. Her clean writing style, flawed but relatable characters, and well-crafted story make this book one that's hard to put down even after you read the last page." —Kristy Bromberg, bestselling author of the Driven Trilogy "I went into SHUTTERGIRL not knowing what magic CD Reiss had created. Instantly, I was swept away with perfect prose, incredible imagery, and a character connection I loved. In my mind, it was a perfect modern day fairy-tale where the loved and hated try to bridge the chasm of society's unwritten laws and listen to what they want, rather than what Hollywood tells them. It's the shit. Buy it." —Pepper Winters, bestselling author of the Monsters in the Dark series "Forbidden yet sweet. SHUTTERGIRL will make you believe that love has the power to break down all barriers. CD Reiss shows us her sweet side, but still manages to keep things sexy as hell." —Claire Conteras, author of THERE IS NO LIGHT IN DARKNESS "Tender romance, smart writing. A total winner. Smart and romantic with characters you will root for until the end. I'm already looking forward to reading this book again. A story rich with tenderness and romance, written with the intelligence and wit that is all CD Reiss. I loved everything about SHUTTERGIRL!" —Mia Sheridan, bestselling author of the Sign of Love series

War Beyond the Battlefield David Grondin 2013-09-13 In an effort to make sense of war beyond the battlefield in studying the wars that were captured under the rubric of the "War on Terror", this special issue book seeks to explore the complex spatial relationships between war and the spaces that one is not used to thinking of as the battlefield. It focuses on the conflicts that still animate the spaces and places where violence has been launched and that the war has not left untouched. In focusing on war beyond the battlefield, it is not that the battlefield as the place where war is waged has gone in smoke or has borne out of importance, it is rather the case that the battlefield has been dis-placed, re-designed, re-shaped and rethought through new spatializing practices of warfare. These new spaces of war - new in the sense that they are not traditionally thought of as spaces where war takes place or is brought to - are television screens, cellular phones and bandwidth, George W. Bush's ranch in Crawford, Texas, videogames, popular culture sites, news media, blogs, and so on. These spaces of war beyond the battlefield are crucial to understanding what goes on the battlefield, in Iraq, Afghanistan, or in other fronts of the War on Terror (such as the homeland) - to understand how terror has globally been waged beyond the battlefield. This book was originally published as a special issue of *Geopolitics*.

Cooking For My Gluten Free Girlfriend Chris Brown 2015-04-07 This book is a collections of gluten-free recipes from the 2013 year. Originally I was going to make a year's worth of recipes and the following year I would post them to an internet blog. Half way through the year I didn't like that idea anymore, I wanted to go right to the book. I came up with the idea of a 'book blog' which is more or less the same thing as a blog, just in book form rather than on the internet. A glorified Christmas Letter if you will, with recipes to accompany it. I did in the end, try to include as many different types of recipes as I could, with a good mix of breakfasts, lunches, dinners and deserts.

The Guyde Howie Reith 2016-11-19 The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines; instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn

how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.

Law, Video Games, Virtual Realities Dale Mitchell 2023-10-20 This edited volume explores the intersection between the coded realm of the video game and the equally codified space of law through an insightful collection of critical readings. Law is the ultimate multiplayer role-playing game. Involving a process of world-creation, law presents and codifies the parameters of licit and permitted behaviour, requiring individuals to engage their roles as a legal subject - the player-avatar of law - in order to be recognised, perform legal actions, activate rights or fulfil legal duties. Although traditional forms of law (copyright, property, privacy, freedom of expression) externally regulate the permissible content, form, dissemination, rights and behaviours of game designers, publishers, and players, this collection examines how players simulate, relate, and engage with environments and experiences shaped by legality in the realm of video game space. Featuring critical readings of video games as a means of understanding law and justice, this book contributes to the developing field of cultural legal studies, but will also be of interest to other legal theorists, socio-legal scholars, and games theorists.
