*All About Love* - bell hooks 2018-01-30

A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. “The word ‘love’ is most often defined as a noun, yet we would all love better if we used it as a verb,” writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society’s failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question “What is love?” her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the “100 Visionaries Who Can Change Your Life.” *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

So she decides to write her story in the form of a play giving vent to her artistic vein, before the ghost dancer make her wiah to cutting the veins of them both, tormenting her from head to toe. As it were not enough many tangles and so many caveats and ties to be untied sneakers, here comes another ghost that looks like it came to torment her too. Giovanni, boyfriend and possible serial killer, and that also seems to have a deep relationship with the teenager proves to be helpful and kind to her, but everything seems to be just a clever way to conquer her world to dominate her and make she do everything he tells her to do, to insert her in their midst to be involved in the same case. Then he begins to tell the story from his point of view. Having two versions, in which one is she going to believe? And as she finishes her own story, will she be able to convey? She hopes to resolve the issue as soon as possible, before they devour or engage her further in a tangle of misunderstandings. Or she will start to disbelieve her own ears and lose herself in the path of her own acquittal tied into an emotional imbalance that at first reveals a tough ancestor line to tread. For this she will need all her courage thus find heroin in her veins, to be able to go face her faith... Or her dreadful fate.
