Getting Pregnant Fast and How to Predict Your Baby Gender Box Set Learn Now How to Optimize Ovulation and Getting Pregnant Fast There are millions of couples who have been trying to get pregnant for a long time. For some couples it takes the first month of trying. For other couples, it can be a tedious wait of 6 years or more! If you find yourself in this category, remember that you are not alone! While it can be an incredibly frustrating journey that is out of our control, there is hope. This reference book is here to optimize your chances of getting pregnant as you through the journey of conception. Conceiving a child is truly a miracle! Being fertile at the right moment is not an easy proposition. There are many factors that need to be taken into consideration when trying to get

pregnant. Once you start the journey of conception, you'll find that people advise you to exercise patience. According to these people, getting pregnant is no similar than turning on a light switch. However, this is not necessarily true. Patience, although good and solid advice, may not be enough to help you get pregnant. Patience may not be enough due to many factors that determine whether you will get pregnant in this month or not. You may have all the time in the world to get pregnant, but if you aren't paying attention to some of the key factors, you'll miss the mark every time. Here Is A Preview Of What You'll Learn... What to Expect Before You're Expecting - Heidi Murkoff 2017-10-03

What to expect. . . the first step. Answers to all your baby-making questions. Are there ways to improve our chances of having a girl (or boy)? Does stress affect fertility? Should we be having

sex every day? Every other day? Three times a day? I'm 37. Does that mean I'll have a harder time getting pregnant? How long should we keep trying to conceive before we get some help? What fertility treatments are available—and how will we be able to pay for them? Expecting to expect? Plan ahead. Here's everything you need to know to help prepare for the healthiest possible pregnancy and the healthiest possible baby. Filled with practical tips, empathetic advice, and savvy strategies, all designed to help you get that baby of your dreams on board faster. How to get your body into the best baby-making shape. Which foods feed fertility. Which lifestyle habits to quit and which to cultivate. All about baby-making sex, from timing to positions to logistics—and how to keep it sexy. Figuring out your fertility (and his). When to seek fertility help, and the latest on tests, treatments, and reproductive technology. Expecting to become a dad? This book has you covered, too. Plus, all about the family-building options for single women and same-sex couples.

The Ultimate Guide to Pregnancy for Lesbians - Rachel Pepper 2008-09-05

The Ultimate Guide to Pregnancy for Lesbians covers everything you need to make the thrilling and challenging journey to motherhood: from choosing a donor to tracking fertility to signing the right papers on the dotted lines. Rachel Pepper's lively, easy-to-read guide is the first place to go for up-to-date information and sage advice on everything from sex in the sixth month to negotiating family roles. Why a second edition? When the acclaimed first edition appeared, the author's daughter was only a few months old. This new edition takes into account the parenting know-how Pepper has developed over the intervening six years, as well as the evolving legal status of lesbian parents, and the increasing importance of the Internet for information on fertility, sperm banks, and donors. The resource section is greatly expanded, as are the sections on each trimester of pregnancy, on childbirth, and on life with a newborn. And Pepper provides more insight into preconception planning for both single lesbians and couples. An indispensable resource, The Ultimate Guide to Pregnancy for Lesbians is now bigger and better.

[The Impatient Woman's Guide to Getting Pregnant](#) - Jean M. Twenge 2012-04-17

Comforting and intimate, this "girlfriend" guide to getting pregnant gets to the heart of all the emotional issues around having children—biological pressure, in-law pressures, greater social pressures—to support women who are considering getting pregnant. Trying to get pregnant is enough to make any woman impatient. The Impatient Woman's Guide to Getting Pregnant is a complete guide to the medical, psychological, social, and sexual aspects of getting pregnant, told in a funny, compassionate way, like talking to a good friend who's been through it all. And in fact, Dr. Jean Twenge has been through it all—the mother of three young children, she started researching fertility when trying to conceive for the first time. A renowned sociologist and professor at San Diego State University, Dr. Twenge brought her research background to the huge amount of information—sometimes contradictory, frequently alarmist, and often discouraging—that she encountered online, from family and friends, and in books, and decided to go into the

latest studies to find out the real story. The good news is: There is a lot less to worry about than you've been led to believe. Dr. Twenge gets to the heart of the emotional issues around getting pregnant, including how to prepare mentally and physically when thinking about conceiving; how to talk about it with family, friends, and your partner; and how to handle the great sadness of a miscarriage. Also covered is how to know when you're ovulating, when to have sex, timing your pregnancy, maximizing your chances of getting pregnant, how to tilt the odds toward having a boy or a girl, and the best prenatal diet. Trying to conceive often involves an enormous amount of emotion, from anxiety and disappointment to hope and joy. With comfort, humor, and straightforward advice, The Impatient Woman's Guide to Getting Pregnant is the bedside companion to help you through it.

The Babydust Method - Kathryn Taylor
2016-03-30

What if you could choose the sex of your baby? There are many existing sex-selection methods out there, but parents have come to find out that these methods are confusing and unreliable. Kathryn Taylor introduces a natural sex-selection approach known as *The Babydust Method, * which is based on the latest scientific evidence. This book details the science behind the method, and explains how you can dramatically increase your chances of conceiving the sex of your choice. This book reveals the flaws in the Shettles method, O+12, egg polarity, pH, and acidic/alkaline/ion diets, and offers a brand new approach involving a combination of precise timing and frequency that has been proven to work in a published clinical study.

Getting Pregnant Fast - Paige Mathisen

This book will teach you all the practical, proven tips and tricks you need to increase your chances of getting pregnant fast. Don't give up your dream of getting pregnant! I know it's hard to keep believing that it can happen for you but I'm proof that getting pregnant can happen no matter how long you've been trying! My husband and I tried to get pregnant for years. It seemed like all my friends were getting pregnant but somehow, I couldn't. There were many times that I wanted to throw in the towel and call it quits but I just couldn't give up my dream of having a baby. Desperate to increase my chances of getting pregnant, I aggressively began reading every book I could

find on infertility, getting pregnant, conception, and pretty much anything that could tell me how to get pregnant fast! I applied every method I learned from diligently calculating my ovulation and watching for fertility signs, having sex often and at specific times, eating foods that would boost my fertility, and educating my husband on what he could do to improve our chances of conception. We continued to work these techniques over and over and after only a couple of months...it happened....my dream of getting pregnant became a reality at 37 years old! Surprisingly, shortly after that, I got pregnant again a year and a half after the birth of my first child using the same techniques!! I wrote *Getting Pregnant Fast - The Essential 'How to Get Pregnant Fast' Guide that will Turn Your Dream of Having a Baby into a Reality* specifically for you. I know from experience that the information in this book will radically increase your chances of getting pregnant. *Getting Pregnant Fast* teaches you: What to do before trying to conceive 4 methods that will help you identify your fertile days A step by step guide to quick conception The top 15 fertility foods to raise your chances of getting pregnant fast Foods to avoid when trying to conceive Why it's important to have sex often in order to get pregnant Early signs of pregnancy ...and much more In a step by step way, *Getting Pregnant Fast* will teach you the exact methods that I used to increase my chances of getting pregnant. This guide was written with heart from my own experience in order to help you become a first time mom. I'm not exaggerating when I say that you really can be holding your precious little boy or girl in 3 months or less. Here's a Preview of What You'll Learn: How to calculate your ovulation How to recognize your body's fertility signs What your partner can do to increase your chances of getting pregnant fast Why you should have sex the old fashioned way Your chances of conceiving naturally after 40 Herbs that boost ovulation and fertility ...and more **I truly believe that this book will help you succeed in your efforts to get pregnant. Am I the Reason I'm Not Getting Pregnant? gets women struggling with infertility ready to unleash unshakable confidence and certainty on the road to motherhood. *Am I the Reason I'm Not Getting Pregnant?* reveals the secret to trading that fear for the unwavering confidence and certainty that women are truly doing everything they can. Rosanne Austin is the coach women around the world turn to when they want success on their fertility journey. In *Am I the Reason I'm Not Getting Pregnant?* Rosanne shares: The genius hack for getting back on the road to fertility success, regardless of age, past "failures," and scary statistics The secret to making fertility decisions like an expert, so women improve their chances of getting pregnant immediately and don't waste time or resources How to create the perfect Bump Squad, so women can finally get the support they really want - even from people they think won't "get" it What it takes to crush fear, doubt, negativity, and spinning in "what-ifs", so women don't wreck their results or set themselves up for soul-searing regret Daily practices that empower women to never have to utter the

words, "What should I do," ever again **The Trials and Tribulations of Being a Parent** - Pamela Thomas 2021-09-30
Pamela Thomas was in her mid-thirties when she and her husband married, and they were eager to start a family. But it wasn't as easy as they planned. In *The Trials and Tribulations of being a Parent*, Thomas offers an honest account of her journey toward motherhood. This diary spans thirteen years of pregnancy and loss, invitro fertilization, and adoption. The journey starts when she realizes she's pregnant, and she details their excitement, informing family, pre-natal visits, mood swings, and feeling like she's an invader in her own body. She was pregnant for just a short time but suffers every emotion. On her first scan, she even visualised her baby attending graduation day from university. The story takes a sad turn when she suffers a miscarriage. Thomas and her husband seek answers from doctors, and they undergo fertility tests to find IVF is their best hope of becoming pregnant. This means lots of medication, more mood swings, hot flushes, and self-injecting. This procedure also fails to deliver. The couple abandon thoughts of a biological family and investigate adoption, a new adventure begins. In *The Trials and Tribulations of being a Parent*, Thomas tells how this was the most stressful, tiring, and emotional part of their journey. From a pre-adoption course to meeting social workers, foster carers and psychologists, attending meetings, completing forms, and meeting their forever children, and they finally become the family they always wanted to be.

It is a detailed description of how you can finally conceive the baby girl you have always dreamed of having. But of course you may all be skeptical about the source of her advice. But I can assure you, that this book has been the result of many hours of careful research on various topics related to this issue. This is especially because she too is desirous of raising a little girl or two of her own. Her book begins with the information you need and starts explaining a few methods that have been recommended to conceive a baby girl. She even includes a few of the sexual positions that have been linked to conceiving baby girls. The ovulation calculator method is even explained and I have heard many agree that this can be used to help couples conceive baby girls as well. You should not have many questions after reading this book. I urge you to make good use of this advice. There is really no better option to learn about this topic.
