The History of Women's Football Jean Williams 2022-01-28 A complete history of women's football in Great Britain, from its Victorian games beginning in 1881 to 2022 and planning for the Euro Finals. In *The History of Women's Football*, author Jean Williams demonstrates how women's football began as a professional sport, and has only recently returned to these professional roots in the UK. This is because there was a fifty-year Football Association 'ban' on women playing on pitches affiliated to the governing body in England. The other British associations followed suit. Why was women's football banned in 1921? Why did it take until 1969 for a Women's Football Association to form? Why did it take until 1995 for England to qualify for a Women's World Cup? Answers to these key questions are supplemented across the chapters by personal accounts of the players who defied the ban, at home and abroad, along with the personal costs, and rewards, of being footballing pioneers. Praise for *The History of Women's Football* "This book was very informed, detailed and a very good read. As a football fan, I was staggered by how much I didn't know and how if football had been better supported at the beginning of the century there is a good chance women's football would be on a par with the men's game now . . . this was a very interesting read and I would happily recommend this book to fellow football fans." —UK Historian

How to Text Women. What to Say a Girl to Win Her Heart Chris Charm 2019-09-12 Ever wondered what is the first message you should send a woman? How to ask a girl out over text? How to text a girl you haven't talked to in a while? If so, this book is for you! This book is a guide for men in leading them to be quite successful in the way they deal with texting as a platform for reaching out to women. A lot of men struggle with the process of texting a woman and do not convey the right message to the girl for her to be intrigued. The book recognizes the fact that seduction is an art that has got to be learned and takes some practicing. To build confidence and understand the thought patterns of a woman requires some learning and training. This is what informs the idea behind putting this work together. The book is needed by a lot of men who just will not know how to start a conversation with women. If they do start conversations, they do not know how to steer the course of the conversation in order to come out quite impressive in the girl. This book comes to show that section is something that any man can achieve if a man can just acquire the right mindset and understand how to present their personality to the woman. It could be that some men do not understand how women think and how they react to certain messages. This book helps men peer into the world of being a woman to know how they can be evoked to gain attraction towards a man. You will no longer have to fear about what the girl will say or will react when you say something to her. You already can predict her reaction when you tell her this or that. You will, therefore, be more composed as you will not have a lot of shocks from the girls as before. You have been wondering why you get a lot of rejections. It has gotten frustrating for you as a girl will not respond to your text. Sometimes, you meet a girl and she is excited but she simply quickly seems interested when it comes to the time when you follow up to the text. It is time you also find the explanation for that. The book discusses the mindset that can make a man successful with socialization. You will learn how to be socially intelligent in order to be perceptive about how a woman wants you to say to her in order to make her tick. The book also discusses the strategies of using small talk. It guides you on how to transition small talk into a deeper engagement and a catching conversation. Here, you will learn how your approach has been making you fail. This is through discussing the direct and indirect approach to text. There is a section dedicated to texting women online which is quite a common phenomenon today. Various texting cases are also discussed and a guide on how to get a woman out on a date is elaborated with text examples. From this book, you have to learn what has been holding you back in terms of how you text girls. You have to learn the way to ensure that you demonstrate perceptiveness. Read the book with an awareness of the limitations that usually hold you back. Understand that what is presented in this book is not a template that applies in all circumstances. However, the book has a lot that will apply to all texting situations including yours. If you want to be more confident texting a woman, download this book. So DOWNLOAD How to Text Women NOW!

Machiavelli for Women Stacey Vanek Smith 2021-09-07 From the NPR host of The Indicator podcast and correspondent for Planet Money comes a guide for how today's women can apply the principles of 16th-century philosopher Niccol Machiavelli to their work lives and finally shatter the glass ceiling once and for all--perfect for fans of Feminist Fight Club, Lean In, and Nice Girls Don't Get the Corner Office. Women have been making strides towards equality for decades, or so we're so often told. They've been increasingly entering male-dominated areas of the workforce and consistently surpassing their male peers in grades, university attendance, and degrees. They've recently stormed the political arena with a vengeance. But despite all of this, the payoff is--quite literally--not there: the gender pay gap has held steady at about 20% since 2000. And the number of female CEOs for Fortune 500 companies has actually been declining. So why, in the age of #MeToo and #TimesUp, is the glass ceiling still holding strong? And how can we shatter it for once and for all? Stacy Vanek Smith's advice: ask Machiavelli. Using The Prince as a guide and with charm and wit, Smith applies Renaissance politics to the 21st century, and demonstrates how women can take and maintain power in careers where they have long been cast as second-best. Based on the latest research, tips from successful women across many industries, and experiences from Smith's own life, Machiavelli for Women is a powerful, entertaining, and inspirational guide for a new generation of successful women.

When Women Win Ellen R. Malcolm 2016-03-08 A behind-the-scenes look at the organization that transformed Congress—and became a force for female empowerment. In 1985, aware of the near-total absence of women in Congress, Ellen Malcolm launched EMILY's List, a powerhouse political organization that seeks to ignite change by getting women elected to office. The rest is history: Since then, EMILY's List has helped elect 23 women senators, 12 governors, and 116 Democratic women to the House. When Women Win delivers stories of some of the toughest political contests of the past three decades, including the historic victory of Barbara Mikulski as the first Democratic woman elected to the Senate in her own right and Elizabeth Warren's dramatic Senate win. It is both a page-turning political drama and an important look at the effects of women's engagement in politics.

Confessions of a Happily Married Man Joshua L. Rogers 2019-12-17 Discover God in the messiness of your marriage, as popular marriage and family columnist Joshua Rogers offers spouses hope with real-life stories from his own marriage and helps you see how God is at work in the ordinary and extraordinary of your relationship. Confessions of a Happily Married Man is a husband's painfully honest account of his first ten years of marriage. It offers a window into the perspective of a man who went from "hello" to "I do" in nine months and then figured out how hard marriage could be. When Joshua Rogers thought back on the marriage books he had read or sermons about marriage he had heard, it occurred to him that he could only remember one thing about them: the stories. That's why this book is anchored by stories that other couples will relate to and can easily learn from. The stories are cringe-worthy, humorous, inspiring, heart-breaking, and full of wisdom--but the author isn't telling the reader what to do with that wisdom. He's letting the reader learn along with him as he's gradually becoming more self-aware, increasingly grateful for his wife, and surprised to discover what God is doing in the middle of it all.

Play Like a Man, Win Like a Woman Gail Evans 2000-08-10 An honest and practical handbook that reveals important insights into relationships between men and women and work, Play Like a Man, Win Like a Woman, is a must-read for every woman who wants to leverage her power in the workplace. Women make up almost half of today's labor force, but in corporate America they don't share half of the power. Only four of the Fortune 500 company CEOs are women, and it's only been in the last few years that even half of the Fortune 500 companies have more than one female officer. A major reason for this? Most women were never taught how to play the game of business. Throughout her career in the super-competitive, male-dominated media industry, Gail Evans, one of the country's most powerful executives, has met innumerable women who tell her that they feel lost in the workplace, almost as if they were playing a game without knowing the directions. In this book, she reveals the secrets to the playbook of success and teaches women at all levels of the organization--from assistant to vice president--how to play the game of business to their advantage. Men know the rules because they wrote them, but women often feel shut out of the process because they don't know when to speak up, when to ask for responsibility, what to say at an interview, and a lot of other key moves that can make or break a career. Sharing with humor and candor her years of lessons from corporate life, Gail Evans gives readers practical tools for making the right decisions at work. Among the rules you will learn are: • How to Keep Score at Work • When to Take a Risk • How to Deal with the Imposter Syndrome • Ten Vocabulary Words That Mean Different Things to Men and Women • Why Men Can be Ugly, and You Can't • When to Quit Your Job "I want to let you women in on a secret I've learned through my years in the corporate world: There is a set of unwritten rules in business and, while you may not choose to follow all of them, if you don't know what they are, you might as well be playing the game with both hands tied behind your back." -- Gail Evans

How to Beat A Woman at Her Own Games Ralph Hemphill 2020-09-01 In today's world, much unlike the world of long ago, before the 1980s--where women probably and seemingly didn't play as many games and didn't scheme as much as the women of today--one can clearly see, witness, and attest to the ever-present and overwhelming amount of game playing and scheming ways of most of the females we know, know of, see, and interact with on a day-to-day basis. Most every man, at one point or some point in his life, has fallen victim to a game or scheme of a female whom he has either tried to get with or hook up with, and many guys get hit with games and schemes even with those that they are married to or in relationships with. Practically no man is exempt. We all at some point will find ourselves faced with a woman whose sole purpose is to either go for what's in our pockets or bank accounts, or to try to get us to do something for them for free or to get us to buy them stuff without them appreciating it and then turning around and buying us stuff too as well. That's a big part of the world we live in as far as men interacting with women, and the sole purpose of this book is to at least get guys to recognize when they are being played and to not fall for the simple games that women play twenty-four hours a day.
