The Trespasser - D. H. Lawrence 2016-01-14
Chapter 1 'Take off that mute, do!' cried Louisa, snatching her fingers from the piano keys, and turning abruptly to the violinist. Helena looked slowly from her music. 'My dear Louisa,' she replied, 'it would be simply unendurable.' She stood tapping her white skirt with her bow in a kind of a pathetic forbearance. 'But I can't understand it,' cried Louisa, bouncing on her chair with the exaggeration of one who is indignant with a beloved. 'It is only lately you would even submit to muting your violin. At one time you would have refused flatly, and no doubt about it.' 'I have only lately submitted to many things,' replied Helena, who seemed weary and stupefied, but still sententious. Louisa drooped from her bristling defiance. 'At any rate,' she said, scolding in tones too naked with love, 'I don't like it.' 'Go on from Allegro,' said Helena, pointing with her bow to the place on Louisa's score of the Mozart sonata. Louisa obediently took the chords, and the music continued. A young man, reclining in one of the wicker arm-chairs by the fire, turned luxuriously from the girls to watch the flames poise and dance with the music. He was evidently at his ease, yet he seemed a stranger in the room.

Blonde Hair, Blue Eyes - Karin Slaughter 2015-06-04

'One of the boldest thriller writers working today' TESS GERRITSEN 'Her characters, plot, and pacing are unrivalled' MICHAEL CONNELLY

_____ A
missing girl in the news reminds Julia Carroll of herself. She's nineteen and beautiful, with blonde hair and blue eyes. As Julia begins to dig

deeper, planning an article for her college paper, she becomes gradually more obsessed with the case. But she could never imagine how close she is to danger... Includes an extract from Karin Slaughter's gripping novel *Pretty Girls*.

Sharp - Michelle Dean 2018-04-23

A BBC Radio 4 Book of the Week 'This is such a great idea for a book, and Michelle Dean carries it off, showing us the complexities of her fascinating, extraordinary subjects, in print and out in the world. Dean writes with vigor, depth, knowledge and absorption, and as a result *Sharp* is a real achievement' Meg Wolitzer, *New York Times* Dorothy Parker, Hannah Arendt, Mary McCarthy, Susan Sontag, Joan Didion, Nora Ephron and Janet Malcolm are just some of the women whose lives intertwined as they cut through twentieth-century cultural and intellectual life in the United States, arguing as fervently with each other as they did with the men who so often belittled their work as journalists, novelists, critics and poets. These women are united by their 'sharpness': an accuracy and precision of thought and wit, a claiming of power through their writing. *Sharp* is a rich and lively portrait of these women and their world, where Manhattan cocktail parties, fuelled by lethal quantities of both alcohol and gossip, could lead to high-stakes slanging matches in the *Partisan Review* or the *New York Review of Books*. It is fascinating and revealing on how these women came to be so influential in a climate in which they were routinely met with condescension and derision by their male counterparts. Michelle Dean mixes biography, criticism and cultural and social history to create an enthralling exploration of how a group of brilliant women became central figures in the world of letters, staked out territory for themselves and began to change the world.

The School of Greatness - Lewis Howes
2017-10-31

When a career-ending injury left elite athlete and professional football player Lewis Howes out of work and living on his sister's couch, he decided he needed to make a change for the better. He started by reaching out to people he admired, searching for mentors, and applying his past coaches' advice from sports to life off the field. Lewis did more than bounce back: He built a multimillion-dollar online business and is now a sought-after business coach, speaker, and podcast host. In the New York Times bestseller *The School of Greatness*, Howes shares the essential tips and habits he gathered in interviewing "the greats" on his wildly popular podcast of the same name. In discussion with people like Olympic gold medalist Shawn Johnson and Pencils of Promise CEO Adam Braun, Howes figured out that greatness is unearthed and cultivated from within. The masters of greatness are not successful because they got lucky or are innately more talented, but because they applied specific habits and tools to embrace and overcome adversity in their lives. A framework for personal development, *The School of Greatness* gives you the tools, knowledge, and actionable resources you need to reach your potential. Howes anchors each chapter with a specific lesson he culled from his greatness "professors" and his own experiences to teach you how to create a vision, develop hustle, and use dedication, mindfulness, joy, and love to reach goals. His lessons and practical exercises prove that anyone is capable of achieving success and that we can all strive for greatness in our everyday lives.

[Meet Us by the Roaring Sea](#) - Akil Kumarasamy
2022-08-23

New York Times Editors' Choice 2022 An NPR Books We Love 2022 Shortlisted for the Ursula K. Le Guin Prize for Fiction Longlisted for the Mark Twain American Voice in Literature Award Finalist for the Lambda Award in Bisexual Fiction "A spellbinding book." —Megha Majumdar "Akil Kumarasamy is a singular talent." —Cathy Park Hong In the near future, a young woman finds her mother's body starfished on the kitchen floor in Queens and sets on a journey through language, archives, artificial intelligence, and TV for a way back into herself.

She begins to translate an old manuscript about a group of female medical students—living through a drought and at the edge of the war—as they create a new way of existence to help the people around them. In the process, the translator's life and the manuscript begin to become entangled. Along the way, the arrival of a childhood friend, a stranger, and an unusual AI project will force her to question her own moral compass and sense of goodness. How involved are we in the suffering of others? What does real compassion look like? How do you make a better world?

Iceland's Bell - Halldor Laxness 2007-12-18
From the acclaimed Nobel Prize winner: At the close of the 17th century, Iceland is an oppressed Danish colony, suffering under extreme poverty, famine, and plague. A farmer and accused cord-thief named Jon Hreggvidsson makes a bawdy joke about the Danish king and soon after finds himself a fugitive charged with the murder of the king's hangman. In the years that follow, the hapless but resilient rogue Hreggvidsson becomes a pawn entangled in political and personal conflicts playing out on a far grander scale. Chief among these is the star-crossed love affair between Snaefridur, known as "Iceland's Sun," a beautiful, headstrong young noblewoman, and Arnas Arnaeus, the king's antiquarian, an aristocrat whose worldly manner conceals a fierce devotion to his downtrodden countrymen. As their personal struggle plays itself out on an international stage, Laxness creates a Dickensian canvas of heroism and venality, violence and tragedy, charged with narrative enchantment on every page. Sometimes grim, sometimes uproarious, and always captivating, *Iceland's Ball* is at once an updating of the traditional Icelandic saga and a caustic social satire.

[A General Theory of Oblivion](#) - José Eduardo Agualusa 2016-05-18

SHORTLISTED FOR THE MAN BOOKER INTERNATIONAL 2016 The brilliant new novel from the winner of the Independent Foreign Fiction Prize. On the eve of Angolan independence, Ludo bricks herself into her apartment, where she will remain for the next thirty years. She lives off vegetables and pigeons, burns her furniture and books to stay alive and keeps herself busy by writing her story

on the walls of her home. The outside world slowly seeps into Ludo's life through snippets on the radio, voices from next door, glimpses of a man fleeing his pursuers and a note attached to a bird's foot. Until one day she meets Sabalu, a young boy from the street who climbs up to her terrace.

A invisibilidade do tradutor - Lawrence Venuti 2021-07-14

A definição do que seja uma boa tradução chega a ser quase um lugar comum: equivaleria a um texto fluente, transparente, livre de peculiaridades linguísticas ou estilísticas a tal ponto que reflita a personalidade, ou a intenção, ou o sentido-chave da obra correspondente na qual se baseia. Em suma: quando ele chega a fazer com que o leitor se esqueça por alguns momentos de que está lendo uma tradução. É na investigação dessa imagem aparentemente plácida, mas marcada por dificuldades e complexidades de diversas ordens, que Lawrence Venuti se detém neste livro, desenhando um panorama do mundo das traduções, do século XVII ao presente, muito mais rico do que a imagem usual permite supor. *Sleep Disorders and Sleep Deprivation* - Institute of Medicine 2006-10-13

Clinical practice related to sleep problems and sleep disorders has been expanding rapidly in the last few years, but scientific research is not keeping pace. Sleep apnea, insomnia, and restless legs syndrome are three examples of very common disorders for which we have little biological information. This new book cuts across a variety of medical disciplines such as neurology, pulmonology, pediatrics, internal medicine, psychiatry, psychology, otolaryngology, and nursing, as well as other medical practices with an interest in the management of sleep pathology. This area of research is not limited to very young and old patients—sleep disorders reach across all ages and ethnicities. *Sleep Disorders and Sleep Deprivation* presents a structured analysis that explores the following: Improving awareness among the general public and health care professionals. Increasing investment in interdisciplinary somnology and sleep medicine research training and mentoring activities. Validating and developing new and existing technologies for diagnosis and treatment. This

book will be of interest to those looking to learn more about the enormous public health burden of sleep disorders and sleep deprivation and the strikingly limited capacity of the health care enterprise to identify and treat the majority of individuals suffering from sleep problems.

King of Flesh and Bone: a Dark Fantasy

Romance - Liv Zander 2022-06-22

A god obsessed. A woman who can't escape his love. As old as time, born from nothing, I command the forsaken remnants of all that once lived. Bone shapes the kingdom over which I rule, and the rotting flesh of man does my bidding. Sequestered away from mortals, I long for warmth, but everything I touch is cold. Except for her, the woman who stumbles into the shadowed depths of the Pale Court. In her reluctant embrace, Ada calls me the devil, so I show her pleasure like only the devil can. I am the heat that rouses her flesh. I am the longing that trembles her bone. No matter how she hisses defiance, her body was made to obey my every desire. I am its master, no matter her wish to flee my dark, cold kingdom. Ada will never escape my devotion. Bone will shackle her to me for eternity. Because immortality is loneliness in disguise. A curse I cannot bear suffering alone any longer, so I lock Ada away behind doors guarded by corpses, forcing her to carry it with me forevermore. Welcome to the Pale Court, my Queen.

Summerwater - Sarah Moss 2020-08-20

The Sunday Times Top Ten Bestseller, longlisted for the Orwell Prize for Political Fiction 2021

From the acclaimed author of Ghost Wall, Sarah Moss' Summerwater is a devastating story told over twenty-four hours in the Scottish highlands . . . 'Superb' - The Times 'Sharp, searching . . .

utterly of the moment' - Hilary Mantel 'So accomplished' - Guardian It is the summer solstice, but in a faded Scottish cabin park the rain is unrelenting. Twelve people on holiday with their families look on as the skies remain resolutely grey. A woman goes running up the Ben as if fleeing; a teenage boy chances the dark waters of the loch in his kayak; a retired couple head out despite the downpour, driving too fast on the familiar bends. But there are newcomers too, and one particular family, a mother and daughter with the wrong clothes and the wrong manners, start to draw the attention of the others. Who are they? Where are they from? Should they be here at all? As darkness finally falls, something is unravelling . . . 'A masterpiece' - Jessie Burton 'One of her best' - Irish Times 'Beautifully written, intense, powerful' - David Nicholls

The Poems - Sextus Propertius 1999

Of the Greek and Latin love poets, Propertius (c. 50-10 B.C.) is one of those who holds the most immediate appeal for the twentieth-century reader. His helpless infatuation for the sinister figure of his mistress Cynthia forms the main subject of his poetry, and is analyzed with a tormented but witty grandeur in all its changing moods--from ecstasy to suicidal despair. This study includes English verse translations of his work, along with a chronology, explanatory notes, and a brief bibliography.

Watching the English - Kate Fox 2005-04-11

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits

and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

The Translator's Bride - Joao Reis 2019-08-20

A translator's frustrating plight as told by Dostoyevsky or Thomas Bernhard.

Boomeritis - Ken Wilber 2003-09-09

Ken Wilber's latest book is a daring departure from his previous writings—a highly original work of fiction that combines brilliant scholarship with tongue-in-cheek storytelling to present the integral approach to human development that he expounded in more conventional terms in his recent A Theory of Everything. The story of a naïve young grad student in computer science and his quest for meaning in a fragmented world provides the setting in which Wilber contrasts the alienated "flatland" of scientific materialism with the integral vision, which embraces body, mind, soul, and spirit in self, culture, and nature. The book especially targets one of the most stubborn obstacles to realizing the integral vision: a disease of egocentrism and narcissism that Wilber calls "boomeritis" because it seems to plague the baby-boomer generation most of all. Through a series of sparkling seminar-lectures skillfully interwoven with the hero's misadventures in the realms of sex, drugs, and popular culture, all of the major tenets of extreme postmodernism are criticized—and exemplified—including the author's having a bad case of boomeritis himself. Parody, intellectual slapstick, and a mind-twisting surprise ending unite to produce a highly entertaining summary of the work of cutting-edge theorists in human development from around the world.
