You All Spoken Here - Roy Wilder 1998-09-01

Spoken Here - Mark Abley 2011-03-22

Half the world's languages are threatened with extinction over the next century, as English and the rest of the world's top twenty languages drive all before them. What ways of looking at the world will die along with them, what cultural riches, what experiences, histories and memories? And how does it feel to be one of the last remaining speakers of a language that is on its way to extinction? What chance is there of saving any of these languages? Is it feasible in the long term or even worthwhile? Mark Abley's journeys among the speakers of languages at the brink takes him to aboriginal Australia (where he meets the last surviving fluent male speaker of Mati Ke, who cannot speak to the only other fluent speaker, as she is his sister and in their culture it is forbidden to speak to siblings once one has reached puberty) and to American Indian reservations, as well as to places where the languages are fighting back - Wales, the Faeroe islands, the Isle of Man - whilst also charting the triumphant return of Hebrew.

Cockney Past and Present - William Matthews
2015-06-26

Although Cockney can be considered to be one

of the most important non-standard forms of English, there had been little to no scholarly attention on the dialect prior to William Matthews's 1938 volume *Cockney Past and Present*. Matthews traced the course of the speech of London from the sixteenth century to the beginning of the twentieth century by gathering information from many sources including plays, novels, music-hall songs, the comments of critics and the speech and recollections of living Cockneys. This book will be of interest to students of language and linguistics.

Soul Music Volumes 1 And 2 - MaryAnn Zilko
2021-04-12

To my readers, I have always loved lighthouses. In fact, I have gathered a small collection over the years. I was also fortunate enough to be able to see seven of them while on vacation with my two sisters at Old Orchard Beach in Maine. They are even more majestic than their photos. They remind me of safety, clear paths, assurance, and help to find the way. In my poems, I have followed the same message. Some of the poems tell of finding hope in the darkest news you receive-"An Unexpected Journey," "Time to Say Goodbye," and "His Garden." Some of them are humorous-"Bambi and Kin in My Front Yard," "Goodbye Romance," and "Into the Woods." Some are patriotic-"God Bless Our Heroes," "Tribute-Memorial Day," and "My Flag." All of them are really poems of praise to the Father of all creation. His splendor and majesty are everywhere you look. His creation is so magnificent you can't help but to rejoice and thank Him for giving us so much beauty to enjoy. My poems are my way of saying thank you to the Lord of all. They were written with much prayer and thought. As you read them, I hope you enjoy them as much as I did in writing them. And as a breast-cancer survivor, I must say that God is good! Thank you so much, and God bless. MaryAnn

[Time to Get Tough](#) - Michael Joseph Coles 2018
Michael J. Coles, the cofounder of the Great

American Cookie Company and the former CEO of Caribou Coffee, did not follow a conventional path into business. He does not have an Ivy League pedigree or an MBA from a top-ten business school. He grew up poor, starting work at the age of thirteen. He had many false starts and painful defeats, but Coles has a habit of defying expectations. His life and career have been about turning obstacles into opportunities, tragedies into triumphs, and poverty into philanthropy. In *Time to Get Tough*, Coles explains how he started a \$100-million company with only \$8,000, overcame a near-fatal motorcycle accident, ran for the U.S. Congress, and set three transcontinental cycling world records. His story also offers a firsthand perspective on the business, political, and philanthropic climate in the last quarter of the twentieth century and serves as an important case study for anyone interested in overcoming a seemingly insurmountable challenge. Readers will also discover practical leadership lessons and unconventional ways of approaching business.
