**Dare to Lead** Brené Brown 2018-10-11 In her #1 NYT bestsellers, Brené Brown taught us what it means to dare greatly, rise strong and brave the wilderness. Now, based on new research conducted with leaders, change makers and culture shifters, she's showing us how to put those ideas into practice so we can step up and lead. Leadership is not about titles, status and power over people. Leaders are people who hold themselves accountable for recognizing the potential in people and ideas, and developing that potential. This is a book for everyone who is ready to choose courage over comfort, make a difference and lead. When we dare to lead, we don't pretend to have the right answers; we stay curious and ask the right questions. We don't see power as finite and hoard it; we know that power becomes infinite when we share it and work to align authority and accountability. We don't avoid difficult conversations and situations; we lean into the vulnerability that's necessary to do good work. But daring leadership in a culture that's defined by scarcity, fear and uncertainty requires building courage skills, which are uniquely human. The irony is that we're choosing not to invest in developing the hearts and minds of leaders at the same time we're scrambling to figure out what we have to offer that machines can't do better and faster. What can we do better? Empathy, connection and courage to start. Brené Brown spent the past two decades researching the emotions that give meaning to our lives. Over the past seven years, she found that leaders in organisations ranging from small entrepreneurial start-ups and family-owned businesses to non-profits, civic organisations and Fortune 50 companies, are asking the same questions: How do you cultivate braver, more daring leaders? And, how do you embed the value of courage in your culture? Dare to Lead answers these questions and gives us actionable strategies and real examples from her new research-based, courage-building programme. Brené writes, 'One of the most important findings of my career is that courage can be taught, developed and measured. Courage is a collection of four skill sets supported by twenty-eight behaviours. All it requires is a commitment to doing bold work, having tough conversations and showing up with our whole hearts. Easy? No. Choosing courage over comfort is not easy. Worth it? Always. We want to be brave with our lives and work. It's why we're here.'

**Dare to Love: 1 Corinthians 13** Rose Publishing 2014-03-25 The "Love Chapter" in the Bible is one of the most precious passages of all time. The kind of love portrayed in 1 Corinthians is true love, strong and determined--and it is not for the faint of heart. In this beautiful full-color 14-page Dare To Love booklet, you will read the full text of this chapter and understand the teachings and insights in depth. These days, love is a risky adventure requiring not only strength and character, but also a vulnerable, gritty commitment. Paul's famous passage on love, 1 Corinthians 13, is often quoted during weddings, but it has a far greater application to today's world. Dare to Love unpacks this meaty chapter without sentimentalism, examining and applying the hard work of loving another human being, a spouse, child, friend, or neighbor. Discusses the differences in the four kinds of love: Agape (unconditional, God-like), Philia (friendship), Eros (pleasure, sexuality), and Storge (gift-love between parents and children). 1 Corinthians 13 includes principles that bring healing and restoration to marriages and families today. This pamphlet is perfect for people who are engaged, married, or caretakers for the sick or elderly. It also goes well with the movie "Fireproof," the book Love Dare and other marriage enrichment books.

**"We Dare Say Love"** Na'ilah Suad Nasir 2019-01-11 "We Dare Say Love" takes up the critically important issue of what it means to educate Black male students in a large urban district. It chronicles the development and implementation of the African American Male Achievement Initiative in Oakland Unified School District, following a small group of Black male educators who changed district policy and practice to create a learning experience for Black boys rooted in love. The book takes readers inside the classrooms and inside the heads and hearts of program founders, leaders, and instructors to understand their pedagogy of care. It also elucidates the rituals, beliefs, and practices that created a classroom environment that held high expectations for the engagement and achievement of Black boys and provided a space for Black male students to blossom. "This book offers an anti-deficit, anti-essentialist perspective of Black males' performance in schools and gives nuance to the stark realities that young men face—some thriving, some struggling, some making progress, others seeking a place to be recognized for their full human potential." —From the Afterword by Tyrone C. Howard, professor of education, UCLA and author of Black Male(d): Peril and Promise in the Education of African American Males "Chapters capture the multiple dimensions of collaborations and partnerships required for such systemic change, one of which is a fundamental wrestling with the metanarratives in the United States and elsewhere around the Black body and in particular the Black male. We can all learn revealing lessons of struggle and victory from the chapters of this volume." —Carol D. Lee, Edwina S. Tarry Professor of Education and Social Policy, Northwestern University Contributors: Baayan Bakari, Christopher P. Chatmon, Shawn Ginwright, Jarvis R. Givens, Jerome Gourdine, Gregory Hodge, Tyrone C. Howard, Jahi, Patrick Johnson, Na'ilah Suad Nasir, David Philoxene, kihana miraya ross, Maxine McKinney de Royston, Pedro A. Noguera, Sepehr Vakil
