You can analyze your relationship with your girlfriends, but who can you turn to with the more . . . sensitive questions? In *Size Matters*, Dr. Harry Fisch, an expert on the male reproductive system, and writer Kara Baskin team up to introduce you, metaphorically speaking, to the penis. Clearing up mysteries about male anatomy, orgasm, masturbation, STDs, testosterone, impotence, sexual response, and much more, *Size Matters* is the first women's user manual for male sexuality—a guidebook that will answer all your questions and lead you to a better sex life. For example: Can masturbation have any effect on sex? Can he do it too much . . . or too little? He always orgasms before me . . . is there any way to slow him down? Do grown men still have wet dreams? Can his weight affect our sex life? *Size Matters* is a fun, prescriptive, easy-to-understand troubleshooting guide for women who have questions about male sexuality or who want to have better sex. An Illustrated Guide to Practical Sexual Positions C. W. Pollard 2012-01-12 When you first start having sex, you are just happy to be doing it and you give little thought to all the possibilities that exist as to how men and women pair together. That doesn't last long. Once you have begun having sex, there is a strong desire to explore and see just how many ways you can find that we can fit together with no pieces left over. This book was written to aid you in that quest. Now, there is nothing new about a sexual positions manual. The famous Indian love manuals were written thousands of years ago and stand as proof to humankind's enduring desire for knowledge on the subject. However, based on my own experience, many of the love manuals that exist are full of impractical positions that you need to be a contortionist to appreciate. I'm not and I am willing to bet you aren't either. Chances are you are a horny man or woman that is set on seeing what practical possibilities exist for you in the bedroom. Hopefully, this is what you are getting in this book. This is a book full of practical sexual positions. These positions are comfortable and can be assumed by anyone. You don't need any sex swings, straps, pulleys or cranes to make them work. Two horny people and a comfortable place will suffice. In addition to not needing anything special to assume these positions, this book also will present in practical terms, the strengths and weaknesses of the positions in no nonsense, easy to understand terms. This is exactly the book you need to spice up your bedroom antics and create a richer, more fulfilling, wilder and interesting sex life!

Better Sex Through Intimacy Keith S Urban 2022-08-21 If you want a comprehensive guide to having better sex via intimacy, keep reading. Sex has always been a vital component of our relationships and sexual experiences, as well as a significant contribution to our demands for romance, ever since our species' development millions of years ago. Additionally, it is the most useful way that we often breed new generations of our species. However, during those thousands of years, the concepts, methods, and rules governing sexual interaction between members of the human species have evolved far beyond our capacity to comprehend. Today, every man and woman views oral, anal, and other types of sex as natural objects and acceptable for their shared enjoyment. Moreover, sexual postures and role playing in bed is also essential, since it is now believed to be successful in giving both lovers the enjoyment they want, which can result in an orgasm or other satisfying sexual climax.

FemDom Relationship Guide Caroline Peel 2017-09-28 So you want to have a FemDom relationship or want to know how that would even work? You are a man and want to convince your wife to become your future mistress? You are a woman and want to understand submissive men or train one? Then this is your book. You should not read this book, if you're interested in any 'hot' FemDom sex stories - you won't find them there. You will find a complete manual for a FemDom relationship, however. So much of the websites out there are focusing on the sexual elements of FemDom, and almost no one talks about FemDom as a relationship model. Needless to say that it seems all of the writings are from men, and they really don't understand women [and especially not Dominant women]. I have been in a FemDom relationship for almost 10 years now, and yes, it works - it's the best lifestyle ever, I love it! But getting there wasn't easy. The stuff on the internet, for instance, was worthless. I received lots of help, but I have to

admit that much of this was sheer luck. The first step was understanding my submissive husband and his desire to be dominated. It was by accident that I discovered my husband's visits to a Dominatrix close by. How was I supposed to understand that? If I would have had access to a book like this one, I would've understood him much better. But back then this book didn't exist.... Instead, I invested lots of time to understand submissive men and went on a journey. After some time, we introduced FemDom. I learned to Dominate. I learned to command. I learned to own him. He's mine now. And both of us love it. But even today, 10 years later, there still is no adequate book or guide out there which teaches the two most basic things:- Accepting and understanding submissive men as a woman- Dominant a man and living a FemDom relationship in the long run. That's why I decided to write this book. It's not only a collection of thoughts - it's a through handbook guiding you on your journey towards total FemDom. Here is an overview of what you will find inside: Chapter 1: Why I Became A Mistress (Understanding Submissive Men, On Femdom And Relationships: Femdom Is Love) Chapter 2: The Benefits Of Female Domination Chapter 3: The Mistress - And How To Become One Chapter 4: Finding A Submissive Male Or Creating One Chapter 5: Train A Submissive Male To Be A Slave Chapter 6: Establishing Your Authority: Ways To Make Him Obey Chapter 7: Managing A Femdom Relationship Chapter 8: How To Make Him Obey With Rituals And Things Chapter 9: The Art Of Discipline: Advice, Technique And Implements Chapter 10: Femdom Examples Chapter 11 Frequently Asked Questions Chapter 12: Last Steps It's a 170 page book and contains years of experience. What do you need more? Here are the two FemDom rules: 1. Mistress is always right. 2. When Mistress is wrong, Rule #1 applies.

The Man's Guide to Women John Gottman 2016-02-02 A great "philosopher" once said, "Trying to understand women is like trying to smell the color 9." But the fact is, men can understand women to their great benefit. All they need is the right teacher. And arguably there is no better teacher than John Gottman, PhD, a world-renowned relationships researcher and author of the bestselling 7 principles of Making Marriage Work. His new book, written with wife Julie Gottman, a clinical psychologist, and Doug Abrams and Rachel Carlton Abrams, MD, is based on 40 years of scientific study, much of it gleaned from the Gottman's popular couple's workshops and the "love lab" at the University of Washington. It's written primarily for men because new research suggests that it is the man in a relationship who wields the most influence to make it great or screw it up beyond repair. The Man's Guide to Women offers the science-based answers to the question: What do women really want in a man? The book explains the hallmarks of manhood that most women find attractive, and helps men hone those skills to be the man she desires.

What Wives Wish their Husbands Knew about Sex Richard Rupp 2007-04-01 It's an unfortunate reality that many men grow up in churches that suppress their God-given sexual urges. The authors of this book claim that Christian men should be the greatest lovers in the world and then work to show men how to do it. They help men: -learn what the Bible says about a healthy sex life -discover how to relate to women as men instead of as boys -address psychological and spiritual issues that interfere with healthy sexuality -learn specific techniques that create a strong relationship, great foreplay, and passionate sex Solidly based in Scripture and informed by the experiences of the authors, all respected sex therapists, What Wives Wish Their Husbands Knew about Sex dispels the myths that keep good Christian men from experiencing sex as God meant it to be. Perfect for any man, it is also a great book for counselors and pastors who work with men.

Men: A User's Guide Kathy Lette 2010-04-13 "Why don't women tell jokes?" "Because we marry them." Kathy Lette has gathered together the very finest of her sparkling witticisms in this tongue-in-cheek guide to men. Devastatingly funny and more than a little outrageous, Kathy offers up advice ("if he wants breakfast in bed, tell him to sleep in the kitchen"), her inimitable insights into the battle of the sexes ("statistically, 100% of divorces begin with marriage") and some scathing observations of the decidedly less fair sex ("all husbands think they're Gods. If only their wives weren't

atheists"). The perfect gift for women who like to shoot straight from the lip.
