*Mother and Son* - Dr. Emerson Eggerichs  
2016-04-05

From the New York Times best-selling author of *Love & Respect* comes the definitive book for mothers and sons. Love is important, but it is respect that is the key to your son's heart. Dads and their boys are often best buddies. But what's

the key to a successful and healthy mother-son bond? Informed by relevant scripture and up-to-date psychological research, Emerson Eggerichs, Ph.D., explores this foundational relationship to show how loving and respecting your little boy can help him grow into a mature, responsible, and godly man. The idea of moms respecting their sons may sound strange to some. It's easy to recognize that little girls need dad's love, but who is strongly promoting the truth that little boys (and big ones) need mom's respect? In *Mothers & Sons: The Respect Effect*, readers will discover: Why respect matters in a mother-son relationship A method based on the testimonies of thousands of mothers Specific responses that can be given instead of how you would "normally" respond Practical applications, especially for parenting teen boys Just as Emerson Eggerichs transformed millions of marital relationships with a biblical understanding of love and respect, you can apply these same principles to transform your

**The Mama's Boy Myth** - Kate Stone Lombardi 2012-03-15

A New York Times contributor offers a radical reexamination of a hot-button issue of the mother and son relationship and advocates the

end of the "mama's boy" taboo. New York Times contributor Kate Stone Lombardi unveils the surprisingly close relationship between mothers and sons. Mother after mother confessed to Lombardi that her husband, brothers, and even female friends and family criticize the fact that she is "too close" to her sons. Many of these women are often startled by the strong connection they feel with their sons; but rarely do they talk about it because society tells them to push their little boys away and not "baby" them with too much cuddling and comforting. It is as if there were an existing playbook-based on gender preconceptions dating back to Freud, Oedipus, and beyond-that prescribes the way mothers and their sons should interact.

Lombardi's much-needed narrative is the first and only book to share truly revealing interviews with mothers who have close relationships with their sons, as well as interviews with these women's sons and husbands. Lombardi persuasively argues that the rise of the new

Highlighting new scientific studies, *The Mama's Boy Myth* begins a fresh story-one that will be welcomed by mothers, fathers, and sons alike.

**Mothing Our Boys (US Edition)** - Maggie Dent 2018-11-01

"Maggie is earthy and real, full of love and knowledge, especially on raising sons." - Steve Biddulph "Maggie's perspective on raising boys is spot on. She writes with humor and depth, providing insight and strategies for many of the most important issues facing moms. There is a lovely ease to her writing and a powerful honesty. I hope every mother of a son (and everyone else!) will read this book. The future of the world, to a great extent, depends on how we raise our boys." - Michael Gurian, New York Times Bestselling Author of *The Wonder of Boys* and *Saving Our Sons* If we can see the world

through boys' eyes a little better, we will make different choices in the way we mother them... and we will find them less confusing, and love them more deeply. Mothers of sons are worried about raising their boys in a world where negative images of masculinity are front and centre of our media, almost every day. Not only that, but statistically our boys are still struggling in many ways. Even though we live in a time where we recognise that nothing in gender is fixed, it remains a fact that the influence of a mother on her son is massive. A mother of four sons herself, Maggie Dent draws on her personal experience - and over four decades work as a teacher, counsellor and now author and speaker - to help build understanding, empathy and compassion for our boys. Maggie shares her five key secrets that every mum needs to know and uses the voices of men she has worked with and surveyed to reveal what really matters in a boy's relationship with his mother and other mother figures. Maggie is one of Australia's most

2007-03-26

When a Woman Is in an Emotional Tug-of-War for Her Man's Heart Why can't he commit? Many

women find themselves asking this question when in love with a man who won't get married, won't stop womanizing, or refuses to give up his sex addictions. In *When He's Married to Mom*, clinical psychologist and renowned intimacy expert Dr. Kenneth M. Adams goes beyond the stereotypes of momma's boys and meddling mothers to explain how mother-son enmeshment affects everyone: the mother, the son, and the woman who loves him. In his twenty-five years of practice, Dr. Adams has successfully treated hundreds of enmeshed men and shares their stories in this informative guide.
