Multicultural Encounters - Stephen Murphy-Shigematsu 2002-09-19

Counsellors and other mental health professionals are increasingly encountering clients who differ from them in terms of race, culture, and ethnicity. Unfortunately many have not been trained to understand how powerfully culture affects our view of the world. The series on Multicultural Foundations of Counseling and Psychology is an invaluable new resource from Teachers College Press that focuses on multicultural issues in counseling and psychology. The books in this series chart the development of this evolving new field and will help educators, psychologists, counselors, social workers, and other mental health professionals

learn to balance culture-universal and culture specific approaches to treat a diverse population. This volume uses fascinating therapeutic encounters to help clinicians understand and respond to the needs of their increasingly diverse clientele. Murphy-Shigematsu urges clinicians to look beyond their assumptions and stereotypes to learn their clients' cultures through eliciting key narratives. Keeping the client and therapist center stage, the author shows the complex ways in which their cultural self-narratives interact.

Ireland and Dysfunction - Asier Altuna-García de Salazar 2017-01-06

This collection of critical essays finds itself at the intersection of cultural, literary and film studies, and explores the various ways in which dysfunction is expressed in Irish studies. Dysfunction can be regarded as part and parcel of a portrayal of a landscape of trauma and crisis that may have been traditionally repressed in Ireland at large. However, dysfunction also envisages mediation, managing, transcending and healing. As such, this volume examines how Ireland tackles dysfunction at large, but more importantly, how mediation, managing, healing and transcending help in the understanding of the ever-changing and on-going process of the construction of an Irish identity today; sometimes looking back at the past, but always creating the need of inventing new ways to understand the future of Ireland. The collection presents essays which tackle dysfunction from different and multifarious perspectives that range from sociological, historical and literary discourses to more contemporary insights into dysfunction in today's Ireland. It encompasses theory and analysis and includes the works of both senior academics and emerging scholars, as well as those outside academia.

When Your Children Marry - Deborah M. Merrill 2011-05-05

Marriage is an important transition in the life of any adult who marries. But often when a son or daughter gets married, their relationships with their natal families changes. It is often said that

a 'daughter is a daughter all of her life, but a son is a son 'til he takes him a wife.' This book examines how marriage changes relationships between adult children and their parents and how this differs for sons versus daughters. Merrill considers the process by which men 'get pulled into' their wives' families and the ways in which men are sometimes more connected to their wives' families following marriage than to their own families. But what is it about a relationship with a son that changes when he marries? And why do daughters tend to stay closer? Why do mothers experience greater difficulty in negotiating relationships with married sons than with married daughters? Why do daughters tend to stay closer and maintain stronger ties to their natal families than sons do? This book answers these questions and offers advice for mothers on how to maintain strong ties with their children when they marry, negotiate relationships that may be fraught with new challenges, and accept changes when they happen. Sharing firsthand accounts from mothers, sons, and daughters, the author sheds new light on this neglected topic.

Understanding Rainer Werner Fassbinder - Wallace Steadman Watson 1996

Watson's draws on a wide assortment of Fassbinder interviews--many of which are not available in English--and on theoretical and critical approaches employed in the Frankfurt

School, performance and reception theories, gay and lesbian film theory, and studies of melodrama and camp. Watson also incorporates his own interviews with Fassbinder's mother and with the woman who served as Fassbinder's film editor and companion during the final four years of his life. A comprehensive, balanced study, 'Understanding Rainer Werner Fassbinder' also features an annotated bibliography, extensive notes, a filmography of Fassbinder's works, and a listing of films and television programs that examine Fassbinder and his achievements."-- Back cover.

What a Son Needs from His Mom - Cheri Fuller
2013-03-15

Ever Feel Like Your Son Is From a Different Planet? Don't worry, Mom. There's a good reason why your son perplexes you. He's the OPPOSITE sex! Boys really do think, communicate, and process the world differently than girls. But no matter your son's age, he needs you, and he needs you in not-so-apparent ways. Drawing from her own experiences, as well as those from moms and sons from around the country, Cheri Fuller shares what makes boys and young men tick and how to become a more welcome influence at every stage in their lives. She answers all the top questions, including: "How can I help my son (and me!) deal with his emotions in a healthy way?" "School is such a struggle. How can I help him?" "Our personalities are SO different. How can we get on the same page?" "My son hardly says a thing. What can I do?" "What are the best ways to instill good values?" "How can I encourage a lasting faith in God?" With page after page of use-it-today advice and encouraging stories, this book will help you steer your son toward becoming a caring, confident young man. Includes Reflection Questions for Personal or Group Use Great for understanding grandsons, too! "Some mother-son relationships seem to add credence to the adage that 'men are from Mars, women are from Venus.' Even mothers who have a close bond with their sons may think they harbor a complete stranger when their male offspring reach puberty. Fuller is a speaker and author, as well as mother of three (two boys and a girl) and grandmother of six. She lists specific activities that all sons need from their mothers, such as encouragement,

communication, prayer, and confidence-building. She adds questions at each chapter's end to 'ponder, journal or discuss,' lending the book to both individual and group study. Recommended for the parenting section of any church library." - Church Libraries

The Mama's Boy Myth - Kate Stone Lombardi
2012-03-15

A New York Times contributor offers a radical reexamination of a hot-button issue of the mother and son relationship and advocates the end of the "mama's boy" taboo. New York Times contributor Kate Stone Lombardi unveils the surprisingly close relationship between mothers and sons. Mother after mother confessed to Lombardi that her husband, brothers, and even female friends and family criticize the fact that she is "too close" to her sons. Many of these women are often startled by the strong connection they feel with their sons; but rarely do they talk about it because society tells them to push their little boys away and not "baby" them with too much cuddling and comforting. It is as if there were an existing playbook-based on gender preconceptions dating back to Freud, Oedipus, and beyond-that prescribes the way mothers and their sons should interact.

Lombardi's much-needed narrative is the first and only book to share truly revealing interviews with mothers who have close relationships with their sons, as well as interviews with these women's sons and husbands. Lombardi persuasively argues that the rise of the new male-one who is more emotionally intelligent and more sensitive without being less "manly"-is directly attributable to women who are rejecting the "mama's boy" taboo. Highlighting new scientific studies, *The Mama's Boy Myth* begins a fresh story-one that will be welcomed by mothers, fathers, and sons alike.

American Mom - Mary Kay Blakely 1995-11
Married in the '70s, Blakely expected to be the kind of mother society could admire. Where's My Happy Ever After? - Elle Kay
2014-03

?Hey doll, You look really good! Still single? Hey, how about I get a nice bottle of wine, you make some light snacks, I stop by and we get to talk all night? Sounds like a plan for Saturday night? I'm serious. I can give you my #, work #, address anything. Have a beautiful day and get in touch. ?Hector? ***** What was Hector thinking? We had never met? we hadn't even spoken on the phone? but he wanted to ?talk all night? and volunteered me to ?make some light snacks?! Where did this guy learn to date?

***** This book is a candid recounting (that's right ? every sordid detail is true!) of some of Elle Kay's most wonderful, hilarious, and awkward dating adventures during her online search for love. Each of the names has been changed to protect the innocent and sweet (as well as the bizarre and socially awkward). Will one of these men hold the key to Elle's happily ever after?

Robber Noblemen - Joyce Pettigrew 2023-03-31
First published in 1975, *Robber Noblemen* represents a break with traditional anthropological studies within the Indian subcontinent in the breadth of its coverage. A whole state, the Punjab, is discussed, with special reference to the social and political organization of its landowning Sikhs: the Jats. Joyce Pettigrew demonstrates that although the Punjab is included within the formal political framework of the Indian Union, it is nevertheless more closely allied to countries on its western border, by virtue of its social structure and value system. The caste system does not exist among the Sikhs. Values sustaining patterns of social and political action are not those pertaining to ritual purity and pollution but are those concerned with the extended family unit: honour, reputation, insult. The author shows how long-standing collaborative relationships between families compete with other similarly formed alliances or 'factions' for power and influence. This book will be of interest to students of anthropology, history, political science and South Asian studies.

Mothers of Adult Children - Marguerite Guzman Bouvard, Brandeis University; Author of *The Path Through Grief: A Compassionate Guide* 2013-09-12

Too Close for Comfort? - Linda Perlman Gordon 2009-09-01

A fascinating look at how mothers and their adult daughters have formed a greater friendship than generations past?and whether or not their should be boundaries. No relationship is more complicated than the one between mothers and daughters? especially today, when a cultural shift can cause a longer period of time of overlapping interests before the traditional adult markers of marriage and family. As a result, these young women are developing deeper bonds with their own mothers, a relationship that sometimes mimics friendship. But are these close bonds healthy? Is it time to cut the umbilical cord? In this eye-opening book, Linda Perlman Gordon and Susan Morris Shaffer explore the modern mother-daughter relationship in all its glorious complexity. Combining a brilliant sociological analysis with fascinating stories of real- life women, *Too Close for Comfort?* provides a rich, provocative look at the ways mothers and daughters get it right, how they get it wrong?and how they can happily maintain being friends as well as mothers and daughters.

When He's Married to Mom - Kenneth M. Adams 2007-03-26

When a Woman Is in an Emotional Tug-of-War for Her Man's Heart Why can't he commit? Many women find themselves asking this question when in love with a man who won't get married, won't stop womanizing, or refuses to give up his sex addictions. Often this kind of man is bound by an unhealthy attachment to his mother. This phenomenon is called "mother-son enmeshment." In *When He's Married to Mom*, clinical psychologist and renowned intimacy expert Dr. Kenneth M. Adams goes beyond the stereotypes of momma's boys and meddling mothers to explain how mother-son enmeshment affects everyone: the mother, the son, and the woman who loves him. In his twenty-five years of practice, Dr. Adams has successfully treated hundreds of enmeshed men and shares their stories in this informative guide. He provides

proven methods to make things better, including: -- Guidelines to help women create fulfilling relationships with mother-enmeshed men -- Tools to help mother-enmeshed men have healthy and successful dating experiences leading to serious relationships and marriage -- Strategies to help parents avoid enmeshing their children When He's Married to Mom provides practical and compassionate advice to the women who are involved with mother-enmeshed men, to the mothers who wish to set them free, and to the men themselves.

Celeste Holm Syndrome - David Lazar 2020-10

In this essay collection David Lazar looks to our intimate relationships with characters, both well-known and lesser known, from Hollywood's Golden Age. Veering through considerations of melancholy and wit, sexuality and gender, and the surrealism of comedies of the self in an uncanny world, mixed with his own autobiographical reflections of cinephilia, Lazar creates an alluring hybrid of essay forms as he moves through the movies in his mind.

Character actors from the classical era of the 1930s through the 1950s including Thelma Ritter, Oscar Levant, Martin Balsam, Nina Foch, Elizabeth Wilson, Eric Blore, Edward Everett Horton, and the eponymous Celeste Holm all make appearances in these considerations of how essential character actors were, and remain, to cinema.

The Changing Face Of The Priesthood -

Donald B. Cozzens 2017-06-15

Few today would contest that the priesthood is in a state of crisis. The nature and implications of that crisis, however, remain the subject of considerable discussion and debate. In *The Changing Face of the Priesthood*, Fr. Donald Cozzens offers insight into the crisis by reflecting on the issues, challenges, concerns, and realities of the priesthood today. The same year that Pope John XXIII surprised the Catholic world with his call for an ecumenical council, Cozzens began his formal study of theology. As a seminarian he felt the shaking of the priesthood's foundations. The very face of the priesthood was evolving even as he arrived at his first parish assignment. A generation later,

the face of the priesthood continues to reveal new contours, fascinating features, and sadly, some tragic blemishes. In *The Changing Face of the Priesthood*, Cozzens takes a long, honest look at the present state of the priesthood. He provides this examination not merely from an empirical, scientific perspective but also from a personal, pastoral perspective. Drawing on clinical data, church documents, and his nearly forty years of pastoral experience, Cozzens gives shape and form to the changing face of the priesthood. Through his reflections he leads readers to both concern and hope for the priesthood of the twenty-first century. Chapters are *Discovering an Identity*, **Guarding One's Integrity*, *- *Loving as a Celibate*, *- *Facing the Unconscious*, *- *Becoming a Man*, *- *Tending the Word*, *- *Considering Orientation*, *- *Betraying Our Young*, *- and *The Changing Face of the Priesthood*. - Donald Cozzens, PhD, a priest and writer, is author of two award-winning titles, *Sacred Silence* and *The Changing Face of the Priesthood*, and editor of *The Spirituality of the Diocesan Priest*, all published by Liturgical Press. He is writer in residence at John Carroll University where he teaches in the religious studies department. "

Men in Therapy - Richard L. Meth 1991-10-18

Men have long been considered difficult to engage in psychotherapy, often being described as resistant, unworkable, and unfeeling. The few available books that deal specifically with men's issues tend to lack a central theoretical focus, are highly psychoanalytic in content, or simply do not provide specific guidelines for working with men. This unique and timely volume fills an important gap in the literature by demonstrating why change is often so difficult for them. It provides detailed guidelines for helping men initiate and sustain change in their personal, familial, and professional lives.

The Moon's Dominion - Gavriel Reisner 1981

Posits a causal relationship between two themes in Lawrence's fiction usually thought to be unrelated: the dominance of women and the conflict between the tale and the teller. The connection is revealed in the course of a systematic analysis of the tale-teller division in Lawrence's earlier novels.
