If... Volume 3 - Evelyn McFarlane 2007-12-18

From the Introduction: "Love. Romance. Sex. From the imaginative lover to the imaginary one, our imaginations play central role in our love lives. Pity the person who believes there exists no connection between the heart and the imagination, or pity their lover, anyway. From the first time we begin to discover there's a thing called love—tumultuous, chaotic, confusing, frightfully powerful, and stunningly joyous—we begin to imagine what might be if . . . And as long as we are able to love (in other words, as long as we are alive), our imaginations help us through it, fill in the gaps, make us hopeful, steel our nerves, augment our romantic ideas, protect our humility, guide our actions, and help keep things interesting. Would we dare enter into love otherwise? Yet as wonderful and wrenching as romantic love can be, it remains startlingly incomprehensible, and the mysteries of our own hearts tantalize us. Can we know more? Are we meant to? Ask yourself some of these questions, and ask those you love, or would like to. Where will they take you? What will they reveal? Do you have the courage to answer? Be prepared for anything. And always, always, treasure the game of love. We would like to add that some of the following questions are rather direct, and personal, and not everyone will choose to ponder them, but in no case do we intend offense."

100 Questions You Must Ask Your Spouse To Be - Morolayo Anne Owoputi 2020-06-30

This book serves as a guide on the deep questions you should have answers to or asking your potential partner and yourself before undertaking any plans towards Marriage with him or her or flinging yourself blindly into Marriage with a Stranger. From experience, I have realized that several people go into Marriage without really knowing the person they are getting married to well. This realization dawned on me as a result of the many issues that I have come across through the online community that I convene ('Marriage Clinic'), where couples bring up the various problems they are facing in marriage. The first question one usually asks is, didn't you know all of these about your spouse before you went ahead to marry them? The majority of responses gotten from these couples revealed that many of them married a familiar stranger and knew next to nothing of the real person they had committed to for a lifetime journey. Experience goes to show that many of us probably didn't ask the right questions during the dating and courtship period as many seem to be carried away by the euphoria of falling in love that we forget to search out the most important things about the person. It is to address this blind spot that this book has been written. It is to help you know as a single person what crucial and most important questions you should be asking from the start of the friendship and relationship. You must Learn to discount a person and search them out beyond the physical façade of the beautiful and handsome looks, beyond the cars and houses or an excellent job. These are questions that will help you know the true worth of the man or woman. These are not lovey-dovey questions, but questions deep and severe enough to ward off the false and unserious suitors, leaving you with the serious and true, the ones that will suit, care, and love you.

Questions To Ask A Cheater - Rebekah Clarke 2021-03-24

Talking to your partner after they've cheated is undeniably one of the toughest conversations you'll ever have with them. You'll be bubbling over with a ton of emotions - anger, upset and frustration. The cheating partner will also have their own emotions to deal with - dread, uncertainty and the shame of their actions. The aftermath of cheating always leads to "The Conversation", where the hurt party asks their partner all of the questions about the affair they have bottled up. The cheater will be asked to answer difficult questions and confess some hurtful things to their partner, which is easier said than done. Does this situation sound similar to the one you've found yourself in? Although you may find yourself simmering with an abundance of questions for your partner, they don't always come out the way you want or need them to; your anger and hurt take over and what should be an open communication turns into an argument. I was in the same situation not too long ago, and my rage and hurt would always get in the way of an open and honest discussion with my partner about his infidelity. This stopped me from being able to get the closure I needed so badly. Couple this with my emotions clouding my ability to know what questions to ask and how to ask them, I was in a cycle of heartache and confusion. Through trial and error, I had the breakthrough with my partner and compiled my findings in this book. I've included four parts: Part One: Questions To Ask Your Partner To Understand Their Behaviour Part Two: Questions To Ask To Rebuild Trust With Your Partner Part Three: Questions To Ask A Cheating Partner Or Ex To Gain Closure Part Four: A Chapter For The Cheater: Understand Your Behaviour, Comprehend The Damage It's Caused & Nurture Forgiveness In Your Relationship This book is for you if you've been cheated on and need answers. It's also a way to find comfort in the knowledge that someone has been in the same position you're in and has been through the same heartache as you've endured. Straight to the point, no fluff or filler, this book will aid you in getting the answers you need, help you rebuild honest communication with your partner and inspire you to seek the respect you deserve.
