*Romantic Love in Cultural Contexts* - Victor Karandashev 2016-12-24

This volume presents a conceptual, historical,

anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is

it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people, in various historical eras, and in all the world's cultures. Yet, love displays in different ways because culture has an impact on people's conceptions of love and the ways they feel, think, and behave in romantic relationships. This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting-edge research that has advanced the field. Divided into three parts, the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context. Part II traces the origin and evolution of

romantic love both in various places throughout the world and various time periods throughout history. Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world, focusing particularly on the development of romantic love as a cultural ideal of the modern cultures. Finally, the book concludes by summarizing the major achievements in this field of study and predicts future development. A timely and thoughtful addition to the literature, *Romantic Love in Cultural Contexts* delivers thought-provoking insights to researchers in relationship scholarship, sociology, anthropology, and cultural studies, and all those interested in the universal human concept of love. Overall I find Dr. Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross-cultural research and of anthropology. In our increasingly connected world *Romantic Love in*

Cultural Contexts updates and adds to the descriptions and explanations of similarities and differences in romantic love across generations and cultures. Romantic love encompasses the life span, rather than being a phenomenon largely confined to youthful years. The topic of this project concerns the deepest of our sentiments and pervades life from birth to death. This book contributes to better knowledge of this phenomenon across generations. Félix Neto (Professor of Psychology) Faculdade de Psicologia e de Ciências da Educação Universidade do Porto, Portugal

**Encyclopedia of Love in World Religions [2 volumes]** - Yudit Kornberg Greenberg  
2007-11-15

This is the first comprehensive resource on the subject of love in the teachings of the world's major religions, cultures, and philosophies. Encyclopedia of Love in World Religions is the first reference work to offer a comprehensive portrait of love in the context of the classic and contemporary literature of Judaism, Christianity, Islam, Buddhism, and Hinduism, as well as other cultures and philosophies. Like no volume published to date, it reveals the full richness of religious teachings on love in all its many forms,

exploring an extensive range of topics that offer philosophical, psychological, and religious perspectives to guide the quest for the meaning of love. *Encyclopedia of Love in World Religions* features approximately 300 subject entries, as well as insightful biographic sketches of preeminent thinkers, all written by a multidisciplinary team of some of the foremost scholars on the subject. Entries examine both general and culture-specific interpretations of love: not just the dichotomy of spiritual and physical love, but the full emotional spectrum of love in relationships and practices. Collectively, they encompass love's integral—and sometimes conflicting—role in shaping beliefs and behavior in a vastly diverse world.

**Encyclopedia of Hinduism** - Constance Jones 2006

An illustrated A to Z reference containing more than 700 entries providing information on the theology, people, historical events, institutions and movements related to Hinduism.

Religious Devotion and the Poetics of Reform - George Pati 2019-02-18

The poetry emanating from the bhakti tradition of devotional love in India has been both a religious expression and a form of resistance to hierarchies of caste, gender, and colonialism. Some scholars have read this art form through the lens of resistance and reform, but others have responded that imposing an interpretive framework on these poems fails to appreciate their authentic expressions of devotion. This book argues that these declarations of love and piety can simultaneously represent efforts towards emancipation at the spiritual, political, and social level. This book, through a close study of Naḷini (1911), a Malayalam lyric poem, as well as other poems, authored by Mahākavi Kumāran Āśān (1873–1924), a low-caste Kerala poet, demonstrates how Āśān employed a theme of love among humans during the modern period in

Kerala that was grounded in the native South Indian bhakti understanding of love of the deity. Āśān believed that personal religious freedom comes from devotion to the deity, and that love for humans must emanate from love of the deity. In showing how devotional religious expression also served as a resistance movement, this study provides new perspective on an understudied area of the colonial period. Bringing to light an under-explored medium, in both religious and artistic terms, this book will be of great interest to scholars of religious studies, Hindu studies, and religion and literature, as well as academics with an interest in Indian culture.

**Yoga Journal** - 1995-07

For more than 30 years, Yoga Journal has been helping readers achieve the balance and well-being they seek in their everyday lives. With every issue, Yoga Journal strives to inform and empower readers to make lifestyle choices that

are healthy for their bodies and minds. We are dedicated to providing in-depth, thoughtful editorial on topics such as yoga, food, nutrition, fitness, wellness, travel, and fashion and beauty. Civilization and Transcendence - His Divine Grace A. C. Bhaktivedanta Swami Prabhupada 1990-01-01

In June 1976, Bhavan's Journal, a Bombay cultural and religious magazine, sent various religious and spiritual leaders a questionnaire looking for enlightened answers to some of the perplexing questions of the day, such as the place of religion in modern society. One recipient of their questionnaire was Srila Prabhupada, who took the opportunity to make a thorough presentation of the ideal Vedic civilization, show the faults of modern society from the viewpoint of transcendence, and offer practical solutions based on Krishna conscious teachings. His answers to the questionnaire were later compiled and published in this compact and lively book.

La dimensión más profunda del yoga - Georg Feuerstein 2015-04-28

Detallado estudio de la historia y la filosofía del yoga cuyo autor, Georg Feuerstein, es considerado uno de los mayores expertos del siglo XX en el yoga clásico. El libro abarca aspectos teóricos y prácticos de la disciplina y es una excelente fuente tanto para especialistas en el tema como para principiantes y estudiosos de la espiritualidad. Editorial Maitri fue creada en 2001 con la intención de difundir textos sobre distintas dimensiones de la espiritualidad. Su catálogo incluye ensayos de autores contemporáneos sobre la búsqueda espiritual y colecciones de cuentos tradicionales. En 2015 Maitri lanzó una línea de narrativa contemporánea con la publicación de "Wabi sabi". Maitri es una palabra sánscrita que significa "benevolencia", "cordialidad".

What's Your Dosha, Baby? - Lisa Marie Coffey

2008-11-05

"Coffey brings the timeless wisdom of Ayurveda to a contemporary audience and shows us how to discover more about ourselves and our relationships."--Deepak Chopra Thousands of years ago, philosophers and scientists in ancient India devised a system called Ayurveda, or "the science of life," which explains the nature of everything in the universe. Now, in *What's Your Dosha, Baby?*, author Lisa Marie Coffey applies this ancient wisdom to modern-day relationships, offering readers an exciting new way to measure their compatibility with lovers, friends, co-workers, and family, and arming them with the insight they need to make all their relationships work. After determining their personal dosha--one of three personality types based on physical features and personality traits--readers can learn how their dosha interacts with the others, their physical and emotional communication styles, instinctual preferences regarding food, travel, lifestyle, and work, and much more. Perfect for

those looking to end the squabbling with their mate, resolve a conflict with their boss, or get the man or woman of their dreams to commit, *What's Your Dosha, Baby?* will help readers find true happiness and achieve great success in life, love, and relationships.

**Cross-Cultural Perspectives on the Experience and Expression of Love** - Victor Karandashev 2019-06-05

This ambitious volume integrates findings from various disciplines in a comprehensive description of the modern research on love and provides a systematic review of love experience and expression from cross-cultural perspective. It explores numerous interdisciplinary topics, bringing together research in biological and social sciences to explore love, probing the cross-cultural similarities and differences in the feelings, thoughts, and expressions of love. The book's scope, which includes a review of major theories and key research instruments, provides a comprehensive background for any reader

interested in developing an enlightened understanding of the cultural diversity in the concepts, experience, and expression of love. Included among the chapters: How do people in different cultures conceptualize love? How similar and different are the experiences and expressions of love across cultures? What are the cultural factors affecting the experience and expression of love? Cross-cultural understanding of love as passion, joy, commitment, union, respect, submission, intimacy, dependency, and more. A review of the past and looking into the future of cross-cultural love research. Critical reading for our global age, *Cross-Cultural Perspectives on the Experience and Expression of Love* promotes a thorough understanding of cross-cultural similarities and differences in love, and in so doing is valuable not only for love scholars, emotion researchers, and social psychologists, but also for practitioners and clinicians working with multicultural couples and families. "The most striking feature of this

2022-03-22 by guest*

book is the broad array of perspectives that is covered. Love is portrayed as a universally found emotion with biological underpinnings. The text expands from this core, incorporating a wide range of manifestations of love: passion, admiration of and submission to a partner, gift giving and benevolence, attachment and trust, etc. Information on each topic comes from a variety of sources, cross-culturally and interdisciplinary. The text is integrative with a focus on informational value of ideas and findings. If you take an interest in how love in its broadest sense is experienced and expressed, you will find this to be a very rich text.” Ype H. Poortinga, Tilburg University, The Netherlands & Catholic University of Leuven, Leuven, Belgium “In this wide-ranging book, Victor Karandashev expertly guides us through the dazzling complexity of our concept and experience of love. Not only does he show the many different ingredients that make up our conceptions of love in particular cultures, such

as idealization of the beloved, commitment, union, intimacy, friendship, and others, he draws our attention to the bewildering array of differences between their applications in different cultural contexts, or to their presence or absence in a culture. In reading the book, we also get as a bonus an idea of how an elusive concept such as love can be scientifically studied by a variety of methodologies - all to our benefit. A masterful accomplishment.” Kövecses Zoltán, Eötvös Loránd University, Budapest, Hungary “Long considered a research purview of only a portion of the world’s cultures, we know today that love is universal albeit with many cultural differences in meaning, form, and expression. Moreover, love has a rich history of scholarship across multiple disciplines. Within this backdrop, Karandashev has compiled a remarkably comprehensive global review of how people experience and express their emotions in love. Covering the topic from a truly international and interdisciplinary perspective, this book is an

indispensable source of knowledge about cultural and cross-cultural studies conducted in recent decades and is a must read for anyone interested in the universal and culturally diverse aspects of love.” David Matsumoto, San Francisco State University, Director of SFSU’s Culture and Emotion Research Laboratory

**The Deeper Dimension of Yoga** - Georg Feuerstein, Ph.D. 2003-07-08

"Here is a comprehensive survey of the full breadth and depth of the 5,000-year-old Yoga tradition, emphasizing its potent philosophy and spiritual vision. Georg Feuerstein demonstrates that Yoga is much more than a system of physical exercises—it is a profound path of self-transformation that encompasses a range of teachings, practices, and sacred texts that can help us cultivate wisdom, balance, and inner freedom, as well as physical health. Feuerstein is one of the few Western scholar-teachers of Yoga whose writing and teaching penetrate the full richness and depth of this ancient tradition.

Here he offers a collection of essays touching on all facets of the discipline. Topics include: • The different branches and styles of Yoga • The ethical teachings of Yoga • Yoga and vegetarianism • Meditation and mantras • Choosing a teacher • Tantric Yoga • The experience of ecstasy

contemporary Peace Research. It considers the rational and the spiritual sphere of human perception to be essential for the understanding of peace. In this book the Austrian-Indian researcher Samrat Schmiem Kumar presents the Indian tradition of Bhakti Yoga, and demonstrates the value of Indian philosophy for contemporary discussions on peace. In the philosophy of Bhakti, life is a playful and

aesthetic relationship between human and the cosmos. The book opens the field of Peace Studies beyond the well-known horizons of the discipline in Europe and the United States.

Rasa - B. V. Tripurari 1994

A theology from deep in India's spiritual heritage answers the moral and spiritual bankruptcy of the modern world.
