foremost authorities on family issues. In *Letters to a Young Therapist*, Dr. Pipher shares what she has learned in thirty years as a therapist, helping warring families, alienated adolescents, and harried professionals restore peace and beauty to their lives. *Letters to a Young Therapist* gives voice to her practice with an exhilarating mix of storytelling and sharp-eyed observation. And while her letters are addressed to an imagined young therapist, every one of us can take something away from them. Long before "positive psychology" became a buzzword, Dr. Pipher practiced a refreshingly inventive therapy -- fiercely optimistic, free of dogma or psychobabble, and laced with generous warmth and practical common sense. But not until now has this gifted healer described her unique perspective on how therapy can help us revitalize our emotional landscape in an increasingly stressful world. Whether she's recommending daily swims for a sluggish teenager, encouraging a timid husband to become bolder, or simply bearing witness to a bereaved parent's sorrow, Dr. Pipher's compassion and insight shine from every page of this thoughtful and engaging book.

**Reviving Ophelia** - Mary Bray Pipher 1995

This volume takes a look at the effects of societal pressures on American adolescent girls, and utilizes many case studies from the author's experience as a therapist. The book has been described as a "call to arms" and highlights the increased levels of sexism and violence that affect young females. The author asserts that whilst the feminist movement has aided adult women to become empowered, teenagers have been neglected and require intensive support due to their undeveloped maturity. She examines many of the dangerous and devastating realities that face young girls today: dysfunctional families, incest, abuse, introduction to sex too soon, eating disorders, and tells how to confront and understand them.

**Reviving Ophelia** - Mary Pipher 2002

THREE YEARS ON THE "NEW YORK TIMES BESTSELLER LIST AND MORE THAN 1.5 MILLION COPIES SOLD" When "Reviving Ophelia" was first published nearly a decade ago, the response was extraordinary-and Dr. Mary Pipher became one of the most sought-after speakers in the country. She posed the

provocative question: Why are American adolescent girls falling prey to depression, eating disorders, and suicide attempts at an alarming rate? The answer hit a nerve. We live in a look-obsessed, sexist "girl-poisoning" culture. And despite the advances of feminism, girls continue to struggle to find their true selves. Here are girls' unmuted voices from the front lines of adolescence, personal and painfully honest. By laying bare their harsh day-to-day reality, "Reviving Ophelia" issues a call to arms and offers parents compassion, strength, and strategies with which to revive these Ophelias' lost sense of self."

*Reviving Ophelia* - Mary Pipher 2010-12-15

Why are adolescent girls prone to depression, eating disorders, addictions and suicide attempts than ever before? Mary Pipher believes adolescence is an especially precarious time for girls, a time when the fearless, outgoing child is replaced by an unhappy and insecure teenager. Her view is that for the most part it is our look-obsessed, media-saturated, 'girl-poisoning' culture - and not parents - which is to blame. Despite the advances of feminism, escalating levels of sexism and violence cause girls to stifle their creative spirit and natural impulses, which, ultimately, destroys their self-esteem. Yet it is often their families that are blamed. Here, for the first time, are the girls' unmuted voices. By laying bare their harsh day-to-day reality, *Reviving Ophelia* offers parents compassion, strength and strategies with which to revive these Ophelias' lost sense of self.

**Women Rowing North** - Mary Pipher 2020-04

From the New York Times bestselling author of *Reviving Ophelia*, a guide to wisdom, authenticity, and bliss for women as they age. Women growing older contend with ageism, misogyny, and loss. Yet as Mary Pipher shows, most older women are deeply happy and filled with gratitude for the gifts of life. Their struggles help them grow into the authentic, empathetic, and wise people they have always wanted to be. In *Women Rowing North*, Pipher offers a timely examination of the cultural and developmental issues women face as they age. Drawing on her own experience as daughter, sister, mother, grandmother, caregiver, clinical psychologist, and cultural anthropologist, she explores ways women can cultivate resilient

responses to the challenges they face. "If we can keep our wits about us, think clearly, and manage our emotions skillfully," Pipher writes, "we will experience a joyous time of our lives. If we have planned carefully and packed properly, if we have good maps and guides, the journey can be transcendent."

*Dilemmas of Desire* - Deborah L. TOLMAN  
2009-06-30

Be sexy but not sexual. Don't be a prude but don't be a slut. These are the cultural messages that barrage teenage girls. In movies and magazines, in music and advice columns, girls are portrayed as the object or the victim of someone else's desire--but virtually never as someone with acceptable sexual feelings of her own. What teenage girls make of these contradictory messages, and what they make of their awakening sexuality--so distant from and yet so susceptible to cultural stereotypes--emerges for the first time in frank and complex fashion in Deborah Tolman's *Dilemmas of Desire*. A unique look into the world of adolescent sexuality, this book offers an intimate and often disturbing, sometimes inspiring, picture of how teenage girls experience, understand, and respond to their sexual feelings, and of how society mediates, shapes, and distorts this experience. In extensive interviews, we listen as actual adolescent girls--both urban and suburban--speak candidly of their curiosity and confusion, their pleasure and disappointment, their fears, defiance, or capitulation in the face of a seemingly imperishable double standard that smiles upon burgeoning sexuality in boys yet frowns, even panics, at its equivalent in girls. As a vivid evocation of girls negotiating some of the most vexing issues of adolescence, and as a thoughtful, richly informed examination of the dilemmas these girls face, this readable and revealing book begins the critical work of understanding the sexuality of young women in all its personal, social, and emotional significance.

**Writing to Change the World** - Mary Pipher, PhD  
2007-05-01

From the #1 New York Times bestselling author of *Reviving Ophelia*, *Another Country*, and *The Shelter of Each Other* comes an inspirational book that shows how words can change the

world. Words are the most powerful tools at our disposal. With them, writers have saved lives and taken them, brought justice and confounded it, started wars and ended them. Writers can change the way we think and transform our definitions of right and wrong. Writing to Change the World is a beautiful paean to the transformative power of words. Encapsulating Mary Pipher's years as a writer and therapist, it features rousing commentary, personal anecdotes, memorable quotations, and stories of writers who have helped reshape society. It is a book that will shake up readers' beliefs, expand their minds, and possibly even inspire them to make their own mark on the world.

*The War Against Boys* - Christina Hoff Sommers  
2015-09

"This updated and revised edition of the controversial classic, which is now more relevant than ever, argues that boys have become the primary victims of American society, showing how boys' weaknesses are aggravated by anti-boy prejudices and offering constructive suggestions on how to help young males"--  
Amazon.com.

*Reading Girls* - Hadar Dubowsky Ma'ayan  
2012-04-06

*Reading Girls* captures the voices and literacy experiences of a diverse group of urban adolescent girls. The author—an experienced researcher and middle school teacher—intertwines investigations of multiple literacies, technologies, race, class, gender, sexuality, and gender expression to provide a provocative look at what helps and what hurts adolescent girls in school. Through engaging case studies, we see how traditional schooling fails to make room for crucial life topics, such as grappling with sexual or racial identity, understanding gang culture, or coming of age in urban America. Each chapter concludes with concrete strategies for improving both in- and out-of-school practices to better serve young girls, especially marginalized students.

**Hunger Pains** - Mary Pipher, PhD  
1997-01-21

We live in an appearance-obsessed culture. Fashion ads, magazine covers, TV shows, and movies idealize a body type that is impossible for most real women to achieve. In this comforting, liberating book, Dr. Mary Pipher, bestselling author of *Reviving Ophelia*, offers advice,

counsel, and practical solutions for understanding our needs, our fears, and our many hungers. She shows us how we can at last learn to live at peace with the natural differences in our bodies and appetites. The rates of anorexia, bulimia, and depression for women are the highest they have ever been, and begin at ever younger ages. Dr. Pipher reveals how society encourages our misery and prevents us from accepting our looks. Indeed, for many women the humiliation of overweight or obesity is a wound that never heals. Dr. Pipher reminds us that accepting our bodies the way they are is the greatest gift we can give ourselves.

**Another Country** - Mary Bray Pipher 2000

The landscape of age is that of Another Country. In this helpful, hopeful field guide, Mary Pipher turns her keen eye to a troubled passage -- the journey into old age. She writes about our parents and grandparents, because as they grow older, the relationships among us become more complex and difficult just when they need to be the closest and strongest. And the aging process can be just as painful for us -- daughters and sons, granddaughters and grandsons -- as it is for them. The gradual turning of life's tide can take us by surprise, as we find ourselves unprepared to begin caring for those who have always cared for us. And many of us realize that we are also lacking a useful way to think about growing older ourselves. We need new ways of supporting one another -- new ways of sharing our time and our energy and our love. In Another Country, Mary Pipher shows us how.

**Gender and Mental Health** - Pauline Prior 1999-08

"Prior examines the individual experiences of mental disorders for both men and women and explores a range of mental health policy issues including concepts of normality, trends in mental health care legislation and service delivery, the differing impacts of national mental health policies on women and on men, and changing views of disorders linked with sexual identity and orientation."--BOOK JACKET.

**Letters to a Young Therapist** - Mary Pipher 2009-08

Psychology.

**Reviving Ophelia** - Cherie Bennett 2006

"Based on Reviving Ophelia: Saving the Selves of Adolescent Girls, one of the seminal nonfiction

books of our time, this is the gripping story of four teenage girls battling the corrosive influences of popular culture and each searching for the personal North Star that will guide her home. Jill is a Native American girl adopted by white parents. Her drinking, truancy and bad attitude are turned around in a very unexpected way. Allie, a pastor's daughter, faces a crisis of faith at a mother-daughter book club when her friend Lia loses her mother to cancer. The scene between Lia and her boyfriend, Alex, harkens back to Hamlet's "Get thee to a nunnery!", as Alex exposes the scary part of his personality which he carefully keeps hidden. Beautiful Dawn approaches high-school graduation with the realization that she's not prepared for anything but attracting guys; her solution is to attempt 18 Jello shots to celebrate her 18th birthday. Playwright Bennett, specifically chosen by Dr. Pipher to adapt her work, deftly leavens the drama with humor, tracing the intertwining lives of these four girls from first grade through middle school, and then through high school to graduation and young adulthood. This play has toured urban, suburban and rural schools with equal success."--Publisher's website.

**Ophelia Speaks** - Sara Shandler 1999-05-05

At age sixteen, Sara Shandler read Mary Pipher's Reviving Ophelia, the national bestseller that candidly explored the unique issues that challenge girls in their struggle toward womanhood. Moved by Pipher's insight yet driven to hear the unfiltered voices of today's adolescent girls, Shandler yearned to speak for herself, and to provide a forum for other Ophelias to do so as well. A poignant collection of original pieces selected from more than eighthundred contributions, Ophelia Speaks culls writings from the hearts of girls nationwide, of various races, religions, and socioeconomic backgrounds. Ranging in age from twelve to eighteen, the voices here offer a provocative and piercingly real view on issues public and private, from body image to boys, politics to parents, school to sex. Framing each chapter are Shandler's own personal reflections, offering both the comfort of a trusted friend and an honest perspective from within the whirlwind of adolescence. In these pages, you will see your best friend, your daughter, your sister--and yourself. At once filled with heartbreak and

hope, in these pages Ophelia speaks.

**Reviving Ophelia 25th Anniversary Edition -**

Mary Pipher 2019-10-17

"Reviving Ophelia is a cultural touchstone" -- NPR "An important book...Pipher shines high-beam headlights on the world of teenage girls." - Los Angeles Times First published in 1994, Reviving Ophelia illuminated the problems faced by adolescent women. From depression and anxiety to addiction and suicide, Mary Pipher, PhD showed us how our look-obsessed 'girl-poisoning culture' was seriously damaging young women. The book became iconic - a No.1 New York Times bestseller for 27 weeks - and transformed how we talk about female adolescence. Fast forward to today and teenage girls still face with many of the challenges Pipher identified. However, the digital world of the 21st century has also brought new obstacles and opportunities as social media means teens are more connected and more isolated than ever before. In this revised and updated 25th anniversary edition, Pipher and her daughter, Sara (who was a teenager at the time of the book's original publication), address this new landscape and provide insights and ideas on how to help the latest generation of teenage girls. A timely combination of thorough research, real life stories and practical guidance, Reviving Ophelia is an essential handbook for anyone who wants to support and empower today's young women.

**Surviving Ophelia - Cheryl Dellasega**

2001-09-11

Raising a teenage girl can be frightening and overwhelming for the most important female figure in her life: her mother. From handling the often delicate situations surrounding academic performance, athletics, friendships, sexual activity, and drug and alcohol experimentation to instilling (or restoring) a healthy body image and providing a strong role model, mothers often feel alone in their struggle to find ways of coping with all that they must do for their daughters. To provide the community that these women so desperately crave-and all that comes with it: the guidance, the solace, the inspiration, and the hope -Cheryl Dellasega has written Surviving Ophelia, a book of profound wisdom and compassion. Dellasega's own story of raising her teenage daughters is punctuated by the

collective experience of hundreds of other mothers, from all walks of life, who have been there or are there, in the trenches, experiencing and chronicling the daily joys and trials of raising their teenage girl. Enlightening, heartfelt, and hopeful, Surviving Ophelia is a must-read for "Ophelia's mother."To find [this book] is like an answer to a prayer. I've had a hard time finding someone who understands what I'm going through, and knows the kind of pain a mother feels when her child is hurting herself."-Jane, Reno, Nevada"This is for all the mothers who sat at coffee break with their peers passing pleasantries while trying to sedate their feelings...[of] anger, rage, disappointment (sadness).... While they share information on Ivy League colleges their children will be attending in the fall, I just pray that my daughter stays alive."-Lori, Detroit, Michigan"The realization stung me as if I'd been slapped hard across my face: I'd been betrayed. My seventeen-year-old daughter Sara had lied to me, and, in needing to believe her, I lied to myself."-Amanda, Albany, New York"It's always assumed you want your kids to walk in your footsteps. For me, it's the last thing I wanted. I raised my girls to be everything I was not: outgoing, brave, bold, and independent."-Sandra, Marblehead, Massachusetts"As the mother of an anorexic, I have spent the past four years reliving the choices I have made in my life, searching to find the cause of my daughter's life-threatening illness."-Carolyn, Amherst, Massachusetts
