- Thomas Marriott 1760

Essays on Sex Equality - John
Stuart Mill 2015-08-03

This volume brings together for the first time all the writings of John Stuart Mill and Harriet Taylor Mill on equality between the sexes, including John Stuart Mill's *The Subjection of Women*, a classic in the history of the women's rights movement since its publication one hundred years ago. Also contained in this volume is a major interpretative essay by Alice S. Rossi on Mill and Harriet Taylor which describes and analyzes their long personal and intellectual

relationship.

**From Same-Sex Marriage to
Polygamy & Prostitution** -

Professor Leb Morr 2016-03-31

This is a personal reflection essay. An essay like a book may be on the same topic, but in breadth and details, it tries to embrace the subject without expounding on details as may be treated in a book; and being a personal reflection, the authors mind is the readers road map. The essays focal point is, if same-sex marriage has been given constitutional recognition in the United States, should this not logically lead to recognizing prostitution and the next complexity of pair bondingpolygamy? The essay examines the human rights and freedom of choice factors behind this and uses internationally recognized scenarios to illustrate the harmlessness of the latter two. To illustrate these points,

practices of countries seen as the doctrinal peers of the United States are referenced and compared to the United States. Personal names are mentioned not as an attempt to denigrate any individual but rather as need for illustrative examples.

One Body - Alexander R. Pruss
2012-05-15

This important philosophical reflection on love and sexuality from a broadly Christian perspective is aimed at philosophers, theologians, and educated Christian readers. Alexander R. Pruss focuses on foundational questions on the nature of romantic love and on controversial questions in sexual ethics on the basis of the fundamental idea that romantic love pursues union of two persons as one body. One Body begins with an account, inspired by St. Thomas Aquinas, of the general nature of love as constituted by components of goodwill, appreciation, and unitiveness. Different forms of love, such as parental, collegial, filial, friendly, fraternal, or romantic,

Pruss argues, differ primarily not in terms of goodwill or appreciation but in terms of the kind of union that is sought. Pruss examines romantic love as distinguished from other kinds of love by a focus on a particular kind of union, a deep union as one body achieved through the joint biological striving of the sort involved in reproduction. Taking the account of the union that romantic love seeks as a foundation, the book considers the nature of marriage and applies its account to controversial ethical questions, such as the connection between love, sex, and commitment and the moral issues involving contraception, same-sex activity, and reproductive technology. With philosophical rigor and sophistication, Pruss provides carefully argued answers to controversial questions in Christian sexual ethics.

Female Conduct, being an essay on the art of pleasing to be practised by the Fair Sex, before and after marriage. A poem in two

books, etc - Esq. Thomas MARRIOTT (Writer of Verse.) 1760

Theology, Sex, and the Comedia, and Other Essays - Everett Wesley Hesse 1982

Men Explain Things to Me - Rebecca Solnit 2014-11-06
Rebecca Solnit's essay 'Men Explain Things to Me' has become a touchstone of the feminist movement, inspired the term 'mansplaining', and established Solnit as one of the leading feminist thinkers of our time - one who has inspired everyone from radical activists to Beyonc Knowles. Collected here in print for the first time is the essay itself, along with the best of Solnit's feminist writings. From rape culture to mansplaining, from French sex scandals to marriage and the nuclear family, from Virginia Woolf to colonialism, these essays are a fierce and incisive exploration of the issues that a patriarchal culture will not necessarily acknowledge as 'issues' at all. With grace and energy, and in the most

exquisite and inviting of prose, Rebecca Solnit proves herself a vital leading figure of the feminist movement and a radical, humane thinker.

on 2020-10-31 by guest*

about women's history with a passion informed by her feminist values. Over the past thirty years, she has produced a body of work in which scholarship and politics have never been mutually exclusive. This collection brings together eleven essays--eight previously published and three new--that document the evolving relationship between academic feminism and political feminism as Freedman has studied and lived it. Following an introduction that presents a map of the personal and intellectual trajectory of Freedman's work, the first section of essays, on the origins and strategies of women's activism in U.S. history, reiterates the importance of valuing women in a society that has long devalued their contributions. The second section, on the maintenance of sexual boundaries, explores the malleability of both sexual identities and sexual politics. Underlying the collection is an inquiry into the changing meanings of gender, sexuality,

and politics during the nineteenth and twentieth centuries along with a concern for applying the insights of women's history broadly, from the classroom to the courthouse.

A Marriage Agreement and Other Essays - Alix Kates

Shulman 2012-04-03

DIVDIVA provocative collection of essays by one of the foremost thinkers of second-wave feminism/divDIV /divDIVIn a career spanning four decades, Alix Kates Shulman has written on issues ranging from marriage, sex, and divorce to religious identity, age, and family devotion. Throughout her diverse body of work runs a staunch advocacy of equal rights and social justice. Beginning with her provocative essay "A Marriage Agreement," written in 1969, and continuing through to the heartrending "Caring for an Ill Spouse, and Other Caregivers," written in 2011, this collection provides a window into the social movements that defined an era./divDIV /divDIVWitty,

stirring, and poignant, A Marriage Agreement and Other Essays illustrates how each generation, in Shulman's words, "can do no more than add its bit to the endless river of consciousness and change."

/div/div

Female Conduct - Thomas Marriott 1760

The Sexual Language - André Guindon 1976

For Better For Worse - Neel Burton 2020-04-09

We are the ultimate social animal. Our intimate relationships are the most important thing in our life, often, more important than life itself--insofar as we would die for those we love. This book should help you to navigate the storms and doldrums that lie ahead, and, more important still, to question the very purpose and value of your journey.

Public Practice, Private Law - Gary Chartier 2016-04-07

Marriage is ordinarily a public practice, supported by, as well as supportive of, society. But it

need not fall within the purview of the state. Public Practice, Private Law articulates a conception of marriage as a morally rich and important institution that ought to be subject to private rather than legislative or judicial ordering. It elaborates a robust understanding of marriage that captures what both different-sex and same-sex couples might see as valuable about their relationships. It explains why sexual ethics won't yield a normative model of marriage, and why the kind of marital love worth wanting, can. It goes on to show how an understanding of marriage as rooted in demanding commitments can allow for divorce before arguing that the state should cease to sponsor marriages. It concludes by suggesting that both state and non-state institutions should acknowledge the marriages of same-sex couples.

Queer Public History - Marc Stein 2022-03-22

Over the course of the last half century, queer history has developed as a collaborative

project involving academic researchers, community scholars, and the public. Initially rejected by most colleges and universities, queer history was sustained for many years by community-based contributors and audiences. Academic activism eventually made a place for queer history within higher education, which in turn helped queer historians become more influential in politics, law, and society. Through a collection of essays written over three decades by award-winning historian Marc Stein, *Queer Public History* charts the evolution of queer historical interventions in the academic sphere and explores the development of publicly

oriented queer historical scholarship. From the AIDS crisis of the 1980s and the rise of queer activism in the 1990s to debates about queer immigration, same-sex marriage, and the politics of gay pride in the early twenty-first century, Stein introduces readers to key themes in queer public history. A manifesto for renewed partnerships between academic and community-based historians, strengthened linkages between queer public history and LGBT scholarly activism, and increased public support for historical research on gender and sexuality, this anthology reconsiders and reimagines the past, present, and future of queer public history.
