[Sex in the Museum](#) - Sarah Forbes 2016-04-05
Sarah Forbes was in graduate school when she stumbled upon a museum dedicated to . . . sex. The anthropology student hesitated when her boyfriend suggested she apply for a job, but apply she did, and it wasn't long before a part-time position at New York's MUSEUM OF SEX lead to a gig as the museum's curator. That was over twelve years ago. Now Sarah—a married mother of two—proudly sports her title as Curator of Sex. In *SEX IN THE MUSEUM*, Sarah invites readers to travel from suburban garages where men and women build sex machines, to factories that make sex toys, to labyrinthine

archives of erotica collectors. Escorting us in to the hidden world of sex, illuminating the never-talked-about communities and eccentricities of our sexual subcultures, and telling her own personal story of a decade at The Museum of Sex, Sarah asks readers to grapple with the same questions she did: when it comes to sex, what is good, bad, deviant, normal? Do such terms even apply? If everyone has sexual secrets, is it possible to really know another person and be known by them? And importantly, in our hyper-sexualized world, is it still possible to fall in love?

India - Aakriti Saxena 2016-01-14

Sex has been a discrete and secretive topic of discussion, usually confined to private places. But, exceptionally, it has been depicted at public areas, posing a contrast and conflict. Sex is an act and thought that permeates everyone's life. Proper understanding of it plays a major role in developing an open, healthy, safe, tolerant and happy society. This work focuses on the problems and issues related to sex and sexuality, in India and how museum, as a public and cultural institution, will play a vital role in addressing these issues by creating awareness about this subject and dispelling myths and taboos associated with it. The project gathered and analysed information about history and perception of sex in India from ancient times - as manifested in its art, literature and architecture. Sex Museum has been postulated as an ideal interactive space to provide factual and scientific information in innovative ways and also entertain people of appropriate age groups,

genders and orientations. It dwells on the prospect of discussing a private topic at public place. The book could be of interest to the readers of literature on humanities, visual art and museum and gallery studies.

Seduced - Marina Wallace 2007

A survey of representations of sex across cultures from ancient times to the modern day. Featuring such diverse works as Roman marbles, Japanese woodcuts, Indian manuscripts, and Renaissance and Baroque paintings, this book reveals how art with a sexual content has been collected, openly displayed, concealed or prohibited over time.

The Temple of Venus - Hans-Jürgen Döpp 2001

First put on display together in 1985 by Monique van Made and her father, this collection of erotic works is exceptional for the quality of the objects exhibited, its engravings, and its photographs of yesteryear. Far from being a focus for voyeuristic prurience, the Museum is intended to be understood as a serious center

The Very Secret Sex Lives of Medieval Women - Rosalie Gilbert 2020-10-27

A “wickedly entertaining, informative and thought-provoking” look at romance, courtship, and other intimacies behind closed Medieval doors (Dr. Markus Kerr, PhD, MDR). Were medieval women slaves to their husband’s desires, jealously secured in a chastity belt in his absence? Was sex a duty or could it be a pleasure? Did a woman have a say about her own female sexuality, body, and who did or didn’t get up close and personal with it? No. And yes. It’s complicated. The intimate lives of medieval women were as complex as for modern women. They loved and lost, hoped and schemed, were lifted up and cast down. They

were hopeful and lovelorn. Some had it forced upon them, others made aphrodisiacs and dressed for success. Some were chaste and some were lusty. Having sex was complicated. Not having sex, was even more so. Inside *The Very Secret Sex Lives of Medieval Women*, a fascinating book about life during medieval times, you will discover tantalizing true stories about medieval women and a myriad of historical facts. Learn about: The true experiences of women from all classes, including women who made history The dos and don’ts in the bedroom Sexy foods and how to have them All you need to know for your wedding night, and well as insider medical advice How to get pregnant (and how not to), and more “Quite compelling and hilariously funny. I have been chuckling out loud and my husband says he thinks he ought to read it if it’s such a tonic. God forbid!” —Susanna Newstead, author of the *Savernake Novels*

Sex Museums - Jennifer Tyburczy 2016-01-11
Museums have lengthy history, going back to the Renaissance Cabinets of Curiosity, and they are indices of changing fashions of perception insofar as the categories museum curators use to classify objects change over time. The major focus of Tyburczy's study is sexuality on display, which sets up, in turn, her investigation of the effects of museum display on the history of sexuality. Historical context for the museum is one of her themes (and how categories of normalcy and perversity change over time), with another theme being the work of sex museums in redefining what sex means in the modern public sphere; she also folds in consideration of the pleasures and dangers of exhibiting marginalized sexual subjects (women, nonwhite races, LGBT individuals, and the like); last, she explores the paradox of asserting (as she does) that all museums are sex museums bodies move around and toward objects on display, they reshape the typical dances of museum-goers

along with their preconscious motivations in visiting a museum. She proposes that explicit display or restagings of sexual artifacts provides new ways for approaching and understanding issues of desire, sexual identity, and sexual practices as they intersect with the history of the modern museum and with sexual history during the past two centuries. Her fieldwork sites are: the Leather Archives & Museum in Chicago, the Museum of Sex in New York, the World Erotic Art Museum in Miami Beach, and El Museo del Sexo in Mexico City. Such institutions allow Tyburczy to show how alternative sexuality (inclusive of kink, fetish, and sadomasochistic cultures) and slavery dangerously crisscross on the surface of objects. There are plenty of cases here, in short, to keep the casual reader titillated and the erudite reader surprised."

Rembrandt, Vermeer, and Van Gogh, but also for its museum dedicated to Venus, which welcomes more than 500,000 visitors per year. Travelers come from the world over, rushing to enter this unusual building next to the train station, called “The Temple of Venus”. Gathered since 1985 by Monique Van Marle and her father, this collection of erotic art work is exceptional in the quality of the objects, prints, and very old photographs. Disregarding voyeurism, this museum aims to be a privileged place exhibiting eroticism’s artistic history. The author leads us on a guided tour, supported by a rich and varied iconography.

Museums, Sexuality, and Gender Activism -

Joshua G. Adair 2020-01-23

Museums, Sexuality, and Gender Activism examines the role of exhibitionary institutions in representing LGBTQ+ people, cisgender women, and nonbinary individuals. Considering recent gender and sexuality-related developments through a critical lens, the volume contributes

significantly to the growing body of activist writing on this topic. Building on *Gender, Sexuality and Museums* and featuring work from established voices, as well as newcomers, this volume offers risky and exciting articles from around the world. Chapters cover diverse topics, including transgender representation, erasure, and activism; two-spirit people, indigeneity, and museums; third genders; gender and sexuality in heritage sites and historic homes; temporary exhibitions on gender and sexuality; museum representations of HIV/AIDS; interventions to increase queer visibility and inclusion in galleries; LGBTQ+ staff alliances; and museums, gender ambiguity, and the disruption of binaries. Several chapters focus on areas outside the US and Europe, while others explore central topics through the perspectives of racial and ethnic minorities. Containing contributions that engage in sustained critique of current policies, theory, and practice, *Museums, Sexuality, and Gender Activism* is essential reading for those studying

Shunga - Timothy Clark 2013

In early modern Japan, thousands of sexually explicit paintings, prints, and illustrated books with texts were produced, euphemistically called spring pictures (shunga). Frequently tender, funny and beautiful, shunga were mostly done within the popular school known as pictures of the floating world (ukiyo-e), by celebrated artists such as Utamaro and Hokusai. Erotic Japanese art was heavily suppressed in Japan from the 1870s, and as a result it has only been made possible to publish unexpurgated examples in Japan within the last 20 years. This publication presents this fascinating art in its historical and cultural context, drawing on the latest scholarship and featuring over 400 images of works from major public and private collections.

[A World Made Sexy](#) - Paul Rutherford
2007-01-01

" Eroticism is a constant presence in modern society, encompassing almost every aspect of our daily lives. It is a product of one of the major commercial and political enterprises of the twentieth and twenty-first centuries: the cultivation of desire □ desire for sex, desire for wealth, desire for entertainment. Paul Rutherford's *A World Made Sexy* looks at modern civilization's ongoing project to manufacture and encourage public wants, building a utopia where just about everyone (who is affluent) dreams, plays, and, of course, shops. *A World Made Sexy* uses museum exhibitions, art, books, magazines, films, and television to examine the rise and purpose of eroticism, first in America but soon across the affluent world. Starting with a brief foray into the representation of history as past pornography, Rutherford explores a sexual liberation movement shaped by the ideas of

Marx and Freud, the erotic styles of Salvador Dali and pop art, the pioneering use of publicity as erotica by Playboy and other products, and the growing concerns of cultural critics over the emergence of a regime of stimulation. In one case study, Rutherford pairs James Bond and Madonna in order to examine the link between eroticism and aggression. He further details how television advertising after 1980 constructed a theatre of the libido to entice the buying public, and concludes by situating the Eros project in the wider context of Michel Foucault's account of the administration of life, and specifically sexuality, during the modern era. A World Made Sexy is about power and pleasure, emancipation and domination, and the relationship between the personal passions and social controls that have crafted desire. "

The Pattaya sex bubble - Jan Hoek 2015

"Jan Hoek travelled to Pattaya, Thailand's sex capital, to make ten different magazines in which a cast of unusual characters plays out strange narratives and suggests seedy encounters. Through photo collages, scribbled drawings, short stories, conversations, handwritten diary entries, water-damaged photographs, and grainy portraits, a picture emerges of Hoek's light and humorous creative efforts as a foreigner in a far away place that caters to the sex industry. Transgender prostitutes known as "lady boys" are his main protagonists, with whom he builds personal relationships and has various adventures, like trying out a mermaid costume, or visiting a wax museum." -- artpapereditions.org.

Museum of Sex - Alexis Alexandra

Wanting nothing more than to visit the Museum of Sex, Hannah goes out of her way to make the trip happen, but as with all the best laid plans,

hers was met with one setback after another as she finds herself out of time, money and at the mercy of a sadistic man named Randal who gives her a crash course in all things kink. And when her ordeal finally comes to an end, she finds love in the strangest of places - the companion she's kept closely hidden for the better part of six years.

Sculpture, Sexuality and History - Jana Funke
2019-01-04

This book investigates the wide-ranging connections between sculpture, sexuality, and history in Western culture from the eighteenth century to the present. Sculpture has offered a privileged site for the articulation of sexual experience and the formation of sexual knowledge. As historical objects, sculptures also draw attention to the different ways in which knowledge about sexuality is facilitated through an engagement with the past. Bringing together contributors from across disciplines, including art history, classics, film studies, gender studies,

history, literary studies, museum studies, queer theory and reception studies, the volume presents original readings of sculptural art in relation to antiquarianism, aesthetics, collecting cultures, censorship and obscenity, psychoanalysis, sexology, and the experience and regulation of museum spaces. It examines how sculptural encounters were imagined and articulated in literature, painting, film and science. As a whole, the book opens up a new understanding of the ways in which sculptures, as real or imagined objects, have fundamentally shaped approaches to and receptions of the past in relation to sex, gender and sexuality. Chapters 8 and 10 of this book are available open access under a CC BY 4.0 license at link.springer.com.

on all sides of the tourism industry all over the world. The editors have created a model that views the situation from three different perspectives: tourist, tourism provider, and nature of the encounter. Unlike other related volumes, this book is not just about the sex trade, but also about the role of tourism in love, marriage, and relationships. Sex and Tourism is an enlightening guide to the complex world found at the crossroads of sex and sightseeing.
