[Sex Positions for Couples](#) Emily Hendrix 2020-10-29 Discover the Different Sex Positions You've Most Likely Never Tried Before... Are you searching for the best sex position guide? Wondering what are the most fulfilling and satisfying sexual positions you can try on? You are not alone! In fact, everyone knows that having great sex is one of the major factors in having a successful and romantic relationship. You're about to discover the top Sex Positions that will make your partner think that you are a Sex God. Sex has always been a hush-hush subject because of outdated beliefs and such. This has led to couples getting stuck in a rut when it comes to their sex life. They don't feel that it is "right" to talk to people about their sex life. Times are changing, and more and more people are comfortable talking about their sex life, and that is a good thing. This makes sex less taboo and enables couples to expand their sex repertoire. This new awakening doesn't necessarily mean that couples will find the answer they want or need from people they talk to, though, and that's what this book is here to do. I've created this book to bring together information about sex to help those couples who are tired of the same old thing night after night. Foreplay, that's the one word most couples dread to hear. For some reason, this is where most couples fail, yet we all know how important foreplay is, especially for women. It helps to get everybody in the right mind space and get

things warmed up, so to speak. That's not the only issue couples incur when it comes to their sex life. Sometimes it's simply that things have become monotonous. That's understandable, especially when you have been with your partner for a while. It's easy to stick to the same thing because you know each other likes it, or simply because it is easy. But the two of you likely feel bored and may pass on sex because of it. Things don't have to be this way, though. You can bring the spark back into your sex life, whether it's foreplay or new positions. This book is here to help show you exactly how to improve your sex. In this book, you will find: The best reasons why you should bring Kama Sutra and Tantra into your bedroom The top 50 sex positions for men and women The truth about orgasms and how to keep them coming The best sex tips for beginners Foreplay games to get things going How massages can up your sex life The best way to use dirty talk without it feeling weird or awkward I get that you might still be skeptical that this book can help improve your sex life. Even if you have tried new things to try and spice up your sex life without success, this book can teach you things that you may not have thought about. The information in this book can be applied to anybody's sex life. You'll even find that within the descriptions of various sex positions, there will be warnings, so you are guided throughout the entire process. I'm certain that if you buy this book today, you won't regret it. Even if you think you know everything discussed here, give this book a shot. It's a short, informative and entertaining read, and you may pick up some valuable tools and new ways of thinking you've never read or heard of before. Now is the time to make the decision! This book contains new information that you will not find in other books, and for a few hours only this book will be sold at this special price; so what are you waiting for? Scroll to the top of the page and select the "BUY" button!

Sex Positions Fanton Publishers 2018-08-06 This book has 30-day sex positions that you can use to spice up your sex life and in extension improve your relationship. Sex plays a very central role in the overall health of a relationship and the emotional well-being of a couple. Did you know that most divorces fall into two main categories: those caused by a lack of money and those caused by a lack of or mediocre sex. As you can see from these facts, sex is one of the main pillars to a long, fulfilling, and lasting relationship. Let us be honest for a moment; unless you have fallen out of love with your significant other, no one intentionally wants a mediocre sex life. This is perhaps because most of us understand the important role sex plays in creating emotional symbiosis between couples as well as creating a physical connection. One main reason why most relationships suffer in the bedroom is a lack of sexual excitement. If you do the same thing repeatedly, it is eventually bound to bore you. The same applies for sex. If you practice the missionary every night, of your 20 years marriage or relationship, your sex life will become a routine and a total bore. As a wise man said, "Variety is the spice of life." While the missionary is indeed a great sex position for emotional and physical connection, it can wraith all the excitement out of a relationship. What then can you do to spice up your sex life? A good place to start is experimenting with various sex styles and

positions. Today, we shall examine some of the best sex positions guaranteed to bring the zing back into your relationship and make it a very exciting affair. In this book, you will learn: Powerful sex positions that will maximize your emotional and physical connection with your partner Erotic positions that drive men wild with desire Sex positions guaranteed to ensure she comes first and fast Sex positions that will give her toe curling, eye rolling and body shaking orgasms Out of this world sex positions that you may never have tried before Sex positions that will ensure your oral sex life is on a whole new level that you've never imagined And Much, Much More! This book is meant for both men and women, told from the alternating perspectives of both sexes, and you might even read it together as you journey towards better sex like a team. In order to ensure that you are getting the most out of sex, the partner whom you choose must be sexually compatible with you. Deciding whether you are sexually compatible with a person involves looking at your ability to communicate your desires, wants, and needs with them. As you have seen over and over in this book, being able to communicate your needs to a person with whom you are having sex is very important in ensuring that you are receiving pleasure. It is also important to ensure that you are working towards your goals. For example, if you decided that you hope to gain a higher level of fitness and a lower level of stress through having regular sex, you must be able to communicate this to your partner. This would come in the form of telling them that you wish to have long and slow thrusts instead of short and fast ones so that you can de-stress as much as possible. It could also be communicating with them which positions you wish to have sex in so that you can work on your fitness. This book covers the following topics: What is intimacy? Orgasm Sex toys Oral sex Masturbation tricks Sex positions for

beginners Romance Sex position for male and female sexual satisfaction Practical an erotic massage advice Man on top Woman on top Sex positions for powerful orgasms Spicy sex positions ... AND MORE!!! There are so many possible positions in which to have sex, and this book aimed to narrow that down for you by providing a variety of positions that will bring you different benefits. If you wish to achieve a higher level of fitness, you can choose several positions that are best for weight loss and choose to have sex in these positions primarily. By choosing these over positions that are better for stress reduction, you will be sure that while enjoying sex, you are also accomplishing what you hope to gain from it.
