**A Baby Boomer's Story** - Gary Dixon 2011-11  
This book is about an era in our country when American children received more freedom than any other time in American history. After the Vietnam War ended, some American Baby Boomers totally abused this freedom. This book contains many stories about some of those Baby Boomers who were taking full advantage of these times, with no regret or regard of the consequences. Many of the stories you will read about are unethical, immoral, and sometimes disturbing. This book is about a Baby Boomer's life, and many of the unique people and events which occurred through these times. You will also read about certain subjects such as sex, drugs, and rock and roll, which were the trademarks of that era. The Baby Boomers not only broke all the rules which took generations to establish: They set new trends and guidelines for many generations to come. They also created a whole new way of life for the American child. Originally from the suburbs of Detroit Michigan, Gary Dixon managed to escape the magnetism of the big city life. He now calls Clearwater Florida his home. From a family of nine children, his family could definitely be considered a Baby Boomer family. With the Baby Boom era in full force, there were not too many places in America to elude the temptations of recreational drug use, and the casual sex scene. Since the Baby Boomers created this new kind of lifestyle, almost every young person in America became a part of it. Gary Dixon and many of his friends not only became a part of it, they took it to a whole new level. Living through this era, his life became very unique and eccentric, and he developed many stories along the way. He would like to share these stories with anyone interested, or any other Baby Boomers who grew up through these times.

[Hard Work: The Greta Van Fleet Story](#) - Marc Shapiro 2019-11-11

Hard Work is its own reward. Nobody knows that better than the heavy rock band Greta Van Fleet who in a matter of years have raced from obscurity as teens growing up in the tiny Michigan town of Frankenmuth to the top of the international hard rock mountain. *Hard Work: The Greta Van Fleet Story* by New York Times Bestselling Author Marc Shapiro takes you along for this high wire ride to the top.

Equal parts biography and inspirational story, *Hard Work: The Greta Van Fleet Story* takes the band on an often surreal and edge-of-your seat journey. At a time when popular music had become predictable, pre-fab and the process of making it had been diluted by the likes of *American Idol* and *America's Got Talent*, Greta Van Fleet brought their brand of guitar heavy, very Led Zeppelin-like heavy metal to the public in the trenches. These underage musicians made their bones playing very adult biker parties, dive bars where they often were not allowed inside except to play and spending countless hours driving in cramped vans to the middle of nowhere to play for an audience of 10.

But persistence would ultimately pay off. They signed with Lava Records and put out a series of albums that captured the fantasy with music that paid homage to hard rock's past and pointed the way to a joyous rocking future.

This book includes

- Exclusive interviews with local club owners from Greta Van Fleet's early days;
- Complete Greta Van Fleet discography, including outtakes from recording sessions, live garage recordings, concert recordings and recordings of unreleased original songs
- The real story behind Greta Van Fleet's controversial *Saturday Night Live* appearance.
- Greta Van Fleet's literary and musical influences--beyond Led Zeppelin!
- And the *real* story of life on the road!

"This book is biography but it is also a blueprint to anybody that wants to make real, believable music," said author Marc Shapiro. "Greta Van Fleet slugged it out in the rock and roll trenches and their reward is that they are currently one of the biggest bands on the planet. If you follow their lead, you can get there too."

One of Greta Van Fleet's major influences, Led Zeppelin postulated in their song Rock and Roll the lyric 'It's been a long time since I rock and rolled.'" *Hard Work: The Greta Van Fleet Story* indicates that the return of true, passionate straight-ahead rock is now.

*Processing Emotional Pain using Emotion*

*Focused Therapy* - Melissa Harte 2019-10-18

Emotional pain is part of most people's reality.

For some of us though, that pain can begin to impact on our ability to function in our everyday life. Despite years of valiant attempts to resolve or deny such pain, we may continue to suffer.

Before her untimely death early in 2021, Dr Melissa Harte had experienced her own journey through emotional pain that led her eventually to become a counseling psychologist and an internationally accredited Emotion Focused Therapy (EFT) trainer. She spent years teaching hundreds of therapists how to use EFT as well as running her own thriving private practice The legacy of her considerable skill and knowledge remains in this book which sets out a framework and model that works gently, effectively and deeply to assist in reversing the psychological, emotional, spiritual and physical damage of unresolved emotional pain. Applicable to a range of practitioners including counsellors and psychologists, this book will help you to help your clients whose emotional pain may be attachment-related, be a single episode, a series of major trauma experiences, or the culmination of many so-called 'small t trauma' events. This is a 'how-to' book, presenting techniques and concepts to assist practitioners, including investigating the use of the impacts of trauma case studies — an area until very recently often overlooked or minimised when formalising case histories. Chapters also address:

- The dilemma with the DSM-5 diagnostic criteria for posttraumatic stress disorder (PTSD).
- The value of understanding the importance of emotions and how, as adaptive experiences, they

provide essential information that can assist us in our daily lives. • The concept of emotional pain and how to work through it with an extended version of the focusing task, including the influences that helped to shape the task and its significant components. • The challenges around identifying dissociation and how to manage it. • The use of chair work as another element of working through emotional pain. At Melissa's request, all royalties from sales of her book will go to the Australian Institute for Emotion Focused Therapy.

**The Girl who Could Only Say Sex, Drugs, and Rock & Roll** - Kendra Fortmeyer 2015

**Sex, Drugs & Rock n Roll** - Zoe Cormier 2014-08-07

How can wordless collections of sounds send shivers down our spines and tickle ancient parts of our brains we share with reptiles? How did a chemist's quest to create a drug to ease the pain of childbirth result in the creation of LSD? Why do goats partake in oral sex, and how can a horse (or even a table) make us weak in the knees? And how on earth could the revered 'father of anatomy' not know where the clitoris was? From tortoiseshell condoms to superstar athletes on hallucinogens, these burning questions are explored and dissected, mixed with insights from some of the world's bravest, cleverest and downright weirdest scientist experimenting on the edge - and themselves. It's a sharp shocker, an eye opener, asking the big questions about what it means to be human, about consciousness and happiness. It'll pull you in and gross out. Exuberantly curious and shamelessly exuberant, Guerilla Science's Zoe Cormier reinvents popular science for a new generation by breaking all the rules. Let's rock.

**Ian Dury: Sex & Drugs & Rock 'N' Roll** -

Richard Balls 2011-09-23

Here is the complete, no-holds-barred biography of the late, great self-made Essex lad himself! The abrasive Dury always met life head on, in his relationships and in his music, and this acclaimed biography does not shrink from chronicling some of his darker moments as well as his triumphs. Author Richard Bells talked to over 50 of Dury's friends as well as Dury himself shortly before his death. Dury's extraordinary life was always a battle. As a rocker, lyricist, artist and actor he was unsentimental and uncompromising. As a man he was harder to fathom - until now. In this classic rock biography, the self-styled 'diamond geezer' stands revealed as a real diamond after all. This edition is updated to cover the release of the biopic *Sex & Drugs & Rock 'N' Roll*, and includes original interviews with Oscar-winning actor Andy Serkis who portrayed Dury in the film.

*Sex, Drugs and Rock 'n' Roll - Memoir of a Police Doctor* - Wesley Boff 2022-11-30

I can claim to have enjoyed a satisfying and fulfilling medical career. British General Practice was the jewel in the NHS crown and I was a Family Doctor during its heyday before the Government decided to take control and tell the doctors how to do their job, demoralize the profession and seriously compromise patient care, destroying the respect between patients and their doctors and turning a vocation into a chore. I was fortunate that I began my career at the right time and got out at the right time. My almost thirty years working with the local police force was hard work but once I'd seen a few corpses and gained the respect of the local constabulary I enjoyed the work immensely even if I was so often denied a good night's sleep. The case load varied from the gruesome to the amusing but looking back it was never boring. *Sex, Drugs and Rock 'n' Roll - Memoir of a Police Doctor* is an account of my experience as a Forensic Physician - a facet of the rich tapestry of medical practice that Joe Public never realized existed.
