*The Strange Death of Europe* - Douglas Murray 2017-05-04  
The Sunday Times number one bestseller Chosen as a Waterstones Politics Paperback of the Year, 2018 *The Strange Death of Europe* is a highly personal account of a continent and culture caught in the act of suicide. Declining birth-rates, mass immigration and cultivated self-distrust and self-hatred have come together to make Europeans unable to argue for themselves and incapable of resisting their own

comprehensive change as a society. This book is not only an analysis of demographic and political realities, but also an eyewitness account of a continent in self-destruct mode. It includes reporting from across the entire continent, from the places where migrants land to the places they end up, from the people who appear to welcome them in to the places which cannot accept them. Told from this first-hand perspective, and backed with impressive

research and evidence, the book addresses the disappointing failure of multiculturalism, Angela Merkel's U-turn on migration, the lack of repatriation and the Western fixation on guilt. Murray travels to Berlin, Paris, Scandinavia, Lampedusa and Greece to uncover the malaise at the very heart of the European culture, and to hear the stories of those who have arrived in Europe from far away. In each chapter he also takes a step back to look at the bigger issues which lie behind a continent's death-wish, answering the question of why anyone, let alone an entire civilisation, would do this to themselves? He ends with two visions of Europe - one hopeful, one pessimistic - which paint a picture of Europe in crisis and offer a choice as to what, if anything, we can do next.

Mobile Communication and the Family - Sun Sun Lim

2016-02-04

This volume captures the domestication of mobile communication technologies by

families in Asia, and its implications for family interactions and relationships. It showcases research on families across a spectrum of socio-economic profiles, from both rural and urban areas, offering insights on children, adolescents, adults, and the elderly. While mobile communication diffuses through Asia at a blistering pace, families in the region are also experiencing significant changes in light of unprecedented economic growth, globalisation, urbanisation and demographic shifts. Asia is therefore at the crossroads of technological transformation and social change. This book analyses the interactions of these two contemporaneous trends from the perspective of the family, covering a range of family types including nuclear, multi-generational, transnational, and multi-local, spanning the continuum from the media-rich to the media have-less.

Sex-Positive Social Work - SJ  
Dodd 2020-06-30

Social workers engage with sex and sexuality in all kinds of practice settings and with a variety of client populations. However, conversations about healthy sexuality and sexual well-being are all but absent from social work literature, education, and practice. Many social work professionals have internalized sociocultural taboos about talking about sexuality and tend to avoid the topic in their practice. This book provides an overview of key sexuality-related topics for social workers from a sex-positive perspective, which encourages agency in sexual decision making and embraces consensual sexual activity as healthy and to be enjoyed without stigma or shame. It discusses a wide range of topics including physiology, sexual and gender identity, sex in older adulthood, BDSM and kink; nonmonogamous and polyamorous relationships, and ethical considerations, including erotic transference.

The book is designed to embolden social workers to engage discussions of sexuality with clients and to provide an opportunity for self-reflection and professional growth.

Accessible to students as well as social workers and mental-health professionals at all levels, Sex-Positive Social Work emphasizes the relationship between sexual well-being and overall well-being, giving social workers the tools to approach sex and sexuality actively and positively with clients.

purpose of sex? How does it intersect with who I am? Why are people so afraid of it? What does a healthy and joyful approach to sex look like for me? Why is consent so much more than a yes or no question? Who this book is FOR: Everybody!! No matter your sexuality, gender, religion, or race. What could be more essential?

Doing It - Hannah Witton  
2017-04-06

Book of the Year at the Summer in the City Awards 2017 Sexting. Virginity. Consent. The Big O ... Let's face it, doing it can be tricky. I don't know anyone (including myself) who has sex all figured out. So I've written a book full of honest, hilarious (and sometimes awkward) anecdotes, confessions and revelations. And because none of us have all the answers, I've invited some friends and fellow YouTubers to talk about their sexuality, too. My book is for everyone, no matter what gender you identify as or who you fancy. We talk about doing it safely. Doing it joyfully.

Doing it when you're ready. Not doing it. Basically, doing it the way you want, when you want. So. Let's do this ... -----  
Doing It candidly and openly explores topics like masturbation, slut-shaming, pornography and consent, as well as how to maintain healthy relationships in a digital age.  
Anything For Us - Lola StVil

Hard edged and tormented cops like me don't deserve good girls like her. How long until she sees that and walks away? I'm Cash Hunter, a special agent in the DEA. It's my job to go undercover with sadistic, violent drug traffickers for months at a time. That's why I know I can't be the man for Skylar Marshall. Skylar is a hot, bonafide good girl; kind, warm, and innocent. I don't want to drag her into my dark and twisted world. But I'm not strong enough to let her go. Our love is all that matters but what happens when my past threatens to destroy us? This steamy romance is a roller coaster ride that will make you laugh, make

NO cheating, NO cliffhangers, and a guaranteed Happily-ever-after! This book has adult content for ages 18 and over. Books in the "Hunter Brothers" series (All stand alone novels and can be read in any order) Anything For Love (The Hunter Brothers, book 1) Anything For Her (The Hunter Brothers, book 2) Anything For Us (The Hunter Brothers, book 3) Made for Love - Michael Schmitz 2018-07-01 In Made for Love, Fr. Michael Schmitz presents the Catholic teaching on same-sex attraction and same-sex "sexual" relations. He begins by giving background information regarding the different worldviews of the human person, the philosophical ideas of nature and purpose, the differences between objective and subjective truth, the principal of non-contradiction, and the fallen human nature that

resulted from Original Sin. He then discusses in great detail the nature and ends of human sexuality and the nature of true love, while, in a compassionate and non-judgmental way, explaining the flawed nature of same-sex "sexual" relations. While this book is intended primarily for those who have same-sex attraction and their family and friends, its presentation of the compassionate truth of Catholic teaching on same-sex attraction will be of great benefit to everyone in today's society.

**Reframing Sex** - Stevie N.

Berberick 2020-11-02

This book is an exploration of both mainstream and independent media. Grounded in qualitative methods, this book explores three trans masculine run YouTube channels alongside the streaming productions: *The Chilling Adventures of Sabrina*, *Orange is the New Black*, and *Transparent*. Analyzing and contrasting these narratives illuminates how even the most progressive of pop culture productions fail to present multi-dimensional transgender narratives, thereby intensifying stigma and shame for those outside of the binary (male or female, man or woman, gay or straight). In contrast, trans masculine produced YouTube vlogs, such as those discussed in this book, can help audience members unlearn the ways in which the continuum of sex, gender, and sexual orientation has been simplified and obscured through corporate

her that relationships can flourish even when the old idea of monogamy fails. “You want to love each other with fairness and integrity because that’s what you signed up for, and honesty aligns with your shared values ... But you also want more. You want answers. The bad news? There is no one right way to do this. The good news? You can have anything you want.” If you’ve ever wondered how to try an open relationship or polyamory, Open Monogamy gives you the tools you need to create a commitment agreement as unique as your love.

From the host of the YouTube channel that went viral—Dad, How Do I?—comes a book that’s part memoir/part inspiration/part DIY. Rob Kenney’s father left him and his seven siblings when he was fourteen years old, and the youngest had to fend for themselves. drain, use tools properly—as well as succeed in life. But he and his siblings had to figure these things out on their own. Now a father himself, Rob decided that he would help people out by providing how-to tips as well as advice—and even throw in some bad dad jokes. He started a YouTube channel for anyone looking for fatherly advice, and in the course of three months, gained a following of nearly 2.5 million subscribers, with millions of views for his how-to and inspirational videos. In this book, Rob shares his story of overcoming a difficult childhood with the strength of faith and family, and offers inspiration and hope. In addition, he provides 50 practical DIY instructions (30 of which will be unique to the book), illustrated with helpful line drawings.
