

Sex Workers In Houston Texas

The New Public Health and STD/HIV Prevention - Sevgi O. Aral 2012-12-09

Despite effective approaches to prevention, STD and HIV infection rates remain fairly constant. Targeting, implementation, and monitoring of interventions have posed widespread problems, and the recent spate of cuts to prevention budgets has made these roadblocks even more challenging. It is clear that working in sexual health requires both a deeper understanding of STI/HIV epidemiology and an ongoing quest for up-to-date, realistic prevention strategies. The New Public Health and STD/HIV Prevention offers readers leading-edge access to both. Focusing on social determinants of sexual health, at-risk populations, critical factors in approaches to prevention, and reviews of new research, this authoritative volume explores areas as varied as HPV prevention, technology-based interventions, migration as a factor in disease transmission, and competencies key to effective leadership in the field. Dispatches from the frontlines of theory, research, and practice in the U.S. and abroad include: Personal risk, public impact: balancing individual rights and STD/HIV prevention. Distribution of prevention resources and its impact on sexual health. Prevention measures in diverse populations of women. Toward a better approach to preventive interventions with men who have sex with men. Adolescent sexual health and STIs. Reducing disparities in sexual health: lessons from the campaign to eliminate infectious syphilis. Public health professionals of all backgrounds interested in or working in improving sexual health will find The New Public Health and STD/HIV Prevention an indispensable guide to conceptualizing the problems and clarifying possible solutions.

Transgender Health and HIV Prevention - Walter O. Bockting 2006-01-04

Get the latest assessment of the health needs of the transgender population The impact of the HIV/AIDS epidemic on the transgender community has been tragically ignored, and as yet there is surprisingly little research data on the subject of health care and HIV prevention in this marginalized population.

Transgender Health and HIV Prevention fills this void by providing a groundbreaking empirical assessment of the health needs of transgender persons in several areas around the United States. Respected experts discuss issues that hinder the effectiveness of HIV prevention programs, including housing, mental health, and employment, as well as the unique broader problems of social stigma, discrimination, and the lack of transgender knowledge and sensitivity on the part of health providers and prevention workers. Even though recent studies show estimated HIV infection rates to be as much as 60 percent among specific transgender populations in the United States, the transgender community continues to receive inadequate healthcare support. Transgender Health and HIV Prevention tackles the problems inherent in the healthcare system by first assessing the needs of transgender persons, then offering specific practical recommendations for remedy. Top researchers in partnership with community members in San Francisco, Houston, Washington DC, Chicago, Boston, Philadelphia, New England, San Juan, and Minneapolis/St. Paul bring empirical data together to assess what has to be done to effectively stem the HIV epidemic. This essential resource is extensively referenced with several tables to clarify data. Transgender Health and HIV Prevention explores in detail: health and social services needs of African-Americans, Latinas, and Asian/Pacific Islanders sources for the high rates of HIV infection among male-to-female transgender persons the prevalence of physical and sexual violence, substance abuse, and unemployment in the transgender community risk behaviors of male-to-female transgender persons health care providers' ignorance, insensitivity, and discrimination—with training strategies to increase patient access and effectiveness of care how traditional notions about femininity affect risk behaviors a comparison between transgender persons and other sexual minorities Transgender Health and HIV Prevention is crucial, one-of-a-kind reading for educators, students, researchers, public health professionals, social workers, health care providers, HIV/AIDS caregivers, and prevention workers.

Factors Influencing Condom Use in a Sample of Male Commercial Sex Workers - Katherine Blair Perkins 2000

Human Trafficking - John H. Coverdale, M.D. 2020-06-11

This is an educational and clinical resource for health care practitioners from any discipline who may encounter sex- or labor-trafficked persons. The book provides the background knowledge and frontline clinical strategies providers need to identify, relate to, and treat these psychologically wounded, yet resilient patients.

Issues in AIDS, HIV, and STD Research and Treatment: 2013 Edition - 2013-05-01

Issues in AIDS, HIV, and STD Research and Treatment: 2013 Edition is a ScholarlyEditions™ book that delivers timely, authoritative, and comprehensive information about AIDS Patient Care. The editors have built Issues in AIDS, HIV, and STD Research and Treatment: 2013 Edition on the vast information databases of ScholarlyNews.™ You can expect the information about AIDS Patient Care in this book to be deeper than what you can access anywhere else, as well as consistently reliable, authoritative, informed, and relevant. The content of Issues in AIDS, HIV, and STD Research and Treatment: 2013 Edition has been produced by the world's leading scientists, engineers, analysts, research institutions, and companies. All of the content is from peer-reviewed sources, and all of it is written, assembled, and edited by the editors at ScholarlyEditions™ and available exclusively from us. You now have a source you can cite with authority, confidence, and credibility. More information is available at <http://www.ScholarlyEditions.com/>.

Social Justice Handbook - Mae Elise Cannon 2009-09-11

Mae Elise Cannon provides a comprehensive resource for Christians like you who are committed to social justice. She presents biblical rationale for justice and explains a variety of Christian approaches to doing justice. A wide-ranging catalog of topics and issues give background info about justice issues at home and abroad and give you the tools you need to take action.

Balderdash - Antti P. Balk 2012

Discussing everything from God to Santa Claus, Prozac to the Taliban and beyond, the author asserts that ethics is balderdash.

Policing Sexuality - Jessica R. Pliley 2014-11-03

Jessica Pliley links the crusade against sex trafficking to the FBI's growth into a formidable law agency that cooperated with states and municipalities in pursuit of offenders. The Bureau intervened in squabbles on behalf of men intent on monitoring their wives and daughters and imprisoned prostitutes while seldom prosecuting their male clients.

Queer Readings of the Centurion at Capernaum - Christopher B. Zeichmann 2022-10-28

The first-ever monograph on the history of queer biblical interpretation of a controversial biblical passage Since the 1950s, homoerotic readings of the pericope in which Jesus heals a Roman centurion's slave have been built upon three of the account's features: the specific Greek word pais, which can refer to youth, slave, or the junior partner in a sexual relationship between two men; Luke's characterization of the young man as "dear" (entimos) to the centurion; and commonplace homoeroticism in the Roman army. Rather than affirming or denying the historical reality of a sexual relationship between the centurion and the young man, Christopher B. Zeichmann instead traces the shifting patterns of queer readings of the text and the influences of the sexual, political, and theological discourses of late twentieth- and early twenty-first-century Europe, the United States, and Australia. Readers will see how distinct political contexts have led interpreters to find very different meanings about the sexual subtexts of this story.

The Person with HIV/AIDS - Felissa R. Lashley, PhD, RN, FABMGG 2009-09-08

"This is an excellent reference for those caring for clients with HIV/AIDS. I strongly recommend this book." --Doody's HIV/AIDS is no longer a certain death sentence. Patients fighting the chronic symptoms of HIV/AIDS are now living longer, fuller lives due to recent scientific and pharmaceutical breakthroughs. As a result, the new generation of caregivers must keep pace with cutting-edge, evidence-based practices to

better serve patients who may live with HIV/AIDS for several decades. This updated edition is a vital resource for nurses and other health care professionals providing care to HIV-positive persons in the 21st century. The contributors present essential information on the medical assessment and management of symptoms, the prevention of infection, ethical and legal dimensions of care, and much more. With a greater emphasis on the international dimensions of the HIV pandemic and the treatment of minority populations, this book serves as an essential guide for nurses and health care practitioners serving patients with HIV/AIDS. Key topics include: HIV screening, testing, and counseling HIV/AIDS nursing case management within the global community HIV and gay, lesbian, bisexual, and transgender persons Children and HIV prevention and management HIV in corrections facilities and the care of incarcerated patients Sex workers and the transmission of HIV

Revolting Prostitutes - Molly Smith 2018-11-06

How the law harms sex workers—and what they want instead Do you have to endorse prostitution in order to support sex worker rights? Should clients be criminalized, and can the police deliver justice? In *Revolting Prostitutes*, sex workers Juno Mac and Molly Smith bring a fresh perspective to questions that have long been contentious. Speaking from a growing global sex worker rights movement, and situating their argument firmly within wider questions of migration, work, feminism, and resistance to white supremacy, they make it clear that anyone committed to working towards justice and freedom should be in support of the sex worker rights movement.

A Dirty South Manifesto - L.H. Stallings 2019-12-10

From the shutdown of Planned Parenthood clinics and rising rates of HIV to opposition to marriage equality and bathroom bills, the New South is the epicenter of the new sex wars. Antagonism toward reproductive freedom, partner rights, and transgender rights has revealed a new and unacknowledged era of southern reconstruction centered on gender and sexuality. In *A Dirty South Manifesto*, L. H. Stallings celebrates the roots of radical sexual resistance in the New South—a movement that is antiracist, decolonial, and transnational. For people within economically disenfranchised segments of society, those in sexually marginalized communities, and the racially oppressed, the South has been a sexual dystopia. Throughout this book, Stallings delivers hard-hitting manifestos for the new sex wars. With her focus on contemporary Black southern life, Stallings offers an invitation to anyone who has ever imagined a way of living beyond white supremacist heteropatriarchy.

Congressional Record - United States. Congress 2010

Pursuing Johns - Thomas C. Mackey 2005

In *Pursuing Johns*, Thomas C. Mackey studies the New York Committee of Fourteen and its members' attempts to influence vagrancy laws in early-20th-century New York City as a way to criminalize men's patronizing of female prostitutes. It sought out and prosecuted the city's immoral hotels, unlicensed bars, opium dens, disorderly houses, and prostitutes. It did so because of the threats to individual "character" such places presented. In the early 1920s, led by Frederick Whitin, the Committee thought that the time had arrived to prosecute the men who patronized prostitutes through what modern parlance calls a "john's law." After a notorious test case failed to convict a philandering millionaire for vagrancy, the only statutory crime available to punish men who patronized prostitutes, the Committee lobbied for a change in the state's criminal law. In the process, this representative of traditional 19th-century purity reform allied with the National Women's Party, the advanced feminists of the 1920s. Their proposed "Customer Amendment" united the moral Right and the feminist Left in an effort to alter and use the state's criminal law to make men moral, defend their character, and improve New York City's overall morality. Mackey's contribution to the literature is unique. Instead of looking at how vice commissions targeted female prostitutes or the commerce supporting and surrounding them, Mackey concentrates on how men were scrutinized. Book jacket.

Handbook of Research on Present and Future Paradigms in Human Trafficking - Essien, Essien D. 2022-05-20

Human trafficking is currently regarded as a contemporary form of slavery. However, despite many initiatives undertaken over the last two decades to tackle the problem, there seems to be a disproportionate

emphasis on the social phenomenon. Trafficking in persons remains a little-explored area in scholarship with many inconsistencies and ambiguities yet to be attended to. Human trafficking is a multifaceted issue that requires a multidisciplinary approach that must be studied and considered thoroughly and with heavy regard to the many layers of the issue. The *Handbook of Research on Present and Future Paradigms in Human Trafficking* presents a comprehensible view of what constitutes the underpinning of human trafficking, the means of combating it, its moral implications, and offers possible solutions toward curbing its excesses, inconsistencies, and ambiguities. Covering a range of topics such as social change, human rights, and ethics, this major reference work is ideal for researchers, scholars, practitioners, government officials, policymakers, instructors, academicians, and students.

The Family in Global Perspective - Elaine J. Leeder 2004

Examines the changing face of family life, in the United States and from culture to culture. This book offers a global viewpoint about family issues and help readers to think critically about family life in cultures beyond their own. It is intended for courses on marriage and the family in disciplines such as Family Studies and Sociology.

Branded Bodies, Rhetoric, and the Neoliberal Nation-state - Jennifer Wingard 2013

Branded Bodies, Rhetoric, and the Neoliberal Nation-State, by Dr. Jennifer Wingard, explores how neoliberal economics has affected the rhetoric of the media and politics, and how in very direct, material ways it harms the bodies of some of the United States' most vulnerable occupants. Wingard explains how the state uses certain bodies that will never be accepted as citizens as an underclass in service of capital, and explores how those underclass "bodies" are identified through branding. By showing how brands are assembled to create affective threats, this book articulates how dangerous the branding of bodies has become and offers rhetorical strategies that can repair the damage to bodies caused by political branding.

Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954 - 2002

(De)sexing Prostitution - Lilia Raquel Dueñas Rosas 2012

This dissertation examines the participation and regulation of African American and Mexican women in the sex industry during the Progressive period of Texas to complicate ideas of womanhood. Between 1889 and 1925, sex workers survived, resisted, and contended with several shifts to their industry caused by the interventions of religious leaders, civil servants, community members, and reformers. Red light and related vice districts were socially- and legally-sanctioned tolerated forms of amusement and leisure throughout the state. Although black and brown madams, inmates, and prostitutes were not the most visible sex workers, they were often pivotal to that social and cultural fabric of numerous cities such as San Antonio, Fort Worth, Houston, and Laredo. The white slavery and antivice campaigns reshaped the discussions and reforms from the local to federal level. They created a social, economic, and political climate of stringent policing of vices that led to the eventual abolition of commercialized sex, where prostitutes of color embodied the worst tenets of womanhood. In contrast, the Mexican anarcho-socialist and African American progressive women's club movements more broadly enhanced the views of women of color, demonstrating the ways that they (re)defined themselves. In this study, I argue that the intersection of prostitution and progressivism in the South/west represents a peculiar juncture in race- and sexual-making. At stake were the contested meanings of sexuality, race, and modernity under the growing vilification of vice by the national government and local groups in the Jim Crow Borderlands. While this dissertation contributes to the diverse historiographies of progressivism, the New South, and U.S. West, it also has important implications in enriching and facilitating the intersection of the histories of Mexican American and African American women in new and unconventional ways. Its significance is that it advances knowledge in topics of sexuality, race, and gender formation from a transborder and transregional framework. Moreover, it expands conceptual and methodological paradigms that presently exist in the field of the U.S.-Mexico Borderlands, by coupling them with the study of Jim Crow segregation of the Southwest.
