Leonard Maltin's Movie Guide -

Leonard Maltin 2017-11-28

Previously published as Leonard Maltin's 2015 Movie Guide, this capstone edition includes a new Introduction by the author. (Note: No new reviews have been added to

this edition) Now that streaming services like Netflix and Hulu can deliver thousands of movies at the touch of a button, the only question is: What should I watch? Summer blockbusters and independent sleepers; the masterworks of Alfred Hitchcock, Billy Wilder, and Martin Scorsese; the timeless comedy of the Marx Brothers and Woody Allen; animated classics from Walt Disney and Pixar; the finest foreign films ever made. This capstone edition covers the modern era while including all the great older films you can't afford to miss—and those you can—from box-office smashes to cult classics to forgotten gems to forgettable bombs, listed alphabetically, and complete with all the essential information you could ask for. With nearly 16,000 entries and

more than 13,000 DVD listings, Leonard Maltin's Movie Guide remains "head and shoulders above the rest." (The New York Times) Also included are a list of mail-order and online sources for buying and renting DVDs and videos, official motion picture code ratings from G to NC-17, and Leonard's list of recommended films.

[A Secure Base](#) - John Bowlby
2012-11-12

As Bowlby himself points out in his introduction to this seminal childcare book, to be a successful parent means a lot of very hard work. Giving time and attention to children means sacrificing other interests and activities, but for many people today these are unwelcome truths. Bowlby's work showed that the early interactions between infant and caregiver have a profound impact on an infant's social, emotional, and intellectual growth. Controversial yet powerfully influential to this day, this classic collection of Bowlby's lectures offers important guidelines for child

rearing based on the crucial role of early relationships.

TV Guide - 2004-11

[Time Out Film Guide](#) - John Pym 2001

Unwatchable - Nicholas Baer
2019-01-14

"We all have images that we find unwatchable, whether for ethical, political, or sensory-affective reasons. From news coverage of terror attacks to viral videos of police brutality, and from graphic horror films

to incendiary artworks that provoke mass boycotts, many of the images in our media culture strike as beyond the pale of consumption. Yet what does it mean to proclaim a media object "unwatchable": disturbing, revolting, poor, tedious, or literally inaccessible? Appealing to a broad academic and general readership, *Unwatchable* offers multidisciplinary approaches to the vast array of troubling images that circulate in our global visual culture, from cinema, television, and video games through museums and classrooms to laptops, smart phones, and social media platforms. This anthology assembles 60 original essays by scholars, theorists, critics, archivists, curators, artists, and filmmakers who offer their own responses to the broadly suggestive question: What do you find unwatchable? The diverse answers include iconoclastic artworks that have been hidden from view, dystopian images from the political sphere, horror movies, TV advertisements, classic

films, and recent award-winners"--

Lightning - Dean Koontz
2012-11-29

When the lightning strikes, everything changes... *Lightning* is a gripping thriller from Dean Koontz, the master of chilling suspense, that will thrill fans of Richard Laymon and Harlan Coben. 'Lightning sizzles. Wow! It's a mix to tingle any reader's fancy' - New York Daily News The first time the lightning strikes, Laura Shane is born... The second time it strikes the terror starts... though eight-year-old Laura is saved by a mysterious stranger from the perverted and deadly intentions of a drug-crazed robber. Throughout her childhood she is plagued by ever more terrifying troubles, and with increasing courage she finds the strength to prevail - even without the intervention of her strange

guardian. But, despite her success as a novelist, and her happy family life, Laura cannot shake the certainty that powerful and malignant forces are controlling her destiny. Then the lightning strikes once more and shatters her world. The adventure - and the terror - have only just begun... What readers are saying about Lightning: 'The story takes you from the past to the future; it twists, turns, makes you shiver and touches you' 'With ever-growing suspense, you screech to the end, breathless and disappointed that the story ended' 'Definitely the best Dean Koontz there is'

Juvenile Crime, Juvenile Justice - Institute of Medicine
2001-06-05

Even though youth crime rates have fallen since the mid-1990s, public fear and political rhetoric over the issue have heightened. The Columbine shootings and other sensational incidents add to the furor. Often overlooked are the underlying problems of child poverty, social disadvantage, and the pitfalls inherent to

adolescent decisionmaking that contribute to youth crime. From a policy standpoint, adolescent offenders are caught in the crossfire between nurturance of youth and punishment of criminals, between rehabilitation and "get tough" pronouncements. In the midst of this emotional debate, the National Research Council's Panel on Juvenile Crime steps forward with an authoritative review of the best available data and analysis. Juvenile Crime, Juvenile Justice presents recommendations for addressing the many aspects of America's youth crime problem. This timely release discusses patterns and trends in crimes by children and adolescentsâ€"trends revealed by arrest data, victim reports, and other sources; youth crime within general crime; and race and sex disparities. The book explores desistanceâ€"the probability that delinquency or criminal activities decrease with ageâ€"and evaluates different approaches to predicting future crime rates. Why do young people turn to

delinquency? Juvenile Crime, Juvenile Justice presents what we know and what we urgently need to find out about contributing factors, ranging from prenatal care, differences in temperament, and family influences to the role of peer relationships, the impact of the school policies toward delinquency, and the broader influences of the neighborhood and community. Equally important, this book examines a range of solutions: Prevention and intervention efforts directed to individuals, peer groups, and families, as well as day care-, school- and community-based initiatives. Intervention within the juvenile justice system. Role of the police. Processing and detention of youth offenders. Transferring youths to the adult judicial system. Residential placement of juveniles. The book includes background on the American juvenile court system, useful comparisons with the juvenile justice systems of other nations, and other important information for assessing this

problem.

Seen That, Now What? -

Andrea Shaw 1996-04-09

You've never used a video guide like this before. You loved Chariots of Fire and you want to see something like it. Where do you start? Look up Chariots of Fire in the index, and find it in Drama. There you'll see it listed under White Flannel Films: Welcome to the glory days of the British empire when the ruling class rode horses on large country estates, servants were in plentiful supply, and only an adulterous lover questioned the status quo. As in other costume dramas, the period details are celebrations of all that was brilliant and luxurious, with the camera sweeping over British, Indian, or African countryscapes and exquisite turn-of-the-century interiors. But all this lush upholstery doesn't cover up the intelligent, thoughtful stories -- usually based on Lawrence, Forster, and Waugh novels -- played by stellar British actors. In White Flannel Films there are concise, witty reviews of select

movies like A Room with a View A Passage to India Heat and Dust The Shooting Party Out of Africa White Mischief and more There is also a unique ratings system that helps you distinguish the bombs from the sleepers. But the key is that all these films offer the same kind of viewing experience -- if you like one, chances are good you'll like the others, too. Seen That, Now What? is your own personal video genius, who knows everything about movies and exactly what you like to watch. Video Movie Guide 2002 - Mick Martin 2001

This bestselling video guide to films, serials, TV movies, and old TV series available on video is completely updated with the newest releases. Containing more than 18,000 listings, this revised edition includes 400 new entries that are detailed with a summary, commentary, director, cast members, MPAA rating, and authors' rating. Has Hollywood Lost Its Mind? - Chris Hicks

2013-05-07

The wire-thin line that separates movies rated PG and R has been crossed over so many times in both directions that industry observers are questioning whether the rating system carries any validity at all. As a movie reviewer for more than thirty years and as a watchful, caretaker parent, author Chris Hicks learned pretty quickly that Hollywood movers and shakers like to "push the envelope," as they put it, and it doesn't seem to matter whether it's a children's film or an adult movie. It's not just R-rated movies that are troubling. PG-13s and even PGs can also be problematic. And sometimes worse than problematic. Simply put, relying on the Motion Picture Association of America to make choices for you or your children is a mistake. Breaking down the history of the film rating system and exploring today's ratings confusion and

quagmire, Hicks provides valuable information to help parents know how to interpret and what to expect from today's movies.
