The Sexual Life of Our Time in Its Relations to Modern Civilization - Iwan Bloch 2015-06-04

Excerpt from *The Sexual Life of Our Time in Its Relations to Modern Civilization* The author's aim in writing this book was to write a complete Encyclopædia on the sexual sciences, and it will probably be acknowledged by all who study its pages that the author has accomplished his intention in a very scholarly manner, and in such form as to be of great value to the professions for whom this translation is intended. The subject is no doubt one which appeals to and affects the interests of all adult persons, but the publishers have, after very serious and careful consideration, come to the conclusion that the sale of the English translation of the book shall be limited to members of the legal and medical professions. To both these professions it is essential that a knowledge of the science of Sex and the various causes for the existence of "abnormals" should be ascertained, so that they may be guided in the future in their investigations into, and the practice of attempts to mitigate, the evil which undoubtedly exists, and to bring about a more healthy class of beings. It is the first time that the subject has been so carefully and fully gone into in the English language, and it is believed that the very exhaustive examination which the author has made into the matter, and the various cases to which he has called attention, will be of considerable use to the medical practitioner, and also to the lawyer in criminal and quasi-criminal matters, and probably in matrimonial disputes and cases of insanity. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to

digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Sexual Life of Our Time in Its Relations to Modern Civilization ... Translated from the Sixth German Edition by M. Eden Paul - Iwan BLOCH 1908

The Sexual Life of Our Time in Its Relations to Modern Civilization - Iwan Bloch 2022-07-21

"The Sexual Life of Our Time in Its Relations to Modern Civilization" is an absolute compilation of knowledge on the science of sex by Iwan Bloch. The aim of the author is for the book to be of great usefulness in the profession of law and medicine because they require knowledge of the science of sex and the various causes for the existence of "abnormals," to guide them in their future investigations into, and practice of attempts to mitigate, the evil that exists, and to bring about more healthy humans.
