**Unprotected** - Miriam Grossman  
2007-08-28

Our campuses are steeped in political correctness—that's hardly news to anyone. But no one realizes that radical social agendas have also taken over campus health and counseling centers, with dire consequences. Psychiatrist Miriam Grossman knows this better than anyone. She has treated more than 2,000 students at one of America's most prestigious universities, and she's seen how the anything-goes, women-are-just-like-men, "safer-sex" agenda is actually making our sons and daughters sick. Dr. Grossman takes issue with the experts who suggest that students problems can be

solved with free condoms and Zoloft. What campus counselors and health providers must do, she argues, is tell uncomfortable, politically incorrect truths, especially to young patients in their most vulnerable and confused moments. Instead of platitudes and misinformation, it's time to offer them real protection.

You Just Don't Understand - Deborah Tannen 2013-04-23  
From the author of New York Times bestseller *You're Wearing That?* this bestselling classic work draws upon groundbreaking research by an acclaimed sociolinguist to show that women and men live in different worlds, made of different words. Women and men live in different worlds...made of different words. Spending nearly four years on the New York Times bestseller list, including eight months at number one, *You Just Don't Understand* is a true cultural and intellectual phenomenon. This is the book that brought gender differences in ways of speaking to the forefront of public

awareness. With a rare combination of scientific insight and delightful, humorous writing, Tannen shows why women and men can walk away from the same conversation with completely different impressions of what was said. Studded with lively and entertaining examples of real conversations, this book gives you the tools to understand what went wrong -- and to find a common language in which to strengthen relationships at work and at home. A classic in the field of interpersonal relations, this book will change forever the way you approach conversations.

I See Her... - Jerrilyn Black 2022-02-22

When "scars have light and air to breathe / they [begin] to disappear." Jerrilyn Black's extraordinary collection of poems and essays, *I See Her* . . . , is inspired by real stories gathered from twenty-five women, shared vividly in the first person so each reader might see themselves reflected. Through tales of displacement

and homecoming, heartbreak and betrayal, forgiveness and the healing power of true love and acceptance, we see how "one minute in life can open a door to a space in your soul that's so big the entire multiverse can pass through it." Even as she draws on women's real life experiences, Black works her creative magic through each line of poetry and prose, allowing these stories to leap to life, leaving us "pining for wide blue skies and those green blades of grass" or picturing "hilltops . . . quilted in delicate snow," hearing the "white noise of blue-green foaming waves." Growing organically out of Black's 2017 Women's Storytelling Project, this hybrid collection teaches us that "not every girl wants to point her toes with precision or wear a cotton candy tutu. Some of us want to boom and stomp and skat, and HA!" I See Her . . . joyfully broadens the collective space we are able to share with each other, inspiring us to be seen as we see and honor one another, teaching us how to truly listen

and show up for one another. Though we may at times "walk this earth / as a Goddess / betrayed," Black knows the key to true healing "lives in letting go." In I See Her . . . we see our "reflection transformed into a collage of many different faces appearing all at once before coming together as a singular image." While we find many diverse truths within these pages, most of all, we will find ourselves "standing / in the fullness of our power."

**The Book of Pook** - Pook  
2018-03-19

The complete collection of writings by the legend himself! A few years ago there was a man who posted on a PUA forum called So Suave and had his own blog called Pook's Mill. His basic message was that the PUA techniques were too simple, and focused on external manipulations, and focusing on others rather than focusing on yourself and your own masculinity. Sadly Pook disappeared from the scene, but his teachings live on in this ebook.

### **The Gift of the Magi (Illustrated) - O. Henry 2022-04-27**

2022-04-27

"The Gift of the Magi" is a short story by O. Henry first published in 1905. The story tells of a young husband and

wife and how they deal with the challenge of buying secret Christmas gifts for each other with very little money. The main idea of "The Gift of the Magi" is that the value of a gift is in the giver, rather than the gift itself. Jim and Della, out of their love for each other, purchased a gift that required them to sacrifice something that was precious to them.

Medical Perspectives on Human Trafficking in Adolescents - Kanani E. Titchen  
2020-07-01

Human trafficking is an increasingly large issue in medicine, particularly for the adolescent population. The pubertal and neurologic development of early- and mid-adolescence may serve as a foothold for trauma bonds and human trafficking. To date, there are few case studies of human trafficking in the medical literature. More often, these cases are missed, and human trafficking patients are unlikely to disclose their victimization to their physicians for multiple reasons. As a result, physicians fail to

ask key questions and fail to notice important red flags for human trafficking. Research shows that this is primarily due to a lack of medical training and awareness and a resultant denial on the part of many physicians that victims of human trafficking present to their clinics or specialties. This book provides clinicians with a case-based guide to scenarios they may encounter in their practice that involve human trafficking. These cases include those involving sex trafficking and labor trafficking; male and female and transgender victims; victims from a range of racial, ethnic, geographic and socioeconomic backgrounds; as well as presentations of adolescent and young adult victims to fields such as adolescent medicine, general pediatrics, neonatology, rheumatology, transplant medicine, and obstetrics-gynecology, in addition to the stereotypical presentations to emergency departments. Each case is followed by a discussion that highlights key aspects of

human trafficking in adolescent and young adult patients.

These discussions also reference the growing body of research on human trafficking, orient the reader to medico-legal aspects of reporting human trafficking in the adolescent and young adult populations, and feature useful questions, exercises, and resources to promote discussion among those medical professionals who interact with adolescent medicine and young adult patients. Written by physicians, legal advocates and lawyers, *Medical Perspectives on Human Trafficking in Adolescents* is the definitive guide for all clinicians who care for adolescent patients. It is also a useful resource for mental health professionals and social workers.

**The Guyde** - Howie Reith  
2016-11-19

The Guyde is the most comprehensive men's dating and self-improvement book ever written, designed to be everything you need to transform into the most confident version of yourself. There are no lines or routines;

instead you'll find exercises and information to improve your self-esteem, social skills, and other elements integral to social success. Everything in these pages is backed with scientific evidence, and when I say scientific evidence, I mean cited peer-reviewed literature, not pop evolutionary psychology or the "law of attraction." You won't be reading anecdotes telling you about my "successes" or opinions; you'll be learning the practical steps necessary for the specific changes you want to manifest in your life. The Guyde is divided into four sections: Part I - Psychology Part I focuses on the internal elements of social interaction. How do you overcome your toxic self-limiting beliefs that keep you from being authentic with people? How do you overcome your fears? How can you stay motivated to make your changes? You will learn clinically effective approaches to all of these and more. Part II - Social Skills For many men, the biggest barrier between themselves and social success

is a lack of social skills and awareness. In Part II, you'll learn how to shore up this weakness. You will learn how to listen, banter, share stories, and assert yourself with others. You'll learn how to improve your body language and vocal tonality to project confidence and charisma. Part III - Physical Attractiveness Part III will teach you how to improve your physical features. The first two chapters detail the most clinically effective approaches to diet and exercise. We'll also discuss the basics of fashion and how to dress to impress. Master Part III, and when you go out, you will turn heads. Part IV - Dating The final portion of The Guyde deals with dating, in this version, in a heterosexual male context. You'll learn the best places to meet potential dates, how to flirt, and how to ask someone out. You'll learn how to plan brag-worthy romantic evenings and how to address problems like rude cancellations and "ghosting." You'll learn how to interact physically while being sensitive

to your date's wishes, as well as how to perform better in bed. You'll learn why relationships fail and how to avoid the pitfalls most couples fall into, and you'll come to understand a bit about what it's like to date from a woman's perspective, including many of the cultural factors they face that most men don't understand. The Guyde is a labor of love. I wrote it to be everything I wish I'd known when I was younger, the sorts of things that turned my life around for the better. I hope it does the same for you.
