A Thousand Splendid Suns - Khaled Hosseini 2009-02-24

Mariam is only fifteen when she is sent to Kabul to marry Rasheed.

Nearly two decades later, a friendship grows between Mariam and a local teenager, Laila, as strong as the ties between mother and daughter.

When the Taliban take over, life becomes a desperate struggle against starvation, brutality and fear. Yet love can move a person to act in unexpected ways, and lead them to overcome the most daunting obstacles with a startling heroism.

Los Angeles Magazine - 2003-11

Los Angeles magazine is a regional magazine of national stature. Our combination of award-winning feature writing, investigative reporting, service journalism, and design covers the people, lifestyle, culture, entertainment, fashion, art and architecture, and news that define Southern California. Started in the spring of 1961, Los Angeles magazine has been addressing the needs and interests of our region for 48 years. The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian.

Blackwind - Charlotte Boyett-Compo 2009-05

Second in a two-book saga. Bronwyn McGregor has known the depths of heartache. Having lost the man she'd loved since childhood and the child their great love created, she has thrown herself into her work as a psychologist, determined to help those who cannot help themselves. The last thing on her mind is finding romance among the criminally insane at Baybridge Sanitarium. From a seething cauldron of evil, Viraidan Cree was created in the frigid winds of space. Dredged up from a bog in the wilds of Ireland where he has spent centuries of unlife, he is a Reaper, a warrior among warriors, a being so lethal, so dangerous he cannot be controlled. Yet lurking within the reborn warrior is the spirit of a dead man whose love has survived against all odds. Given the job to secure the safety of those who work at Baybridge, Cree takes one look at Bronwyn and vows to make her his own. But the NightWind Danyon Hart is listening to the Reaper's deep desires. He too has his sights set on Bronwyn and will allow no one to get in his way...especially not a Reaper! Note: We recommend reading BlackWind: Sean and Bronwyn before reading BlackWind: Viraidan and Bronwyn. This story is not for the faint of heart.

The Soul of an Octopus - Sy Montgomery 2015-05-21

In 2011 Sy Montgomery wrote a feature for Orionmagazine entitled 'Deep Intellect' about her friendship with a sensitive, sweet-natured octopus named Athena and the grief she felt at her death. It went viral, indicating the widespread fascination with these mysterious, almost alien-like creatures. Since then Sy has practised true immersion journalism, from New England aquarium tanks to the reefs of French Polynesia and the Gulf of Mexico, pursuing these wild, solitary shape-

shifters. Octopuses have varied personalities and intelligence they show in myriad ways: endless trickery to escape enclosures and get food; jetting water playfully to bounce objects like balls; and evading caretakers by using a scoop net as a trampoline and running around the floor on eight arms. But with a beak like a parrot, venom like a snake, and a tongue covered with teeth, how can such a being know anything? And what sort of thoughts could it think? The intelligence of dogs, birds, and chimpanzees was only recently accepted by scientists, who now are establishing the intelligence of the octopus, watching them solve problems and deciphering the meaning of their colour-changing camouflage techniques. Montgomery chronicles this growing appreciation of the octopus, but also tells a love story. By turns funny, entertaining, touching and profound, *The Soul of an Octopus* reveals what octopuses can teach us about consciousness and the meeting of two very different minds.

The Advocate - 2001-08-14

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

The Kite Runner - Khaled Hosseini 2011-09-05

Afghanistan, 1975: Twelve-year-old Amir is desperate to win the local kite-fighting tournament and his loyal friend Hassan promises to help him. But neither of the boys can foresee what will happen to Hassan that afternoon, an event that is to shatter their lives. After the Russians invade and the family is forced to flee to America, Amir realises that one day he must return to Afghanistan under Taliban rule to find the one thing that his new world cannot grant him: redemption.

In the Shadow of the Olive Tree - Orna O'Reilly 2021-07-14

Two strangers, both newly divorced women, are determined to start life afresh amongst the olive groves of Puglia in the South of Italy, as they both attempt to put their old lives behind them. Claudia has a seemingly perfect life: a successful novelist, a loving mother, beautiful and admired by all, but she's haunted by a decision she made. Her confidence is destroyed at the hands of another. Is she able to move on, put it behind her and find happiness once more? Janet is determined to make a new life for herself after her husband left her for a younger woman, and she yearns to live in an idyllic trullo under the Pugliese sun. As the paths of Claudia and Janet cross and their lives become entwined, one woman's dream is threatened by the past of the other when they discover it's not always easy to escape one's previous life. Sometimes it follows in unexpected ways.

The Smitten Kitchen Cookbook - Deb Perelman 2013-02

There is a half-galley kitchen in New York with just a single counter, a tiny stove, pans stacked high in the corner - yet it has conjured up stews and slaws, salsas and pestos, tatins and cheesecakes. All to-die-for. This is Deb Perelman's kitchen. Deb is an ordinary home cook who believes food should be a pleasure and deliciousness a guarantee. So she founded her award-winning blog, where she concocts, tweaks and obsessively tests the best imaginable recipes for the everyday cook.

Perspectives on Human Dignity: A Conversation - Jeff Malpas 2007-10-06

The idea of human dignity is central to any reflection on the nature of human worth. However, the idea is a complex one that also takes on many different forms. This unique collection explores the idea of human dignity as it arises within these many different domains, opening up the possibility of a multidisciplinary conversation that illuminates the concept itself. The book includes essays by leading Australian and International figures.

Eat Pray Love - Elizabeth Gilbert 2010-06-29

Traces the author's decision to quit her job and travel the world for a year after suffering a midlife crisis and divorce, an endeavor that took her to three places in her quest to explore her own nature, experience fulfillment and learn the art of spiritual balance. (Biography & autobiography). Reissue. A best-selling book. Movie tie-in.

The Sun, the Earth, and Near-earth Space - John A. Eddy 2009

Moloka'i - Alan Brennert 2010-04-01

Young Rachel Kalama, growing up in idyllic Honolulu in the 1890s, is part of a big, loving Hawaiian family, and dreams of seeing the far-off lands that her father, a merchant seaman, often visits. But at the age of seven, Rachel and her dreams are shattered by the discovery that she has leprosy. Forcibly removed from her family, she is sent to Kalaupapa, the isolated leper colony on the island of Moloka'i. In her exile she finds a family of friends to replace the family she's lost: a native healer, Haleola, who becomes her adopted "auntie" and makes Rachel aware of the rich culture and mythology of her people; Sister Mary Catherine Voorhies, one of the Franciscan sisters who care for young girls at Kalaupapa; and the beautiful, worldly Leilani, who harbors a surprising secret. At

Kalaupapa she also meets the man she will one day marry. True to historical accounts, Moloka'i is the story of an extraordinary human drama, the full scope and pathos of which has never been told before in fiction. But Rachel's life, though shadowed by disease, isolation, and tragedy, is also one of joy, courage, and dignity. This is a story about life, not death; hope, not despair. It is not about the failings of flesh, but the strength of the human spirit.

1,000 Places to See Before You Die (Deluxe Edition) - Patricia Schultz 2019-10-29

Named a Best Gift Book/Best Travel Book of the Year by the New York Times, Entertainment Weekly, Associated Press, House Beautiful, Business Insider, The Daily Beast, Forbes, Fodor's, The Points Guy, Seattle Times, and more "This is the comfort food of travel books. . . . This book will sweep you off your feet."—New York Times Book Review "Gorgeous . . . breathtaking . . . spectacular."—Publishers Weekly Patricia Schultz curates the world. When she published the original 1,000 Places to See Before You Die, she created not only a new kind of travel book but also a new way of thinking about our experiences and interests. Now Schultz captivates our hearts in the same compelling way her original book spoke to our minds. Moving from eloquent word to breathtaking image, she takes us on a visual journey of the best the world has to offer, and as we turn the pages and pore over these images, we feel it all: joy, curiosity, awe, passion, nostalgia (if we've been there), inspiration (because we want to go), and a profound and transforming sense of how lucky we are to live in a world filled with such beauty and wonder—to see tributaries of mist curling over the Great Wall, elephants grazing on the floor of the Ngorongoro Crater, the sun setting on the wild coast of Donegal, masked whirling dancers at a festival in Bhutan. The book itself is a thing of beauty, an oversize feast of more than 1,000 all-new photographs and 544 pages, every spread and page designed to showcase these mesmerizing photographs and hold just enough of Schultz's lively text that we know why it is we're looking at them. It is a perfect gift for every traveler, every fan of the original, every dreamer whose Instagram feed is filled with pictures of places near and far.

How I Became a Quant - Richard R. Lindsey 2011-01-11

Praise for How I Became a Quant "Led by two top-notch quants, Richard R. Lindsey and Barry Schachter, How I Became a Quant details the quirky world of quantitative analysis through stories told by some of today's most successful quants. For anyone who might have thought otherwise, there are engaging personalities behind all that number crunching!" --Ira Kawaller, Kawaller & Co. and the Kawaller Fund "A fun and fascinating read. This book tells the story of how academics, physicists, mathematicians, and other scientists became professional investors managing billions." --David A. Krell, President and CEO, International Securities Exchange "How I Became a Quant should be must reading for all students with a quantitative aptitude. It provides fascinating examples of the dynamic career opportunities potentially open to anyone with the skills and passion for quantitative analysis." --Roy D. Henriksson, Chief Investment Officer, Advanced Portfolio Management "Quants"--those who design and implement mathematical models for the pricing of derivatives, assessment of risk, or prediction of market movements--are the backbone of today's investment industry. As the greater volatility of current financial markets has driven investors to seek shelter from increasing uncertainty, the quant revolution has given people the opportunity to avoid unwanted financial risk by literally trading it away, or more specifically, paying someone else to take on the unwanted risk. How I Became a Quant reveals the faces behind the quant revolution, offering you?the?chance to learn firsthand what it's like to be a?quant today. In this fascinating collection of Wall Street war stories, more than two dozen quants detail their roots, roles, and contributions, explaining what they do and how they do it, as well as outlining the sometimes unexpected paths they have followed from the halls of academia to the front lines of an investment revolution.

City of Quartz - Mike Davis 1998

Recounts the story of Los Angeles. He tells a tale of greed, manipulation, power and prejudice that has made Los Angeles one of the most cosmopolitan and most class-divided cities in the United States.
