*Seeing Gender* - Iris Gottlieb 2022-12-06

Now with a new foreword by National Book Award Winner Kacen Callender, this fascinating book on a relevant subject illustrates the complexities of gender and sexuality through history, science, sociology, and the author's own story. Gender is an intensely personal, yet universal, facet of humanity. In this vibrant book, queer author and artist Iris Gottlieb visually explores gender in all of its complexities, answering questions and providing guidance while also mining history and pop culture for the stories and people who have shaped the conversation on gender. Informed by Gottlieb's personal experiences, this deeply researched and brilliantly rendered book demystifies this fluid topic at a critical time. For LGBTQIA+ people, *Seeing Gender* offers a space for self-exploration, giving comfort, advice, and reassurance in the sometimes confusing process of navigating one's identity. For allies, this book is an essential tool for understanding and thoughtfully participating in this necessary cultural conversation. Whatever one's position, *Seeing Gender* is a must-read people who are passionate about changing the way we see and talk about gender and sexuality in the twenty-first

century. CULTURALLY RELEVANT AND IMPORTANT TOPIC: An inclusive, sensitive, and accessible book for those interested in learning more about gender identity and sexuality. HELPFUL: The perfect book for nonjudgmental exploration of gender for the queer, transgender, asexual, uncertain, and for people struggling with their gender identity. INVITATIONAL: A wonderful intro to thoughtfully participating in this important conversation. Perfect for: • Those exploring their gender identity and sexuality • Parents/friends/relatives of those exploring their gender identity and sexuality • LGBTQ+ people • Allies who want to understand, empathize, and participate in this movement

**The Sexuality of a Black American** - Louis Arthur Villa 1981-01-01

**Sex and Sexuality in Victorian Britain** - Violet Fenn 2020-05-30

"Dull this book is not, and it gives an insight into the many scandals not spoken about in polite Victorian drawing rooms." —Glasgow & West of Scotland Family History Society Peek beneath the bedsheets of nineteenth-century Britain in this affectionate, informative and fascinating look at sex and sexuality during the reign of Queen Victoria. It examines the prevailing attitudes towards male and female sexual behavior, and the ways in which these attitudes were often determined

by those in positions of power and authority. It also explores our ancestors' ingenious, surprising, bizarre and often entertaining solutions to the challenges associated with maintaining a healthy sex life. Did the people in Victorian times live up to their stereotypes when it came to sexual behavior? This book will answer this question, as well as looking at fashion, food, science, art, medicine, magic, literature, love, politics, faith and superstition through a new lens, leaving the reader uplifted and with a new regard for the ingenuity and character of our great-great-grandparents. "I would say this book gives you the information on relationships, genders and very much behavior that doesn't usually come across in history books. Therefore this is an excellent book indeed, certainly one that more people should be aware of and learn from." —UK Historian "The writing is joyous and it is clear the author enjoys her subject and is fairly knowledgeable on things Victorian." —Rosie Writes "Fenn's writing is so readable and it's clear this is a book written by a historian who loves her subject and is very knowledgeable about the research being carried out by other historians." —Jessticulates More Than Sex - George Edmond Smith 2000

Dr. Smith challenges society's myths about the sexuality of African-American men and offers dramatic evidence that these stereotypes lie behind a host of personal problems for black men and women.

Houston Has a Problem! - Saint Andrews 2021-06-01

"Houston Has A Problem" is a story that presents an uncensored look into the world of child molestation, drug abuse, the music business, homophobia, racism, and class wars in America. Written from the perspective of a gay black man born in the racist South of the 1960s, whose father was an evangelical minister and Vietnam War Veteran. It presents a compelling story centred around severe topics in a non-threatening humorous style, that draws the reader in right from the very first sentence. The book is filled with shocking true-life conversations with former rockstars, and executives in the entertainment industry. It presents racism in all its forms, black and white with a more profound look at the current controversial "me too generation" media topic.

"Houston Has A Problem" presents a rag to riches story followed by a

sharp fall from grace, that ultimately leads to the author's miraculous recovery and happiness.

**Long Before Stonewall** - Thomas A. Foster 2007-07-01

2007 Choice Outstanding Academic Title Although the 1969 Stonewall riots in New York City symbolically mark the start of the gay rights movement, individuals came together long before the modern era to express their same-sex romantic and sexual attraction toward one another, and in a myriad of ways. Some reflected on their desires in quiet solitude, while others endured verbal, physical, and legal harassment for publicly expressing homosexual interest through words or actions. Long Before Stonewall seeks to uncover the many iterations of same-sex desire in colonial America and the early Republic, as well as to expand the scope of how we define and recognize homosocial behavior. Thomas A. Foster has assembled a pathbreaking, interdisciplinary collection of original and classic essays that explore topics ranging from homoerotic imagery of black men to prison reform to the development of sexual orientations. This collection spans a regional and temporal breadth that stretches from the colonial Southwest to Quaker communities in New England. It also includes a challenge to commonly accepted understandings of the Native American berdache. Throughout, connections of race, class, status, and gender are emphasized, exposing the deep foundations on which modern sexual political movements and identities are built.

**Live Through This** - Caly Cane 2017-05-23

This powerful book couldn't come at a more timely juncture. With our deep misunderstanding of racial identity, the murder of transgender women increasing at an alarming rate, and the battle of faith and sexual orientation at churches across the country, we are in a cultural war of ideologies. Overwhelming prejudices have constricted our basic capacity for compassion and understanding. Live Through This is a collection of intimate essays about one man's journey to self-acceptance when his faith, sexuality, and race battled with societal norms. These insightful writings will plant seeds of consideration and inspire readers to stretch beyond stereotypes. By reading stories about the demographics that live

on the fringe of traditions, we gain a deeper awareness of our cultural climate and how we can improve it, starting with ourselves.

Giovanni's Room - James Baldwin 2001

"Giovanni's Room traces one man's struggle with his sexual identity. In a 1950s Paris swarming with expatriates and characterized by dangerous liaisons and hidden violence, an American finds himself confronting secret desires that jeopardize the conventional life he envisions for himself. After meeting and proposing to a young woman, he falls into a lengthy affair with an Italian bartender and is confounded and tortured as he oscillates between the two." "Now a classic of gay literature, Baldwin's haunting and controversial second novel is his most sustained treatment of sexuality. Examining the agonizing mystery of love and passion in an intensely imagined yet beautifully restrained narrative, Baldwin creates a moving and complex story of death and desire that is revelatory in its insight."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

Montage of a Dream - John Edgar Tidwell 2007

"Contributors reexamine the continuing relevance of Langston Hughes's work and life to American, African American, and diasporic literatures and cultures. Includes fresh perspectives on the often overlooked "Luani of the Jungles," Black Magic, and works for children, as well as Hughes's more familiar fiction, poetry, essays, dramas, and other writings"-- Provided by publisher.

Sexuality, Gender and Identity - Doug Risner 2018-10-24

Sexuality is a difficult topic for all educators. Dance teachers and educators are not immune to these educational challenges, especially given the large number of children, adolescents, and young adults who pursue dance study and performance. Most troubling is the lack of serious discourse in dance education and the development of educative strategies to promote healthy sexuality and empowered gender identities in proactive ways. This volume, focused on sexuality, gender, and identity in dance education, expands this developing area of study and investigates diverse perspectives from public schools, private sector dance studios and schools, as well as college and university dance

programs. By openly bringing issues of sexuality and gender to the forefront of dance education and training, this book straightforwardly addresses critical challenges for engaged educators interested in age appropriate content, theme and costume; the hyper-sexualization of children and adolescents; sexual orientation and homophobia; the hidden curriculum of sexuality and gender; sexual identity; the impact of contemporary culture; and mass media, and sexual exploitation. The original research provides a frank discussion, highlighting practical applications and offering insights and recommendations for today's educational environment in dance. This book was originally published as a special issue of the Journal of Dance Education.

Unspoken Facts - Marc Epprecht 2008

Homosexuality. Lesbians. Gay rights. Homophobia. These terms have come up quite a bit in recent years in Africa to the shock, embarrassment and even anger of many people. This book is about that, and about the coming out (into public view) of individuals who in the past tended to keep a low profile. What does the history of homosexuality and the reactions against it tell us about African history in general? And how might this knowledge help us in struggles against HIV/AIDS, gender violence and other social inequalities in contemporary Africa? Based on Marc Epprecht's award-winning monograph Hungochani: the history of a dissident sexuality in southern Africa, along with creative contributions from other pioneering scholars in the field Unspoken Facts offers a sympathetic portrayal of the lives of people who do not conform to society's dominant expectations in terms of love and marriage. Additional material includes several fictionalised accounts of same-sex relationships in southern Africa.

Girls of Color, Sexuality, and Sex Education - Sharon Lamb 2016-10-20

This book takes a close look at how girls of color think, talk, and learn about sex and sexual ethics, how they navigate their developing sexuality through cultural stereotypes about sex and body image, and how they negotiate their sexual learning within a co-ed sex education classroom. While girls of color are often pictured as at risk or engaged in risky behavior, the analyses of focus groups and classroom discussions, show

not only girls' vulnerabilities but their strengths as they work with integrating diverse identities, media messages, school policy and history into their understanding of the sexual world they are exposed to and a part of.

*Extravagant Abjection* - Darieck Scott 2010-07-12

Summary: Challenging the conception of empowerment associated with the Black Power Movement and its political and intellectual legacies, this title contends that power can be found not only in martial resistance, but, surprisingly, where the black body has been inflicted with harm or humiliation.

**Once You Go Black** - Robert Reid-Pharr 2007-07-01

Blacks, Hispanics, and Asians represent three of every four immigrants who arrived in the United States after 1970. Yet despite their large numbers and long history of movement to America, non-Europeans are conspicuously absent from many books about immigration. In *Other Immigrants*, David M. Reimers offers the first comprehensive account of non-European immigration, chronicling the compelling and diverse stories of frequently overlooked Americans. Reimers traces the early history of Black, Hispanic, and Asian immigrants from the fifteenth century through World War II, when racial hostility led to the virtual exclusion of Asians and aggression towards Blacks and Hispanics. He then tells the story of post-1945 immigration, when these groups dominated the immigration statistics and began to reshape American society. The capstone to a lifetime of groundbreaking work on immigration, Reimers's thoughtful history recognizes the ambiguity and subjectivity of race, noting that individuals often define themselves more complexly than census forms allow. However classified, record numbers of immigrants are streaming to the United States and creating the most diverse society in the world. *Other Immigrants* is a timely account of their arrival.

**The Devil's Lane** - Catherine Clinton 1997-06-26

When Europeans settled in the early South, they quarreled over many things--but few imbroglios were so fierce as battles over land. Landowners wrangled bitterly over boundaries with neighbors and

contested areas became known as "the devil's lane." Violence and bloodshed were but some of the consequences to befall those who ventured into these disputed territories. *The Devil's Lane* highlights important new work on sexuality, race, and gender in the South from the seventeenth- to the nineteenth-centuries. Contributors explore legal history by examining race, crime and punishment, sex across the color line, and slander. Emerging stars and established scholars such as Peter Wood and Carol Berkin weave together the fascinating story of competing agendas and clashing cultures on the southern frontier. One chapter focuses on a community's resistance to a hermaphrodite, where the town court conducted a series of "examinations" to determine the individual's gender. Other pieces address topics ranging from resistance to sexual exploitation on the part of slave women to spousal murders, from interpreting women's expressions of religious ecstasy to a pastor's sermons about depraved sinners and graphic depictions of carnage, all in the name of "exposing" evil, and from a case of infanticide to the practice of state-mandated castration. Several of the authors pay close attention to the social and personal dynamics of interracial women's networks and relationships across place and time. *The Devil's Lane* illuminates early forms of sexual oppression, inviting comparative questions about authority and violence, social attitudes and sexual tensions, the impact of slavery as well as the twisted course of race relations among blacks, whites, and Indians. Several scholars look particularly at the Gulf South, myopically neglected in traditional literature, and an outstanding feature of this collection. These eighteen original essays reveal why the intersection of sex and race marks an essential point of departure for understanding southern social relations, and a turning point for the field of colonial history. The rich, varied and distinctive experiences showcased in *The Devil's Lane* provides an extraordinary opportunity for readers interested in women's history, African American history, southern history, and especially colonial history to explore a wide range of exciting issues.

[Black Sexualities](#) - Juan Battle 2009-11-24

Why does society have difficulty discussing sexualities? Where does fear

of Black sexualities emerge and how is it manifested? How can varied experiences of Black females and males who are lesbian, gay, bisexual, transgender (LGBT), or straight help inform dialogue and academic inquiry? From questioning forces that have constrained sexual choices to examining how Blacks have forged healthy sexual identities in an oppressive environment, *Black Sexualities* acknowledges the diversity of the Black experience and the shared legacy of racism. Contributors seek resolution to Blacks' understanding of their lives as sexual beings through stories of empowerment, healing, self-awareness, victories, and other historic and contemporary life-course panoramas and provide practical information to foster more culturally relative research, tolerance, and acceptance.

**Revealing Male Bodies** - Nancy Tuana 2002-05-06

*Revealing Male Bodies* is the first scholarly collection to directly confront male lived experience. There has been an explosion of work in men's studies, masculinity issues, and male sexuality, in addition to a growing literature exploring female embodiment. Missing from the current literature, however, is a sustained analysis of the phenomenology of male-gendered bodies. *Revealing Male Bodies* addresses this omission by examining how male bodies are physically and experientially constituted

by the economic, theoretical, and social practices in which men are immersed. Contributors include Susan Bordo, William Cowling, Terry Goldie, Maurice Hamington, Don Ihde, Greg Johnson, Björn Krondorfer, Alphonso Lingis, Patrick McGann, Paul McIlvenny, Terrance MacMullan, Jim Perkinson, Steven P. Schacht, Richard Schmitt, Nancy Tuana, Craig L. Wilkins, and John Zuern.

**Sex and Racism in America** - Calvin C. Hernton 1965

**The Story of Sexual Identity** - Phillip L. Hammack 2009-03-06

This book assembles a diverse group of scholars working within a new, pathbreaking paradigm of sexual science, fusing perspectives from history, sociology, and psychology. The contributors are united in their commitment to the idea of "narrative" as central to the study of sexual identity, offering an analytic approach to social science inquiry on sexual identity that restores the voices of sexual subjects. The result is a rich examination of lives in context, with an eye toward multiplicity and meaning across the life course. Central to the chapters in this volume is the significance of history, generation, and narrative in the provision of a workable and meaningful configuration of identity.
