

The Value In The Valley A Black Womans Guide Through Lifes Dilemmas

Forgiveness - Iyanla Vanzant 2017-02-07

Too many of us feel trapped in stagnant romantic, family, or workplace relationships. Weighed down by toxic thoughts and emotions, we might be quick to judge and slow to pardon, and self-righteous about our feelings as we dwell on memories of what we or others did (or failed to do). In this tradepaper edition, Iyanla Vanzant challenges us to liberate ourselves from the wounds of the past and to embrace the new power of forgiveness. With Iyanla's 21-Day Forgiveness Plan, you'll explore relationship dynamics with your parents, children, friends, partners, co-workers, bosses, yourself, and even God. With journaling work and Emotional Freedom Techniques (also known as "tapping"), you'll learn to live with more love; gain new clarity on your life, lessons, and blessings; and discover a new level of personal freedom, peace, and well-being. Forgiveness doesn't mean agreeing with, condoning, or even liking what has happened. Forgiveness means letting go and knowing that—regardless of how challenging, frightening, or difficult an experience may seem—everything is just as it needs to be in order for you to grow and learn. When you focus on how things "should" be, you deny the presence and power of love. Accept the events of the past, while being willing to change your perspective on them. As Iyanla says, "Only forgiveness can liberate minds and hearts once held captive by anger, bitterness, resentment, and fear. Forgiveness is a true path to freedom that can renew faith, build trust, and nourish the soul."

Trust - Iyanla Vanzant 2017-06-13

"Learning to trust is one of life's most difficult lessons. That's because trust is not a verb; it's a noun. But what if the real problem is not that we can't trust other people; it's that we can't trust ourselves?" In this compelling volume, filled with illuminating and heartrendingly powerful stories of broken trust, betrayal, and triumph, Iyanla

demonstrates why the four essential trusts—Trust in Self, Trust in God, Trust in Others, and Trust in Life—are like oxygen: without them, none of us can survive. Mastering these four essential trusts requires both a process and a practice: Life gives you the process through your experiences; people provide you the opportunity to practice. Iyanla explores what trust really is and reveals why some of the most shocking trust violations offer us profound opportunities for personal growth and healing. Her pragmatic trust prescriptions—rooted in self-awareness, intuition, communication, and spiritual practice—will challenge you to face your deepest fears and free you to cultivate new levels of increased authenticity, greater resilience, renewed peace, and joy.

Rhetorical Healing - Tamika L. Carey
2016-09-30

Reveals the rhetorical strategies African American writers have used to promote Black women's recovery and wellness through educational and entertainment genres and the conservative gender politics that are distributed when these efforts are sold for public consumption. Since the Black women's literary renaissance ended nearly three decades ago, a profitable and expansive market of self-help books, inspirational literature, family-friendly plays, and films marketed to Black women has emerged. Through messages of hope and responsibility, the writers of these texts develop templates that tap into legacies of literacy as activism, preaching techniques, and narrative formulas to teach strategies for overcoming personal traumas or dilemmas and resuming one's quality of life Drawing upon Black vernacular culture as well as scholarship in rhetorical theory, literacy studies, Black feminism, literary theory, and cultural studies, Tamika L. Carey deftly traces discourses on healing within the writings and teachings of such figures as Oprah Winfrey, Iyanla Vanzant, T. D. Jakes, and Tyler Perry, revealing the arguments and curricula they rely on to engage Black women and guide them to an idealized conception of wellness. As Carey demonstrates, Black women's wellness campaigns indicate how African Americans use rhetorical education to solve social problems within their communities and the complex gender politics that are mass-produced when these efforts are commercialized. Tamika L. Carey is Assistant Professor of English at the University at Albany, State University of New York and the author of *Getting to Know Him: Observations and Experiences from My Walk of Faith*.

In this honest and searching book, New York Times best-selling author Iyanla Vanzant recounts the last decade of her profoundly human journey and shares her own hard lessons to inspire you to put your personal puzzle back together. Part metaphorical teaching story, part wrenching personal chronicle, this phoenix-rising-from-the-ashes tale is about men and money, love and work, mothers and daughters, life and death, and the patterns and pathologies that families pass down through the generations—until someone gets clear enough to break the pattern and pave the way to healing. and recognize that it is possible to make your broken pieces whole.

Get Over It! - Iyanla Vanzant 2018-02-06

Today—as repeated attempts to "fix ourselves and our lives" fail—many of us face unprecedented fears about the future, struggle with unspeakable life tragedies, and sink under the belief that certain lives do not matter in our society. Others confront our epidemic of anxiety with fierce resistance, or "the fight to be right," criticizing anyone and everyone just to end up stuck. In the face of such pervasive human suffering, New York Times best-selling author and legendary life coach Iyanla Vanzant challenges us: What if it's not them—what if it's you? What if you need to "get over it"—and get over yourself? Because no matter how much we would like to blame people and circumstances beyond our control, the truth is staggeringly simple: anything and everything we experience is a function of what and how we think. In *Get Over It!* Iyanla offers a unique spiritual technology called "thought therapy," a process that harnesses proven spiritual tools with the science of neuroplasticity. The 42 prayers and affirmations, and complementary energy-clearing tools at the heart of the thought therapy process are designed to neutralize and eliminate the unconscious, unproductive, soul-destroying dominant negative thought patterns (DNTPs) and discordant emotional energies, allowing you to get to the root cause of your personal suffering, and make life-affirming choices. If you're ready to break free of your ego's resistance and willing to face yourself, willing to change, and willing to heal and grow—then now's the time to *Get Over It!*

In The Meantime - Iyanla Vanzant 2012-12-11

Most of us go through life with a vision of what the ideal relationship is supposed to be, yet too often our longing for a soul mate leads to disappointment and heartbreak. What we see, desire, or harshly judge in our mate is but a reflection of self, Vanzant explains, as in *IN THE MEANTIME* she helps us to break free of our fantasies and view a relationship as an ongoing process of discovery and growth. Whether she is offering practical advice on how to avoid making the same relationship mistakes over and over again, or helping us to view the painful end of a relationship as an opportunity to learn and

change, Iyanla Vanzant, as author *Patrice Gains* has said, 'reminds us that every moment is an opportunity to learn and inspires and encourages us to continue our inward daily search'.

Sista Talk - Rochelle Brock 2005

Sista Talk: The Personal and the Pedagogical is an inquiry into the questions of how Black women define their existence in a society which devalues, dehumanizes, and silences their beliefs. Placing herself inside of the research, Rochelle Brock invites the reader on a journey of self-exploration, as she and seven of her Black female students investigate their collective journey toward self-awareness in the attempt to liberate their minds and souls from ideological domination. Throughout, *Sista Talk* attempts to understand the ways in which this self-exploration informs her pedagogy. Combining Black feminist and Afrocentric Theory with critical pedagogy, this book frames the parameters for an Afrowomanist pedagogy of wholeness for teaching Black students.

Value in the Valley - Iyanla Vanzant 2002-05-23

"The most powerful spiritual healer, fixer, teacher on the planet." —Oprah Winfrey Is it the job you hate but need in order to pay the rent? Is it that relationship that you gave your all to only to end up with a broken heart...again? Perhaps it's your children, a family member, or a life-long friend doing you in, dragging you down, pushing you to the brink. If you are an honorary member of the Black Woman's Suffering Society, you have probably been told that it's all your fault. Or that struggling and suffering is your lot in life. Iyanla Vanzant says, No! Life is an Act of Faith and suffering is optional! Those everyday challenges, obstacles, and dilemmas are what Iyanla calls "valleys." As bad as they may seem, there is a purpose or, as Iyanla says, "There is so much value in the valley." If you've ever been disappointed, betrayed, rejected, abandoned, or just plain old scared to let go, then you've been or may still be in a valley. Iyanla knows—she's been there and on a bad day she's still there, but now she shares the way out with you.

Trust - Iyanla Vanzant 2015-12-08

"You just can't trust anyone!" seems to be a constant refrain in the modern world. Indeed, learning to trust is one of life's most difficult lessons. "That's because trust is not a verb," says legendary life coach Iyanla Vanzant, "it's a noun. Trust is a state of mind and a state of being." In this wise book, the New York Times best-selling author and host of OWN's popular reality TV show Iyanla: Fix My Life reveals how to cultivate this liberating power—by exploring what trust really is, how to trust, and why to trust. She outlines the special rewards that come from mastering the four essential trusts: trust in God, trust in yourself, trust in others, and trust in life. And she challenges us to see how each of these are actually deeply interconnected. Too often our fear of whether or not we can really trust an individual or an institution and what they represent erodes our confidence and undermines our relationships. When trust is broken or there is a betrayal, it can bring us face-to-face with our shadow, revealing that someone has failed to live up to our expectations and thus "outs" our hidden beliefs. "You never get what you ask for; you always get what you expect," says Iyanla. When someone betrays our trust it reveals the high price paid for such deep disconnection. This book's pragmatic trust-building prescriptions demonstrate how communication, consistency, and cooperation can antidote trust-destroying behaviors and revitalize us with increased authenticity, greater resilience, and renewed peace in every part of our lives.

Faith in the Valley - Iyanla Vanzant 2001-10-26

"The most powerful spiritual healer, fixer, teacher on the planet." —Oprah Winfrey In this companion volume to her bestselling book *Acts of Faith*, bestselling author and star of *Iyanla: Fix My Life* discusses the "valleys" that cause stress and imbalance for women and explains how women can cleanse their minds and promote a healthy foundation for living in the modern world. A Note from Iyanla Vanzant: Beloved friend, When this little book was first published many years ago, it became a beacon of light for many people who found themselves time and time again in one valley or another. Valleys are nothing new for any of us. Some of you may be in a valley right now, or, since you never know what's around the corner, you may be on the brink of tottering into yet another valley. Or maybe you've just survived a valley that you swear you'll never revisit—but guess what? That's precisely the valley you'll probably see again. And again. Being in a valley can be a lonely and bewildering experience. This book was written to help you feel less lonely by reminding you that you really aren't ever alone since God is always by your side, but more important, you are always by your own side. No matter how dire the situation may seem, no matter how dark and bleak the valley may be, you have all you need within you to survive the

valley—any valley. Even though you may not know how you got into the valley in the first place, you do know, deep inside yourself, how to get through and out and free. You just need a little faith in yourself and a little guidance to find that faith within yourself. When you are at your wit's end, take this little book and let it guide you toward the ever-present but often elusive light at the end of the tunnel. *Faith in the Valley* is designed to help you find the light when you need it most—when you're in that damn tunnel. When you're most confused and in the dark and clueless as to how you got there (again!) and when you're trying to figure out not just how to get out, but stay out. For good. *Faith in the Valley* has helped so many through so much that we felt it only fitting to issue this lovely gift edition to acknowledge the special place it holds in many hearts. Please share it with a friend who has served as your beacon in the past, or offer it to yourself as a reminder of the strength and wisdom you possess and can offer to others.

Acts Of Faith - Iyanla Vanzant 2012-12-11

'The healing has begun. It began when you picked up this book. The goal of these offerings is to assist the children of the earth in the redevelopment of their minds, bodies and spirits . . . Buried deep in the earth are precious diamonds. In order to get to them, however, we must dig and dig deep.' In *ACTS OF FAITH*, life coach Iyanla Vanzant offers a inspirational passage for each day of the year, particularly aimed at people of colour. Vanzant considers that there are four basic areas that create stress and imbalance for people: our relationship with ourselves, our relationship with the world, our relationship with each other and our relationship with money. This book addresses all four issues in turn thus providing a meditative and uplifting guide to living successfully.
