**Of Course! How Many Light Bulbs Does It Take to Change** - Ian Patrick 2012-04-03

In his first book, Ian Patrick frankly discusses some of the toughest challenges known to students of *A Course in Miracles*: facing the deaths of loved ones; letting go of long-held grievances; trying to comprehend Nelson Mandela meeting the Spice Girls; and much more. Now, in one volume, *Fearless Books* presents the best of Ian's insights and personal revelations selected from over 100 editions of the UK's highly respected ACIM periodical, *Miracle Worker*. From the lighthearted to the profound, these short essays reveal the down-to-earth illumination of a dedicated Course student who "remembers to laugh"—and who understands the everyday challenges of working miracles. In 2003, *Fearless Books* changed the lives of countless Course students with the publication of *The Disappearance of the Universe*. Could it happen again? Of course!

*Modern Esoteric* - Brad Olsen 2017-08-02

This completely reworked second edition of *Modern Esoteric* includes new information, over a dozen additional images, and up-to-date revisions. Winner of the Best Book Design 2014, *Modern Esoteric* examines the flaws in modern history and looks at how conspiracy theories, esoteric knowledge, and fringe subjects can be used to help change the dead-end course humanity seems to be following. The Lifeology section explores the long and storied "alternative narrative" of life on this planet. In the Control section, author Brad Olsen examines how Big Brother is here in the form of the New World Order, and how they keep the knowledge of humankind's true nature from the mass population. Finally, the Thrive section looks at all the ways humans are evolving to achieve their full potential.

**Take Me To Truth: Undoing The Ego** - Nouk Sanchez 2010-05-11

Take Me To Truth is the first book to present a practical guide to the six stages involved in shedding our distorted ego perception. It explains why our search for real happiness has eluded us and how to perceive the Love for which we all yearn so deeply. As Gary Renard says in the Foreword... despite the thousands of things we may appear to have to choose from in this world, there are really only two things, and only one of them is real. The ego is not. Take me to Truth heralds the next crucial step in the pursuit of evolutionary

consciousness.

*The SuperQuack* - Hoberleigh Phreigh 2013-12-04

Why would an honest, self-respecting practitioner of energy healing call herself a superquack? Do I really consider myself a quack? Well, no. However, there are quite a number of people who consider the work of energy healing to be quackery, and at one time, I was one of them. After years of extensive study and success in my practice, I have changed my mind. While I do take my work seriously, I don't take myself seriously. On that score, I am willing to use humor to get my point across. This book is the story of my journey from a cold skeptic, to a curious explorer, to a believer with such passion that I have made energy healing my life's work. The accounts range from my introduction to energy work, and my personal experiences beyond the physical senses, to sharing information from sessions with clients using energy in the body, and in the mind, in order to relieve dis-ease. Welcome to my world!

**Your Immortal Reality** - Gary R. Renard 2010-07-09

In this fascinating book, Gary Renard and his Ascended Master Teachers, Arten and Pursah, teach you how to integrate advanced spiritual principles into your everyday life. Doing so leads beyond theory to an experience of the Divine and the undoing of the ego. Your progress will be accelerated to such a degree that, with continued practice, you can't help but stop the need to reincarnate . . . once and for all. Like Gary's first book, *The Disappearance of the Universe*, this work elaborates on the teachings of two spiritual classics, *The Gospel of Thomas* and *A Course in Miracles*. By focusing on a unique brand of quantum forgiveness, rather than the old-fashioned kind, and taking the understanding of the importance of thought up to a whole new level, your goal will become nothing less than to break the cycle of birth and death.

Spoken Miracles - Martha Lucia Espinosa 2007-07

*Spoken Miracles* is an anecdotal account of Martha Lucía Espinosa's 30-year-long search for answers from God, as well as the result of a request that has been made by thousands of readers of author Gary R. Renard's *The Disappearance of the Universe*, lovingly called EM> *A Course in Miracles* (ACIM) used in the D.U. book. We are told also that if these quotations were read on their own, they could either be used as a thought for the day throughout the year, or they could simply be read like a book, in which case they would constitute a EM> *A Course in Miracles*. Many people requested that these quotations be put into book form, but it was a bigger job than most realized. Gary and his teachers had used more than 11,000 words from ACIM during the course of their discussions. Additionally, inspiration guides this book to be written in a way that it can stand on its own, to help introduce people to both D.U. and *A Course in Miracles*, as well as to inspire and entertain a little, so it includes a short story as a way to introduce readers to the basic concepts of these remarkable and miraculous books.

Jesus: My Autobiography - Tina Louise Spalding 2015-06-01

"I have come at this time, in this place, and through this being to speak my truth, to speak the story of my life — the true story of my life." The purpose of this book is to clarify, to tell the truth, and to share my

energies with you so that you can begin the transformation of your mind and, therefore, the transformation of your heart and your world. It is in the misteachings that have been associated with my name that much death and pain has been caused and that much guilt and self-recrimination has been expressed. That was not my purpose; that was not my lesson. This story will begin the change. It will not make the change. It will facilitate turning the key in the lock, but you must open the door and walk through it into a new realm that is opened by this information. That is your responsibility. We can only bring you the message, this channel and I. We can only work together to transmit the information, but it is through your actions and your transformation that you will see a change in your world, a change in the subjective world that is manufactured from your beliefs, your thoughts, and your feelings. I talk about the truth of my birth and the truth of my life. I cover some stories that are recounted in the Bible and tell you the true story of those events. I describe some of my personal traits, my human traits, and I define what I am, who I am, and why these things happened. You will be able to understand the truth, and you will begin this reconditioning, this retooling of your mind — of your thoughts and beliefs — on this subject of my life, my meaning, and my purpose, for it is a long process. The time is ripe. The need for a spiritual revolution is here. — Jesus [I Married a Mystic](#) - Kirsten Buxton 2016-08-22

I Married a Mystic—one woman's leap of faith to discover a love that never ends. It was a surprise to gutsy, Kirsten Buxton when Jesus appeared to her, announcing he would be her guide. At twenty-seven years of age, a serious bike accident had left her physically, psychologically, and emotionally devastated, with no control over her life. Having had no previous relationship with Jesus, she began studying A Course in Miracles, and developing trust in the Spirit within. Miraculously, world-renowned teacher of A Course in Miracles, David Hoffmeister, visited her hometown. Jesus told Kirsten to trust this man completely in order to experience a relationship like no other. Her courageous acceptance of this guidance opened her heart and mind in ways she never could have imagined. Throughout this diary of radical self-inquiry, Kirsten candidly exposes her fears, projections, and private thoughts whilst on an epic adventure of holy relationship with a tirelessly happy mystic! A must read for those seeking to intimately apply non-dual spiritual teachings in every aspect of daily experience: in the bedroom, the bathroom, and even the supermarket. This profound and often humorous account is literally a 'how-to' guide for awakening.

[The Lifetimes When Jesus and Buddha Knew Each Other](#) - Gary R. Renard 2018-11-27

These stories about the multiple shared lifetimes of Jesus and the Buddha's reincarnations offer startling revelations about the universe, A Course in Miracles, and the path to enlightenment Two and a half decades ago, Ascended Master Teachers Arten and Pursah appeared to Gary Renard and held a series of conversations with him that elaborated on the teachings of two spiritual classics, The Gospel of Thomas and

A Course in Miracles. Gary immortalized what he learned in the books of his best-selling series: *The Disappearance of the Universe*, *Your Immortal Reality*, and *Love Has Forgotten No One*. This fourth book is a companion to the original trilogy, yet written to stand alone—an invitation for new readers into this fascinating work. This book explores six of the lifetimes in which the incarnations of Jesus and Buddha lived together, beginning in 700 B.C. when they were known as Saka and Hiroji. Through the spiritual lessons that Jesus and Buddha learn on their path, Arten and Pursah clarify the difference between duality and nonduality. When you are able to internalize these lessons, you will be saved countless years in your spiritual development.

**Never Forget to Laugh** - Carol Howe 2010-09-29

**Ireland's New Religious Movements** - Olivia Cosgrove 2010-10-12

Until recently, Irish religion has been seen as defined by Catholic power in the South and sectarianism in the North. In recent years, however, both have been shaken by widespread changes in religious practice and belief, the rise of new religious movements, the revival of magical-devotionalism, the arrival of migrant religion and the spread of New Age and alternative spirituality. This book is the first to bring together researchers exploring all these areas in a wide-ranging overview of new religion in Ireland. Chapters explore the role of feminism, Ireland as global 'Celtic' homeland, the growth of Islam, understanding the New Age, evangelicals in the Republic, alternative healing, Irish interest in Buddhism, channelled teachings and religious visions. This book will be an indispensable handbook for professionals in many fields seeking to understand Ireland's increasingly diverse and multicultural religious landscape, as well as for students of religion, sociology, psychology, anthropology and Irish Studies. Giving an overview of the shape of new religion in Ireland today and models of the best work in the field, it is likely to remain a standard text for many years to come.

**The Disappearance of the Universe** - Gary R. Renard 2004-11-01

*The Most Intimate Revelations about the Disappearance of the Universe* - Jacob Capps 2013-03

In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "The Disappearance of the Universe: Straight Talk about Illusions, Past Lives, Religion, Sex, Politics, and the Miracles of Forgiveness." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

**Suddenly Psychic** - Maureen Caudill 2006-11-03

As she bent a metal spoon with her mind, computer scientist Maureen Caudill knew she was witnessing a total violation of the laws of physics—and that her understanding of reality would never be the same. Letting go of the ultra-rational, skeptical perspective she had maintained over a twenty-year scientific career, Caudill joined the 50% of Americans who report having had psychic experiences (National Science Foundation, 2000) and began a firsthand exploration of phenomena like clairvoyance, remote viewing, out of body experiences, channeling, and mediumship. In *Suddenly Psychic*, she shares her new conviction that paranormal abilities are a normal part of human consciousness and anyone can learn them, using her

scientific background to validate and explain her experiences. Combining vivid descriptions of altered states of consciousness with an in-depth look at cutting-edge scientific theories that are consistent with these phenomena, Suddenly Psychic is a reader-friendly bridge between the mysteries of the mind and hard

science that speaks to skeptics and believers alike. Caudill's compelling journey offers convincing evidence for the legitimacy of psychic phenomena--and will inspire you to see for yourself what's possible!
