Soon to be a Netflix film starring Stranger Things' Millie Bobby Brown - this must-read psychological thriller, perfect for fans of One of Us Is Lying, will leave you guessing until the final page. 'Unlike anything I've read before... immediate, gripping, incredibly tense,

heart-breaking, heart-warming and FUN! ' - Holly Jackson, author of A Good Girl's Guide to Murder As an ex con artist, Nora has always got herself out of tricky situations. But the ultimate test lies in wait when she's taken hostage in a bank heist. And this time, Nora doesn't have an escape plan ... Meet Nora. Also known as Rebecca, Samantha, Haley, Katie and Ashley - the girls she's been. Nora didn't choose a life of deception - she was born into it. As the daughter of a con artist who targeted criminal men, Nora always had to play a part. But when her mother fell for one of the men instead of conning him, Nora pulled the ultimate con herself: escape. For five years Nora's been playing at normal - but things are far from it when she finds herself held at gunpoint in the middle of a bank heist, along with Wes (her ex-

boyfriend) and Iris (her secret new girlfriend and mutual friend of Wes ... awkward). Now it will take all of Nora's con artistry skills to get them out alive. Because the gunmen have no idea who she really is - that girl has been in hiding for far too long ... 'Slick, stylish and full of suspense' - Sophie McKenzie, author of *Girl, Missing* 'A powerful gut-punch of a book that will leave you reeling long after its final pages. I couldn't put it down!' - Chelsea Pitcher, author of *This Lie Will Kill You* 'I could hardly breathe until I finished. The tension! Absolutely loved it.' - Emily Barr, author of *The One Memory of Flora Banks* *Tracy Crosswhite Series* - Robert Dugoni 2017 "When a woman's body is discovered submerged in a crab pot in the chilly waters of Puget Sound, Detective Tracy Crosswhite finds herself with a tough case to untangle. Before they can identify the killer, Tracy and her colleagues on the Seattle PD's Violent Crimes Section must figure out who the victim is. Her autopsy,

however, reveals she may have gone to great lengths to conceal her identity. So who was she running from? After evidence surfaces that their Jane Doe may be a woman who suspiciously disappeared months earlier, Tracy is once again haunted by the memory of her sister's unsolved murder. Dredging up details from the woman's past leads to conflicting clues that only seem to muddy the investigation. As Tracy begins to uncover a twisted tale of brutal betrayal and desperate greed, she'll find herself risking everything to confront a killer who won't go down without a deadly fight." -- from Amazon.

creature. One of the New People, Emiko is not human; instead, she is an engineered being, creche-grown and programmed to satisfy the decadent whims of a Kyoto businessman, but now abandoned to the streets of Bangkok. Regarded as soulless beings by some, devils by others, New People are slaves, soldiers, and toys of the rich in a chilling near future in which calorie companies rule the world, the oil age has passed, and the side effects of bio-engineered plagues run rampant across the globe. What happens when calories become currency? What happens when bio-terrorism becomes a tool for corporate profits, when bio-terrorism's genetic drift forces mankind to the cusp of post-human evolution?

care of the facility's doctors, he finds himself questioning what's real, what's not, and if he'll ever make it out alive. Drawing inspiration from real cases, and with well-researched, realistic characters, *A Predator and A Psychopath* is a dark and twisted thriller that is not for the soft-hearted.

"So many memories I would like to forget. But they are vividly etched in my mind, and impossible to erase. My name is Cecylia Ziobro; the only child born to my parents. I am a Polish American who survived my early childhood years in the Nazi slave labor camps of World War II." During World War II, a young Polish American girl named Cecylia was imprisoned in a Nazi labor camp. After more than sixty years, with the sincere encouragement from her friends and family, she has decided to share her extraordinary story. In surprising detail, Cecylia

recounts the daily struggle, physical and mental anguish, humiliation, fear and yes, even humor of her otherwise bleak life in the camps. Hers is a story that centers around a little-known aspect of the war, and it is told here from a fresh perspective, that of a young girl facing unimaginable horror--and unexpected hope--as a prisoner in a Nazi labor camp.

The Girl in the Well Is Me -
Karen Rivers 2016-03-15

When you move somewhere new, you get to be someone new. I was ready. Sixth-grader Kammie Summers's plan to be one of the popular girls at school hasn't gone the way she hoped. She's fallen into a well during a (fake) initiation into

the Girls' club. Now she's trapped in the dark, counting the hours, hoping to be rescued. (The Girls have gone for help, haven't they?) As the hours go by, Kammie's real-life trouble mixes with memories of the best and worst moments of her life so far, including the awful reasons her family moved to this new town in the first place. And as she begins to feel hungry and thirsty and dizzy, Kammie discovers she does have visitors, including a French-speaking coyote and goats that just might be zombies. But they can't get her out of the well. (Those Girls are coming back, aren't they?) "Moving, suspenseful, and impossible to put down."
—Kirkus Reviews, starred review "Darkly humorous . . . Honest and forthcoming."

Girl Three: Trapped (A Maya Gray FBI Suspense Thriller—Book 3) - Molly Black
2021-12-13

12 cold cases. 12 kidnapped women. One diabolical serial killer. In this bestselling suspense thriller, a brilliant FBI agent faces a deadly challenge: decipher the mystery before each one is murdered. In the Maya Gray series (which begins with Book #1—GIRL ONE: MURDER) FBI Special Agent Maya Gray, 39, has seen it all. She's one of BAU's rising stars and the go-to agent for hard-to-crack serial cases. When she receives a handwritten postcard promising to release 12 kidnapped women if she will solve 12 cold cases, she assumes it's a hoax. Until the note mentions that, among the captives, is her missing sister. Maya, shaken, is forced to take it seriously. The cases she's up against are some of the most difficult the FBI has ever seen. But the terms of his game are

simple: If Maya solves a case, he will release one of the girls. And if she fails, he will end a life. In GIRL THREE: TRAPPED (book #3), case three has just landed, and the clock is ticking. The suspect, a copycat of the Moonlight Killer, seems to be using sophisticated audio equipment to stay one step ahead of his victims—and Maya herself could be next. Maya, knowing the killer has her sister, has no choice but to accept the case. More determined than ever, she revisits the prison where the last convict hung himself in hopes of uncovering a new lead. But with the murderer able to track her every movement, Maya realizes that she's the least safe of all. And in the midst of it all, a bunny escapes. A complex psychological crime thriller full of twists and turns and packed with heart-pounding suspense, the MAYA GRAY mystery series will make you fall in love with a brilliant new female protagonist and keep you turning pages late into the night. It is a perfect addition

devastation of World War II. Marie-Laure lives with her father in Paris near the Museum of Natural History where he works as the master of its thousands of locks. When she is six, Marie-Laure goes blind and her father builds a perfect miniature of their neighborhood so she can memorize it by touch and navigate her way home. When she is twelve, the Nazis occupy Paris, and father and daughter flee to the walled citadel of Saint-Malo, where Marie-Laure's reclusive great uncle lives in a tall house by the sea. With them they carry what might be the museum's most valuable and dangerous jewel. In a mining town in Germany, the orphan Werner grows up with his younger sister, enchanted by a crude radio they find. Werner becomes an expert at building and fixing these crucial new instruments, a talent that wins him a place at a brutal academy for Hitler Youth, then a special assignment to track the Resistance. More and more aware of the human cost of his

intelligence, Werner travels through the heart of the war and, finally, into Saint-Malo, where his story and Marie-Laure's converge. Doerr's "stunning sense of physical detail and gorgeous metaphors" (San Francisco Chronicle) are dazzling. Deftly interweaving the lives of Marie-Laure and Werner, he illuminates the ways, against all odds, people try to be good to one another. Ten years in the writing, *All the Light We Cannot See* is a magnificent, deeply moving novel from a writer "whose sentences never fail to thrill" (Los Angeles Times).
