*The Most Fragile Objects* Alberto Chimal 2020-01-08 *The Most Fragile Objects*, Chimal's first novel published in translation, tells three stories (maybe two, or just one) of people living secret lives in early 21st-century Mexico. They seem to indulge in wanton sex and power fantasies. But is everything what it appears to be? With a style that never resorts to titillation and a plot structure in which the factual and the dubious chase each other, *The Most Fragile Objects*, is an unusual, dark take on the themes of power, love, imagination, and freedom. Alberto Chimal (Toluca, 1970) is one of Mexico's most prolific authors. His work encompasses a variety of genres and forms, including the novel, short story, essay, experimental fiction, and children's literature. He is also a sought-after clinician, lecturer, and teacher of creative writing. The recipient of numerous awards, his second novel, *La torre y el jardín*, was shortlisted in 2013 for the Rómulo Gallegos prize, one of the most prestigious in the Spanish language. His work has been translated into numerous languages "One of the most versatile and unpredictable storytellers in Latin American literature today." Marco Kunz, *Quimera* "His stories are very corporal, even voluptuous: pure flesh." Jorge Carrión, *Otra Parte* "Had Alberto Chimal written the History of the human race, this world would be a much more interesting place." *Eme Equis* magazine

**Daniel Goleman Omnibus** Daniel Goleman 2004 Emotional Intelligence Does IQ define our destiny? Daniel Goleman argues that our view of human intelligence is far too narrow, and that our emotions play a major role in thought, decision making and individual success. Self-awareness,

impulse control, persistence, motivation, empathy and social deftness are all qualities that mark people who excel: whose relationships flourish, who are stars in the workplace. With new insights into the brain architecture underlying emotion and rationality, Goleman shows precisely how emotional intelligence can be nurtured and strengthened in all of us. Working with Emotional Intelligence Do you want to be more successful at work? Do you want to improve your chances of promotion? Do you want to get on better with your colleagues? Daniel Goleman draws on unparalleled access to business leaders around the world and the thorough research that is his trademark. He demonstrates that emotional intelligence at work matters twice as much as cognitive abilities such as IQ or technical expertise in this inspiring sequel.

*An Evidence-based Approach to the Treatment and Care of the Older Adult with Cancer* Diane G. Cope 2006 "Description: The book offers a comprehensive overview of the treatment and care of the older adult with cancer. The evidence-based practice approach is timely and provides the foundation for nursing practice that is the expected standard of care. The book addresses every aspect of the care and treatment of not only the cancer patient, but also the family. The chapter on complementary therapy is a bonus. Purpose: The purpose is to focus on the unique aspects of treatment and care that the older adult with cancer requires. Addressing the older adult with cancer is of paramount importance to not only the health of the individual but of the family, community, and society. The book meets the author's objectives. The chapters are well written by authors who are experts in their field. The Cochrane Guidelines are considered the gold standard for evaluating research that impacts treatment selection and care of all patients. Their use in the reference materials lends credibility to the information that is presented in the book." -- Publisher.

**How to Write a Thesis** Umberto Eco 2015-02-27 Umberto Eco's wise and witty guide to researching and writing a thesis, published in English for the first time. By the time Umberto Eco published his best-selling novel The Name of the Rose, he was one of Italy's most celebrated intellectuals, a distinguished academic and the author of influential works on semiotics. Some years before that, in 1977, Eco published a little book for his students, How to Write a Thesis, in which he offered useful advice on all the steps involved in researching and writing a thesis—from choosing a topic to organizing a work schedule to writing the final draft. Now in its twenty-third edition in Italy and translated into seventeen languages, How to Write a Thesis has become a classic. Remarkably,

this is its first, long overdue publication in English. Eco's approach is anything but dry and academic. He not only offers practical advice but also considers larger questions about the value of the thesis-writing exercise. How to Write a Thesis is unlike any other writing manual. It reads like a novel. It is opinionated. It is frequently irreverent, sometimes polemical, and often hilarious. Eco advises students how to avoid "thesis neurosis" and he answers the important question "Must You Read Books?" He reminds students "You are not Proust" and "Write everything that comes into your head, but only in the first draft." Of course, there was no Internet in 1977, but Eco's index card research system offers important lessons about critical thinking and information curating for students of today who may be burdened by Big Data. How to Write a Thesis belongs on the bookshelves of students, teachers, writers, and Eco fans everywhere. Already a classic, it would fit nicely between two other classics: Strunk and White and The Name of the Rose. Contents The Definition and Purpose of a Thesis • Choosing the Topic • Conducting Research • The Work Plan and the Index Cards • Writing the Thesis • The Final Draft

Fans of the Impossible Life Kate Scelsa 2015-09-10 Fans of the Impossible Life by Kate Scelsa is the story of love, loss, growing up and the magic - and terror - of finding friends who truly see the person you are and the person you're trying to become. It's a story about rituals and love, and of those transformative friendships that burn hot and change you, but might not last. SEBBY seems to carry sunlight around with him. Even as life in his foster home starts to take its toll, Sebby and his best friend Mira together craft a world of magic rituals and impromptu road trips designed to fix the broken parts of their lives. MIRA is starting over at St. Francis Prep. She promised her parents she would at least try to pretend that she could act like a functioning human this time, not a girl who can't get out of bed for days on end, who only feels awake when she's with Sebby. JEREMY is the

painfully shy art nerd at St. Francis who's been in self-imposed isolation after an incident that ruined his last year of school. When he sees Sebby for the first time across the school lawn, it's as if he's been expecting him. As Jeremy finds himself drawn into Sebby and Mira's world, he begins to understand the secrets that they hide in order to protect themselves, to keep each other safe from those who don't understand their quest to live for the impossible.

**Les Liaisons Dangereuses** **Ow:Pb** Pierre Choderlos de Laclos 2008-04-17 The complex moral ambiguities of seduction and revenge make *Les Liaisons dangereuses* (1782) one of the most scandalous and controversial novels in European literature. Its prime movers, the Vicomte de Valmont and the Marquise de Merteuil--gifted, wealthy, and bored--form an unholy alliance and turn seduction into a game. And they play this game with such wit and style that it is impossible not to admire them, until they discover mysterious rules that they cannot understand. In the ensuing battle there can be no winners, and the innocent suffer with the guilty. This new translation gives Laclos a modern voice, and readers will be able to judge whether the novel is as "diabolical" and "infamous" as its critics have claimed, or whether it has much to tell us about a world we still inhabit. David Coward is Professor of French at the University of Leeds. He is the translator and editor of *Maupassant*, *de Sade*, and *Dumas* in *World's Classics*.

**Nakano Thrift Shop** Hiromi Kawakami 2016-08-04 Among the jumble of paperweights, plates, typewriters and general bric-a-brac in Mr Nakano's thrift store, there are treasures to be found. Each piece carries its own story of love and loss - or so it seems to Hitomi, when she takes a job there working behind the till. Nor are her fellow employees any less curious or weatherworn than the items they sell. There's the store's owner, Mr Nakano, an enigmatic ladies' man with several ex-wives; Sakiko, his sensuous, unreadable lover; his sister, Masayo, an artist whose free-spirited creations mask hidden sorrows. And finally there's Hitomi's fellow employee, Takeo, whose abrupt and taciturn manner Hitomi finds, to her consternation, increasingly disarming. A beguiling story of love found amid odds and ends, *The Nakano Thrift Shop* is a heart-warming and utterly charming novel from one of Japan's most celebrated contemporary novelists.

In the course of this Easter weekend, Frank will lose all the remnants of his familiar life, though he will emerge heroic with spirits soaring. This is a magnificent novel that propelled Richard Ford into the first rank of American writers.

**Things the Grandchildren Should Know** Mark Oliver Everett 2009 How does one young man survive the deaths of his entire family and manage to make something worthwhile of his life? In *Things The Grandchildren Should Know* Mark Oliver Everett tells the story of what it's like to grow up the insecure son of a genius in a wacky Virginia Ice Storm-like family. Left to run wild with his sister, his father off in some parallel universe of his own invention, Everett's upbringing was 'ridiculous, sometimes tragic and always unsteady'. But somehow he manages to not only survive his crazy upbringing and ensuing tragedies; he makes something of his life, striking out on a journey to find himself by channelling his experiences into his, eventually, critically acclaimed music with the Eels. But it's not an easy path. Told with surprising candour, *Things The Grandchildren Should Know* is an inspiring and remarkable story, full of hope, humour and wry wisdom.

**Bodies That Matter** Judith Butler 2014-09-03 In *Bodies That Matter*, Judith Butler further develops her distinctive theory of gender by examining the workings of power at the most "material" dimensions of sex and sexuality. Deepening the inquiries she began in *Gender Trouble*, Butler offers an original reformulation of the materiality of bodies, examining how the power of heterosexual hegemony forms the "matter" of bodies, sex, and gender. Butler argues that power operates to constrain "sex" from the start, delimiting what counts as a viable sex. She offers a clarification of the notion of "performativity" introduced in *Gender Trouble* and explores the meaning of a citational politics. The text includes readings of Plato, Irigaray, Lacan, and Freud on the formation of materiality and bodily boundaries; "Paris is Burning," Nella Larsen's "Passing," and short stories by Willa Cather; along with a reconsideration of "performativity" and politics in feminist, queer, and radical democratic theory.
