Between the Mountain and the Sky Maggie Doyne 2022-03-22 *Between the Mountain and the Sky* shows us the goodness that is possible when a single person--regardless of age--takes action to help another and, in the process, changes the lives of hundreds. Maggie's story begins in suburban New Jersey, in a comfortable middle-class family that supports her decision to travel the world during a gap year before starting college. During her travels, the trajectory of her life alters when she has a surprise encounter with a Nepali girl breaking rocks in a quarry. Maggie decides to invest her life savings of five thousand dollars to buy a piece of land and open a children's home in Nepal. That

home becomes Kopila Valley Children's Home, and eventually, the nonprofit Maggie launches, the BlinkNow Foundation, also starts the Kopila Valley School, which provides tuition-free education for more than four hundred students. Maggie and BlinkNow's work have been recognized around the world for their innovative, sustainable work. However, this book isn't a how-to for fledging philanthropists or nonprofit founders--it's a coming-of-age story about a young woman suspended between two worlds, as well as the love, loss, healing, and hope she experiences along the way. And Maggie's inspiring, intimate tale shows readers an important truth: the power to change the world exists within all of us.

Grief Is Love Marisa R. Lee 2023-02-28 A trusted grief expert shares what Kirkus Reviews praises as "calm, lucid prose... [a] humanizing exploration of coping with the life-changing tides of loss." In *Grief is Love*, author Marisa Renee Lee reveals that healing does not mean moving on after losing a loved one--healing means learning to acknowledge and create space for your grief. It is about learning to love the one you lost with the same depth, passion, joy, and commitment you did when they were alive, perhaps even more. She guides you through the pain of grief--whether you've lost the person recently or long ago--and shows you what it looks like to honor your loss on your unique terms, and debunks the idea of a grief stages or timelines. *Grief is Love* is about making space for the transformation that a significant loss requires. In beautiful, compassionate prose, Lee elegantly

offers wisdom about what it means to authentically and defiantly claim space for grief's complicated feelings and emotions. And Lee is no stranger to grief herself, she shares her journey after losing her mother, a pregnancy, and, most recently, a cousin to the COVID-19 pandemic. These losses transformed her life and led her to question what grief really is and what healing actually looks like. In this book, she also explores the unique impact of grief on Black people and reveals the key factors that proper healing requires: permission, care, feeling, grace and more. The transformation we each undergo after loss is the indelible imprint of the people we love on our lives, which is the true definition of legacy. At its core, *Grief is Love* explores what comes after death, and shows us that if we are able to own and honor what we've lost, we can experience a beautiful and joyful life in the midst of grief.

Nurturing Healing Love Scarlett Lewis 2014-10-27 On December 14, 2012, Scarlett Lewis experienced something that no parent should ever have to endure: she lost her son Jesse in an act of unimaginable violence. The day started just like any other, but when a gunman opened fire at Sandy Hook Elementary School, Scarlett's life changed forever. However, this isn't a story about a massacre. It's a story about love and survival. It's about how to face the impossible, how to find courage when you think you have none, and how to choose love instead of anger, fear, or hatred. Following Jesse's death, Scarlett went on an unexpected journey, inspired by a simple three-word message he had scrawled on their kitchen chalkboard shortly before he died: *Nurting Helin Love* (Nurturing Healing Love). It was as if he knew just what his family would need in order to go on after this horrible tragedy. Bolstered by his words, Scarlett took her first step toward a new life. And with each step, it became clearer how true Jesse's message was. She learned that love was indeed the essential element necessary to move forward and that taking the path of love is a choice. We can live in anger and resentment, or we can choose love and forgiveness. With her decision made, she found some peace and began to believe that choosing love was the key to creating a healthy, safe, and happy world. She began the Jesse Lewis Choose Love Foundation to develop programs to teach children about the power each of us has to change our thoughts and choose a life without fear and

hate. Nurturing Healing Love is Scarlett's story of how choosing love is changing her life—and how it could change our world. A portion of the proceeds from sales of this book will be donated to the Jesse Lewis Choose Love Foundation. The Blue Skies of Autumn Elizabeth Turner 2009-10-01 On September 11th 2001, 32-year-old Elizabeth Turner was working at Channel 4 when news broke of the attacks on the World Trade Centre. Surrounded by TV screens, like her colleagues, she watched as the horror unfolded. But for Elizabeth, the atrocities were all the more painful - her husband Simon was at a meeting in the restaurant at the top of the towers as the planes crashed into them. Elizabeth was seven months pregnant with their first child. As the destruction unfolded, and Simon did not call, Elizabeth's world crumbled, and she spiralled into an abyss of grief more painful than most of us can imagine. This immensely moving memoir packs a powerful emotional punch, and hooks the reader from the first page. The author eloquently describes how she had to hit rock bottom before she could start rebuilding a life for herself and her young son William. That she was able to recover at all is testament to the power of the human spirit. But more than this, Elizabeth has forged a completely new life and career and is now living what she calls her 'ultimate life'. Her story offers hope that there is a way through the worst experiences - not with quick-fix solutions but by moving deep within yourself to bring about complete healing and recovery.

In this book she addresses: What to expect while grieving What is normal and abnormal grief How to deal with the physical, emotional, and mental aspects of grief How grief affects one's relationship with God Which steps the grieving person can take toward healing How the hope of eternity helps in the journey of grief This book will invite grieving readers to embrace the pain of grief without getting stuck in it, and take God with them on the journey so they can experience hope

Rose-Colored Glasses Jo Ann Simon 2018-05-29 Dear Tom, I'm back on Anna Maria Island... missing you. But walking down these beautiful beaches reminds me of us and makes me feel a little less far away from you. And that encourages me as I am writing our story. Hopefully this will help other people who are feeling our pain too. I love and miss you every day, darling. Love, Me When he first saw me, Tom said that he would spend the rest of his life with me. To my surprise, he actually

did. He was the love of my life. We shared a story that felt like a dream. Every moment was an adventure... and then Tom became ill. As his mysterious symptoms persisted we were hurtled through a maze of fear, tests, doubts and sorrow. But while doctors toyed with diagnoses- Lyme disease, ALS- we filled each day with joy, hope, good food, wine, music and travel. Even when death came to crush our storybook romance, we found that the human spirit is greater than the frailties of the body, greater than suffering and grief. From the fateful tick bite on Block Island to central nervous system failure, to healing my grief and loss, I stayed afloat, upbeat, and connected to Tom through devotion, true love, and by donning my own special pair of rose-colored glasses.

Loss and What It Taught Me about Living Tracey Corbett Lynch 2022-10-06 'In my life, I've lost a twin, had an adored sister-in-law suffer a fatal asthma attack at just 31, my brother was murdered, a cherished brother-in-law died in his 40s and then, just when I thought I had coped with all that life could possibly throw at me, the Covid-19 pandemic claimed my beloved mother.' Tracey Corbett-Lynch has encountered loss in all its guises. This book is the roadmap of her journey through the grief of each loss. It is her story - the things that worked for her along the way, the systems she put in place to cope with the heartache, and how she slowly found a path to recovery. There is no blueprint for grief, but in writing this book Tracey hopes that her experience can help others navigate grief and loss by learning to live alongside them with strength and grace.

A Butterfly's Journey Barbara J Hopkinson 2013-04-18 A Butterfly's Journey offers a unique approach to enduring the loss of a child, with the author's diverse perspective as a multiple bereaved parent and support group facilitator. In this gripping memoir that commences with the day she got "the call" alerting her that her 21-year-old son had been seriously injured in a motorcycle accident, Hopkinson bares her soul in moving through a journey of grief that changed her life forever. She also gives families a reason to believe in their child's continued spiritual existence. With great skill, Hopkinson's approach helps bereaved parents and families understand the variety of ways grief can be felt, expressed and supported. For example, genders grieve differently and infant loss can be as

traumatic as the death of an older or adult child. She gently reminds us to be tolerant: we all grieve in our own way and on our own schedule. Courageously sharing the impact of grief in her own life, Hopkinson reveals that her 30-year-marriage did not survive the untimely death of her adult son. Additionally, while going through a divorce that dramatically altered her lifestyle, her remaining son flunked out of college as a result of the loss of his brother. Like many bereaved parents, Hopkinson briefly contemplated suicide after these and other unexpected events. In *A Butterfly's Journey*, she details finding an inner strength she now believes has prepared her to handle any life challenge with greater ease. She also models how she found love, hope and happiness again by turning outward and helping others.

Grieving with Hope Samuel J. IV Hodges 2011-11-01 Practical and straightforward, yet warm and compassionate, *Grieving with Hope* clarifies the popular misconception that people move through stages of grief. This will be an encouragement to many, as grieving people often think something is wrong with them when their grief doesn't proceed neatly through stages. The reality is that grieving people jump back and forth between different emotions, sometimes wrestling with multiple emotions at once. This book is packed with short, biblically based, gospel-centered, topical chapters addressing the issues grieving people face but are often hesitant to mention to others. It helps readers accurately interpret the message their emotions are sending them and gently guides them to determine whether they're grieving in a way that leads to hope and ultimate healing. Developed from interviews with over 30 well-respected Christian counselors, teachers, and authors, as well as numerous personal testimonies, *Grieving with Hope* helps the bereaved discover how hope and peace are available amidst their heartache and pain.
