2021-12-31

Final year means final choice. Too bad I've always been indecisive. My last year at Light Fae Academy, and I have to decide how I fit in the fairy world. I also need to make a choice between Sage and Damon. They both want me and hate each other, and it's making things so awkward. But the dangerous times here at Light Fae Academy only soar to new heights when a fairy professor is found dead. Why can't things

be light and fluffy and happy all the time?

California Book Awards General Non-Fiction Look. Smell. Taste. Judge. Crush is the 200-year story of the heady dream that wines as good as the greatest of France could be made in California. A dream dashed four times in merciless succession until it was ultimately realized in a stunning blind tasting in Paris. In that tasting, in the year of America's bicentennial, California wines took their place as the leading wines of the world. For the first time, Briscoe tells the complete and dramatic story of the ascendancy of California wine in vivid detail. He also profiles the larger story of California itself by looking at it from an entirely innovative perspective, the state seen through its singular wine history. With dramatic flair and verve, Briscoe not only recounts the history of wine and winemaking in California, he encompasses a multidimensional approach that takes into account an array of social, political, cultural, legal, and winemaking sources. Elements of this history have plot lines that

seem scripted by a Sophocles, or Shakespeare. It is a fusion of wine, personal histories, cultural, and socioeconomic aspects. Crush is the story of how wine from California finally gained its global due. Briscoe recounts wine's often fickle affair with California, now several centuries old, from the first harvest and vintage, through the four overwhelming catastrophes, to its amazing triumph in Paris.

First Big Crush - Eric Arnold 2007-09-18
The story behind the bottle, First Big Crush is Eric Arnold's wild account of his year immersing himself in all things wine...and somehow not winding up in rehab. Never having held a

meaningful job for very long (and getting fired from most of them), Eric Arnold heads to New Zealand -- to Allan Scott Wines -- seeking adventure and hoping to learn a little bit about wine. What could be better than working outside in the fresh air and drinking wine all day? Before he knows it, he is dirty, wet, cold, and at the mercy of a tank of wine that just might explode and take him with it. So begin Eric's adventures in the world of wine. He gets sunburned, sore, and drunk -- and then does it all over again the next day. First Big Crush is a story that is as outrageous as it is compelling. Here are tales of first pressings, pruning, and tasting competitions. There are also rowdy nights at the local pub, girls, meat pies, girls, rugby, and tales of hunting wild pig. Along the way, each step of the winemaking process is explained in a way that humans can actually understand. Almost against his will, Eric becomes an expert.

A Year of Wine - Tyler Colman 2008-11-11

A lively and informative guide to a year of wine enjoyment and appreciation from acclaimed wine expert and blogger Tyler Colman, a.k.a. "Dr. Vino." In *A Year of Wine*, award-winning educator Tyler "Dr. Vino" Colman, whose wine blog was hailed by *Food & Wine* magazine as "one of the seven best," views winter, spring, summer, and fall through the glass of his favorite impact-resistant stemware, pairing each month with its perfect ports, Pinots, and bubbly -- and offering good value recommendations for them all. Throughout, Colman reminds readers to try to pair their pours with context, which is wildly underrated when it comes to enjoying your favorite bottle. And while people tend naturally to drink lighter, more refreshing wines during the warm months and heavier, more serious wines during the winter months, Colman takes the seasonal approach a step further by offering innovative recommendations and enlightening facts that

will allow readers to impress their friends for twelve months straight. Is there a perfect wine to serve with chips and salsa on Super Bowl Sunday? Which bottles will help you drown away your tax-day blues without blowing your new budget? Colman answers these questions and much more as he pairs wines with each season, occasion, and moment. Recommending thoughtful and affordable wines for special celebrations and everyday enjoyment, offering tips on beginning a wine collection or spring cleaning the one you have, exploring how to drink with the smallest possible carbon footprint, and explaining how to maximize your wine experience when you dine out, Colman makes wine easy to understand and, most important, to savor. Colman also shares the secret gems of his favorite wine tourism destinations -- where to find the best wine shops in Paris, which Portuguese vintners still crush grapes with their bare feet, and how you can take a ten-tasting-room tour with one stop in a
