From The Deep: A Tale of Pirates & A Goddess - Mary Kit Caelsto 2020-07-11

Hurricane Dorian did more than devastate the islands of the Caribbean, it pulled something from the depths. It drew a history the goddess Tyche thought long buried to the surface and right into the halls of her casino resort, Par Impar. In this collection of short stories, Tyche comes face to face with men who once knew her as the Pirate Queen Lady Luck and risks losing everything--including the lives of her resort's guests.

Out of Joint - Mary Lowenthal Felstiner 2007-09-01

She begins, in the morning, by casing her joints: Can her ankles take the stairs? Will her fingers open a jar? Peel an orange? But it was not always this way for Mary Felstiner, who went to bed one night an active professional and healthy young mother, and woke the next morning literally out of joint. With wrists and elbows no longer working right, she'd discovered one of the first signs of rheumatoid arthritis, the most virulent form of a common disease. *Out of Joint* is her account of living through arthritis, a distinction she shares with seventy million Americans. While arthritis pain affects one out of three Americans, this book is the first to tell the personal story of the nation's most common yet neglected disease. Part memoir, part medical and social history, *Out of Joint* folds the author's private experience into far-reaching investigations of a socially hidden ailment and of any chronic condition how

to handle love, work, sexuality, fatigue, betrayal, pain, time, mortality, rights, myths, and memory. Moving from the 1940s to the present, this story of one life with arthritis exposes little-known medical research and provocative social issues: alarming controversies over arthritis miracle drugs, intense demands concerning disability, and the surprising and disproportionate number of women affected by chronic illness. From this prize-winning historian comes a call for healing through history, a moving meditation on the way chronic conditions can be treated by enlisting the past.

Under the Bridge: Stories from the Border / Bajo el puente: Relatos desde la frontera - Rosario Sanmiguel
2008-03-31

ñSuddenly I saw him appear in the train yard on the other side of the river, between the boxcars, Martin and a Migra, it looked like they were arguing, they lifted up their arms like they were gonna start wailing on each other, the Migra guy grabbed Martin by his shoulder and shook him, me and all the people on this side were watching close to see what was gonna happen. In the title story of this short story collection set along the Texas-Mexico border, young Monica waits for her boyfriend Martin under the bridge next to the Rio Grande running between El Paso and Ciudad Juarez. Martin is a pasamojados, someone who smuggles people across the river. When he asks her if she wants to leave with him, she's

afraid. Afraid to suffer the way her parents did when they went north, suffocating in heat and fear, unable to find a job. But in spite of her fears, she finds herself at the river bank, being pushed into the tire tube that serves as a raft, under the bridge. Mexican writer Rosario Sanmiguel crafts intriguing narratives about solitary women in search of their place, caught between the past and the present. Set in the border region, this collection follows these women—some from privileged backgrounds and others from more desperate circumstances—through seedy bars, hotel rooms, and city streets. A woman who has escaped the night life, dancing on platforms in front of thousands of eyes; Francis, who finally finds the strength to leave her married lover; young Fatima, whose mother abandons her, leaving her to take her place as a maid in a wealthy El Paso family's mansion; Nicole, who has risen from dismal poverty to become an accomplished immigration attorney. Originally published

in Mexico as *Callejon Sucre y otros relatos* (Ediciones del Azar, 1994), this edition contains a profound English translation by John Pluecker. The seven stories included in this collection interweave the opposing themes of solitude and connectedness, longing and privilege, fear and audacity, all of which are juxtaposed on the boundary of self-awareness.

The Power of Proximity -
Michelle Ferrigno Warren
2017-07-25

We can see evidence of injustice all around us, whether in continuing incidents of racial inequality or in the systemic forces that disenfranchise people and perpetuate poverty. It's important to learn about the world's inequities and to be a voice for the voiceless any way we can. But in an age of hashtag and armchair activism, merely raising awareness about injustice is not enough. Michelle Warren knows what is needed. She and her family have chosen to live in communities where they are "proximate to the pain of the

poor." This makes all the difference in facing and overcoming injustice. When we build relationships where we live, we discover the complexities of standing with the vulnerable and the commitment needed for long-term change. Proximity changes our perspective, compels our response, and keeps us committed to the journey of pursuing justice for all. Move beyond awareness and experience the power of proximity.

The Way I See It - Lerato Tshabalala 2016-07-01

Lerato Tshabalala first came to our attention in 2011 with her 'Urban Miss' column in the Sunday Times, and since then she has by turns entertained, exasperated, amused and confounded her fans and critics alike. Now, with her first book, she looks set to become the national institution she deserves to be. With her customary wit and keen insight into social, political and cultural affairs, Lerato shines a bright - and controversial - light on South African society

and the quirky ways of the country. She is brutally honest about her experiences as a black South African in post-apartheid Mzansi, and no subject is too sacred for her to explore: annoying car guards, white-dominated corporate South Africa, cultural stereotypes, economic and racial inequality, and gender politics, among many other topics, come under her careful - and often laugh-out-loud - scrutiny. The Way I See It is written for people who are hungry for a book that is thought-provoking, funny, irreverent and truly South African all at the same time. It is light but full of depth: like a supermodel with an MBA!

Would Jesus Date A Woman

Like Me? - Brian Bolden 2015-02-11

Throughout the centuries, frustration, disappointment, and despair on both sides has created a great divide between black women and black men. In the world of relationships, it has become increasingly difficult for black women to make an emotional, spiritual, and psychological connection with black men. For many women, they don't even know how to begin to put on a different "hat" and often find themselves saying, "Why can't I find a good black man?" The truth of the matter is, many black women are sinking and drowning, according to many black men. On the other side of the spectrum there are black men who also have a considerable amount of scar tissue to deal with, not the least of which has been black women who are deceitful, disrespectful, high maintenance, materialistic gold diggers with "get paid" mentalities. The end result is that many black men have become frustrated with black

women and have also chosen to cross color lines in unbelievably large numbers. For those black men, having a strong Nubian queen by their side has become nothing more than a pipe dream they used to have. For them, dating outside their race is no longer taboo and no longer creates the innate feeling of betraying black women. Sadly, a lot of black men all over the country have lost love and respect for many black women. A lot of black men feel many black women have no idea how to love them, care for them, or nurture their men. They no longer believe that black women are good homemakers nor can they keep a peaceful home. This is an epidemic that has spread all over America. It is my sincere belief that the thoughts and ideas outlined in my book will help answer numerous questions with which black women continue to struggle regarding their relationships with men-- particularly black American men, such as: Why will he bed me but not wed me? Why have

many black women lost the love and respect of black men? Why are black men continuing to cross the fence in alarming numbers? Why are black men becoming more hesitant to approach black women? Are black men really intimidated by successful black women? Why are so many black men disappointed, discouraged, and frustrated with many black women? Why do many black men see black women as too difficult and too complicated to deal with? Why are some black men making a vow to never date or marry another black woman ever again? Why are many black women hitting home runs in their careers but striking out in their relationships and marriages? These are some of the questions that are answered in this book. This is why it was so important for me to write this book. I want to inform black women in America what they need to do to help restore the faith of good-quality black men. I want black women to understand that I am writing this book as a wake-up call. If I

do my job well, perhaps these words will sufficiently energize the mind, heart, and soul of the amazing creation God called woman to stimulate positive behavioral change in her--or at least provoke a little thought. Now, I know I'm treading on thin ice here, but trust me when I say this book is not about bashing black women in America. It's a book about reality and truth. More often than not, most of us do not like to hear the truth because it forces us to take a good look at ourselves, blemishes and all. The old adage, "The truth hurts," could certainly apply here. However, another old adage is also applicable: "The truth shall set you free." By writing this book, I truly hope to make it easier for black men and woman to come together as one. I want black women to understand that just because many black men have lost faith doesn't mean that we have given up on you. The reality is that sometimes we need to be challenged, and this book will definitely challenge many black women in America to take an

introspective look at themselves. Keywords: African American Women, Black Women, Woman, Black Men, Relationship, Dating, Marriage, Sex, Self-Help

From Pillar to Post - D.F. Les Pierre-Luke 2008-07-10
'From Pillar To Post' takes a look at the restlessness of humans in vulnerable situations, especially in intimate relationships that become very traumatic. 'From Pillar To Post' takes the reader through the lives of two very close friends, Donna and David, their individual relationships with their current married, lifelong partners, their continuous affection for each other and eventually their lasting bond between them. Sometimes we 'move on' or 'change' what we think is the best way for our lives and end up worse off than before. We mentally and in some instances, actually create a plan with specific activities that are supposed to fix the many so-called problems we encounter. We never stop to breathe, feel the presence of the Divine or even think things through before acting on our impulses, letting go of the emotions that are so often present with the given situation. Outside influences

tested Donna and David's affection for each other, which unfolded a series of events that devastated them, only to realize that they needed to breathe, think and feel the presence of the 'Divine' working within them to achieve their goal. Something they totally neglected. We tend to always look for better when sometimes best is what we already have. Who's to say that we already have the best? Everything we don't have always seems greener on the other side. But is it really? The most tragic of all is when we are in a relationship and the pressure is on. We ask ourselves many questions and answer them ourselves especially when we are hot-tempered. Actually, these are the times we ought not to, but we do anyway. Relationships are fragile connections of emotions, chemistry, passion, intellect, stimulation, eroticism, and attitude and to a large extent lust. Of course this is strictly from a secular perspective. When we explore our hearts truthfully we will

find that there are lots more to it. Relationships though intangible have many tangible aspects that should be exercised for proper natural development. From a spiritual perspective, relationships are much more important and should be guarded closely as the key to understanding ourselves first, then our neighbor and most importantly the Divine. This fragile connection doesn't really exist since an understanding between two persons has been established and therefore will grow and develop into a stronger bond. 'From Pillar To Post' is basically about relationships and the events that unfold surrounding the individuals involved. It deals with abuse, rape, dishonesty, distrust, adultery and many more unpleasant incidents that are possible in failing relationships. It is the recollection of broken marriages and the repercussions of the people associated with Donna and David as it was revealed to me in eleven weeks and a day. The

story unfolds during an eleven-week period. Donna wants to end a marriage of abuse, a marriage from a man who constantly raped her. He was of the opinion that husbands cannot rape their wives because they are supposed to be submissive. He says, in accordance with the Bible, they are supposed to honor their husbands. Donna was initially willing to have sex with her husband because she believes in "to keep him, do him!" but it all backfires when one day, soon after he had sex with her, he wanted to have her again. His adrenalin was on and she was all worn out. He,

nevertheless, took her again in addition to bugging her leaving her not only physically disfigured but a psychologically scar as well. That day was enough to end the abuses that plagued her married life and she immediately decided to call her best and closest friend David to get her out it. She eventually divorced her husband David, willing to make the best of his marriage was shocked when he caught his beautiful and very powerful wife having sexual intercourse with another woman. His life came toppling down as he saw the deceit and unnecessary lies that were lai
