What Women Want - Paco Underhill
2011-07-19

The author of Why We Buy reports on the growing importance of women in everybody's marketplace--what makes a package, product, space, or service "female friendly." He offers a tour of the world's marketplace--with shrewd observations and practical applications to help everybody adapt to the new realities. Underhill examines how a woman's role as homemaker has evolved into homeowner; how the home gym and home office are linked to the women's health movement and home-based businesses; why the refrigerator has trumped the stove as the crucial appliance; why some malls are succeeding while

others fail. "The point is," writes Underhill, "while men were busy doing other things, women were becoming a major social, cultural, and economic force." And, as he warns, no business can afford to ignore their power and presence--From publisher description.

The Heart of Business - Hubert Joly 2021-05-04
A Wall Street Journal Bestseller Named a Financial Times top title How to unleash "human magic" and achieve improbable results. Hubert Joly, former CEO of Best Buy and orchestrator of the retailer's spectacular turnaround, unveils his personal playbook for achieving extraordinary outcomes by putting people and purpose at the heart of business. Back in 2012, "Everyone thought we were going to die," says Joly. Eight years later, Best Buy was transformed as Joly and his team rebuilt the company into one of the

nation's favorite employers, vastly increased customer satisfaction, and dramatically grew Best Buy's stock price. Joly and his team also succeeded in making Best Buy a leader in sustainability and innovation. In *The Heart of Business*, Joly shares the philosophy behind the resurgence of Best Buy: pursue a noble purpose, put people at the center of the business, create an environment where every employee can blossom, and treat profit as an outcome, not the goal. This approach is easy to understand, but putting it into practice is not so easy. It requires radically rethinking how we view work, how we define companies, how we motivate, and how we lead. In this book Joly shares memorable stories, lessons, and practical advice, all drawn from his own personal transformation from a hard-charging McKinsey consultant to a leader who believes in human magic. *The Heart of Business* is a timely guide for leaders ready to abandon old paradigms and lead with purpose and humanity. It shows how we can reinvent
