one-half of the terrorists resided, planned, and prepared for terrorism relatively close to their eventual target. The terrorist groups existed for 1,205 days from the first planning meeting to the date of the actual/planned terrorist incident. The planning process for specific acts began 2-3 months prior to the terrorist incident. This study examined selected terrorist groups/incidents in the U.S. from 1980-2002. It provides for the potential to identify patterns of conduct that might lead to intervention prior to the commission of the actual terrorist incidents.

Sinner's Steel - Sarah Castille
2015-10-06

HE'S HELL ON WHEELS. Tall, dark, and dangerously handsome, Zane "Tracker" Colter is the strong, silent type of tattooed muscle biker who drives women wild. But as a master of strategy for the outlaw MC club, Sinner's Tribe, he doesn't have time to play around with groupies and biker chicks-especially when he can't

stop thinking about Evie, the girl who got away... SHE'S PLAYING WITH FIRE. Evie's been in love with Zane ever since they were children-until he broke her heart and disappeared. Now he's back in her life, bigger and badder than ever. Zane is stunned by how beautiful and confident Evie's become, using her artistic talent to customize motorcycles. He wants her so bad, he'd ride through fire to win her back. There's one problem: Evie is dating his deadliest rival-the leader of the Black Jacks-and if Evie and Zane hook up, there'll be hell to pay... in Sinner's Steel. I Love Jesus, But I Want to Die
- Sarah J. Robinson 2021-05-11
A compassionate, shame-free guide for your darkest days "A

one-of-a-kind book . . . to read for yourself or give to a struggling friend or loved one without the fear that depression and suicidal thoughts will be minimized, medicalized or over-spiritualized.”—Kay Warren, cofounder of Saddleback Church What happens when loving Jesus doesn’t cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to “choose joy” and “pray more.” So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you’re left wondering if God has abandoned you. You just want a way out. But there’s hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite

toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn’t look like what you expect.

Watching the English - Kate Fox 2005-04-11

In "Watching The English" anthropologist Kate Fox takes a revealing look at the quirks, habits and foibles of the English people. She puts the English national character under her anthropological microscope, and finds a strange and fascinating culture, governed by complex sets of unspoken rules and byzantine codes of behaviour. The rules of weather-speak. The ironic-gnome rule. The reflex apology rule. The paranoid-pantomime rule. Class indicators and class anxiety tests. The money-talk taboo and many more ...Through a mixture of anthropological analysis and her own unorthodox experiments (using herself as a

reluctant guinea-pig), Kate Fox discovers what these unwritten behaviour codes tell us about Englishness.

The Pandemic Century - Mark
Honigsbaum 2019-03-09

Like sharks, epidemic diseases
always lurk just beneath the
surface. This fast-paced history
of their effect on mankind
prompts questions about the
limits of scientific knowledge,
the dangers of medical hubris,
and how we should prepare as
epidemics become ever more
frequent. Ever since the 1918
Spanish influenza pandemic,
scientists have dreamed of
preventing catastrophic
outbreaks of infectious disease.
Yet, despite a century of
medical progress, viral and
bacterial disasters continue to
take us by surprise, inciting
panic and dominating news
cycles. From the Spanish flu
and the 1924 outbreak of
pneumonic plague in Los

Angeles to the 1930 'parrot fever' pandemic and the more recent SARS, Ebola, and Zika epidemics, the last 100 years have been marked by a succession of unanticipated pandemic alarms. Like man-eating sharks, predatory pathogens are always present in nature, waiting to strike; when one is seemingly vanquished, others appear in its place. These pandemics remind us of the limits of scientific knowledge, as well as the role that human behaviour and technologies play in the emergence and spread of microbial diseases.

Love on a Spring Morning - Zoe York 2015

Her simple friendship helps pull him out of grief. But he doesn't know she's a movie star—and she knows he can't expose his family to the spotlight of fame. Single father and widower Ryan Howard has zero interest in the movie being filmed in Pine Harbour or the high maintenance stars staying in the cottages at the end of his lane. He's just barely holding on to the raw remains

of his life and the fantasy world being concocted around him is, as far as he's concerned, a complete waste of time and energy. The one bright light in his life is an intern on the set, and their quiet conversations at the end of the day on his back porch. Hope Creswell hates her life, too, which is entirely unfair because she's blessed beyond measure. She's at the top of her acting career, a Hollywood A-list star, and surrounded by people that mean well. But Ryan makes her laugh, and cry, and before she can explain her double life, he kisses her. Book 3 in the Pine Harbour series of standalone small town military romances.

Marie doesn't need a complication like Horse. The massive, tattooed badass biker who shows up at her brother's house one afternoon doesn't agree. He wants Marie on his bike and in his bed. Now. But

Marie just left her abusive jerk of an ex-husband and she's not looking for a new man.

Especially one like Horse. She doesn't know his real name or where he lives. She's ninety percent certain he's a criminal and that the "business" he talked with her brother wasn't website design. She needs him out of her life, which would be a snap if he wasn't so damned sexy. Horse is part of the Reapers Motorcycle Club, and when he wants something, he takes it. What he wants is Marie, but she's not interested in becoming some biker's property. Then her brother steals from the club. Now Marie can save him by giving Horse what he wants-at home, in public, on his bike... and if she's a very, very good girl, he'll let her brother live.

Author's Note: This book was originally released through a small publisher in 2013.
