[Models](#) - Mark Manson 2017-09-11

"You can become irresistibly attractive to women without changing who you are." So says Mark Manson, superstar blogger and author of the international bestseller, *The Subtle Art of Not Giving A F\*ck*, a self help

book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In *Models* he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus

on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, *Models* is a mature and honest guide on how a man can attract women by giving up the bullsh\*t and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f\*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post

Love is subjective, most think we need external love from another person in order to survive and be happy in our own life, but for true happiness, we first need to be happy from within. Love, attraction, being able to keep somebody in your life and attracted to you is about much more than tips, tricks and strategies, it's about developing self-love and drive, putting goals in place and changing your mind-set. Once you work on and put all these things in place, you have the tools to create an extraordinary life for yourself. Many people go into a relationship and seek happiness from their partner, whether it's how beautiful or successful he or she is or they just want to be treated in a certain way usually to make up for something they're lacking. When you approach a

relationship like this, you'll expect your partner to consistently show up in a certain way to make you feel some-what special and when you see that they don't, you're going to be pissed off and upset. When you have success in many aspects of your life, it gives you a deep sense of happiness from within, that you don't need to inherit from another person. Essentially, when you get to the place where you don't need anybody in your life, you become a lot more attractive and desirable, because your sense of worth increases naturally and people can pick up on it. The top 20% of Men attract the top 74% of Women - OkCupid Most men [80%] struggle to attract beautiful women because there's a dating inequality in the sexual market place. Women are attracted to certain traits in men, and when a man doesn't possess those traits, women don't feel attracted to him. Attraction is a biological impulse; hence, it's not controlled by the rational mind. When a man sees a woman with the attractive traits he admires in women, he cannot choose his reaction to it. Similarly, when a woman sees a man that possesses the attractive traits she desires in men, she cannot choose her reaction to it. That's why women are attracted to jerks. Even though these men behave unscrupulously, they have the traits that naturally attracts women, more than nice men do. Women are attracted to masculine men, and jerks possess masculine traits more than the nice men do. Most men have long lost touch with their masculinity and hence, struggle with attracting women, and their lives in general. However, this book helps to develop the masculine traits that make a man achieve success, and therefore, get women as a byproduct of his success in life. The book is divided into three parts: PART 1: Understanding Attraction. This part will explain the nuance of attraction and how men and women have adopted different sexual selection strategies to ensure they optimize the survivability of their genes.
