Life Code - Dr. Phil McGraw 2013-02-12

In *Life Code: The New Rules for Winning in the Real World*, six-time New York Times #1 best-selling author Dr. Phil McGraw abandons traditional thinking and tells you the ugly truth about the users, abusers, and overall “bad guys” we all have in our lives. He also reveals the secrets of how they think and how they get to and exploit you and those you love. You’ll gain incredible insight into these negative people, which he refers to as BAITERS (Backstabbers, Abusers, Imposters, Takers, Exploiters, Reckless), and you’ll gain the tools to protect yourself from their assaults. Dr. Phil's new book gives you the “Evil Eight” identifiers so you can

see them coming from a mile away, as well as their “Secret Playbook,” which contains the “Nefarious 15” tactics they use to exploit you and take what is yours mentally, physically, socially and professionally. *Life Code* then focuses on you and your playbook, which contains the “Sweet 16” tactics for winning in the real world. Edgy, controversial and sometimes irreverent, Dr. Phil again abandons convention to prepare you to claim what you deserve and claim it now. You take flying lessons to learn to fly, swimming lessons to learn to swim, and singing lessons to learn to sing. So, why not take winning lessons to learn to win?

[Relationship Rescue](#) - Phil McGraw 2000

As a follow-up to his bestselling book *Life Strategies*, Oprah acolyte Phillip C. McGraw, Ph.D., moves from aiding the aimless individual to coaching the disconnected couple. McGraw has distilled his more than two decades of counseling experience into a seven-step strategy he calls "Relationship Rescue." "I'm prepared to kick a hole in the wall of the pain-ridden, unhappy maze you've gotten yourself into, and

provide you clear access to action-oriented answers and instructions on what you must do to have what you want," says Dr. Phil. His aim is to expose and eliminate the saboteurs that cause senseless damage to already-fragile marriages, and, like an emotional root canal, to replace them with values he says provide positive results. If you follow Dr. Phil's strategy, he will lead you on a precise journey to uncover your heart and then share it with your partner as part of taking the "risk of intimacy." Dr. Phil leads you to "reconnect with your core" in the first five steps of his seven-step strategy. By no means a quick fix, there are in-depth and rigorous questionnaires, surveys, tests, and profiles that require a "brutally candid" mindset, with such fill-in-the-blanks as "List five things that today would make you fall out of love with your partner." With this internal work accomplished, you'll then move on to reconnecting with your partner during a two-week, half-hour-a-day short course. As a "dyad," you and your loved one take

Once the "reconnection" has been established, Dr. Phil says the work shifts to a management role, as relationships are always a work in progress. Dr. Phil humorously refers to his own marriage throughout the book, sharing his mishaps and victories in learning to accept and enjoy what he sees as fundamental but complementary differences between men and women. --John Youngs

Family First - Phil McGraw 2013-01-29

Do you feel that your family is not what it used to be, or what it has the potential to be? Do you worry that the parenting decisions you're making today may be scarring your child for life? Do you sometimes feel you are in a tug-of-war with the world over who will shape your child's values and beliefs? With *Family First: Your Step-by-Step Plan for Creating a Phenomenal Family*, Dr. Phil offers a new classic on family life—and gives parents real answers and a plan for being the most positive and effective parents possible. Starting right now, you can begin to make realistic choices and take day-to-day actions that can make your family phenomenal. You must decide that you will lead your family with strength and love and that peace and joy are not just for the people next door or on TV. They're for your family. In *Family First*, Dr. Phil gives it to parents straight: even in this fast-paced world your family should be the center of your life and your child's life. Parenting is the most important

and noble act you will ever undertake, yet American families are threatened like never before from the inside as well as the outside—many of us fight too much, don't get involved enough in our children's lives, or get bogged down in life's daily struggles instead of keeping our eye on the big picture of our family's well-being. Dr. Phil has been working with families for over twenty-five years to help them repair the fissures that have fractured their home lives. In *Family First*, he provides a proven action plan to help parents determine the strengths and weaknesses of their parenting style. His seven tools for purposeful parenting cover the most important elements for any parent: parenting for success—for the purpose of raising cooperative, caring, and competent children. Exercises, scripts, assessments, solutions for specific problems, and precise directions for implementing the steps you need to take are all included in this landmark work. now—how to put a stop to your children's tantrums; talk to them about peer pressure or self-esteem; instill values like integrity, honesty, and respect for other people; and bring order back to your house. If you want your child to have a happy, fulfilled life, you must open your eyes to the crucial role you play in his or her development. Most importantly, Dr. Phil's new book offers you and your family hope—for a phenomenal home life now, and a productive, fulfilling future for your children. As Dr. Phil says, you are not just raising children, you are also raising adults, and everything you do today impacts what kind of adult your child will become. You are building the future.

Self Matters - Phillip C. McGraw 2003-05-06
What if there is a You that has never seen the light of day, has never got to say, "Hey, what about me?" What if there is a You that you have never even met and certainly never permitted to just be, without fear of judgment or condemnation? What if you live your life on the sidelines in constant fear of failing to please those who forever seem to stand in judgment of you and your life? What if you discovered that you had settled for what life has served up instead of what you really wanted and needed? What if you really think and feel things you have never allowed to come out, and certainly never acted on? What if your marriage is not at all what you really emotionally want and need, but you silently stay the course anyway, selling out your hope to be happy? What if you are allowing days to turn into weeks and weeks to turn into months and months to turn into years, all adding up to a lifetime of being what some nameless, faceless world has assigned you to be? If any of

Now is the time to make the biggest choice of your life. Through Self Matters, I will help you do just that. -- Phil McGraw
