[Flirting Tips for Guys](#) - Kevin Love 2015-03-17

The art of flirting is all about letting a person you fancy know that you are interested in her, without saying it openly. When done right, it is a choreographed dance where each person lets the other one know just how interested he is in getting to know the other, under the safety of it all being a game. If one person is interested but the other one is not, nobody is hurt because there never was a real proposition; it was all just a game. Flirting is a playground where a man and a woman can express their desire to pursue the acquaintance in hopes that it develops into a relationship or back down and leave things as they are. Flirting is a ritual based on communication, above all. But communication can take many

forms, and flirting is, believe it or not, mostly a non-verbal form of communication. Most men get nervous when it comes to talking to a woman they have just met, they don't know what to say to her. But the funny thing is, you could spend a whole night flirting with a woman without ever having to say a word to her. Ninety percent of human communication is body language and the same applies for flirting. The most vital means with which to flirt are your eyes, and they are the ones that will always tell you whether a flirt is serious or just a game. mistake women make that lands in the "friend zone" and how to avoid it (Your chances to getting the guy are very low, if you make this mistake). The 3 biggest mistakes women make when it comes to texting men (You'll miss out on so many great experiences if you make them). Exactly what to text him to keep the conversation fun and interesting (The examples in the book are pure gold and will make you stand out from all the other women he is texting with). The 2 most important things when it comes to texting your current partner to make things more fun and fresh. How he's interpreting your text messages (This will totally surprise you). And much, much more... You might now think to yourself that all this sounds great, but it doesn't apply to you because you're too old... but I can reassure you that I have designed this book so it works just as well for women over 40. I even included a specific section at the end of this book geared toward women over 40.
